

(i) A spouse living separate and apart from the filer with the intention of terminating the marriage or providing for permanent separation;

(ii) A former spouse or a spouse from whom the filer is permanently separated; or

(iii) Any income or obligations of the filer arising from dissolution of the filer's marriage or permanent separation from a spouse.

Example to paragraph (h)(5). A filer and her husband are living apart in anticipation of divorcing. The filer need not report any information about her spouse's sole assets and liabilities, but she must continue to report their joint assets and liabilities.

(i) *Trusts, estates, and investment funds—(1) In general.* (i) Except as otherwise provided in this section, each confidential financial disclosure report shall include the information required by this subpart about the holdings of any trust, estate, investment fund or other financial arrangement from which income is received by, or with respect to which a beneficial interest in principal or income is held by, the filer, his spouse, or dependent child.

(ii) No information, however, is required about a nonvested beneficial interest in the principal or income of an estate or trust. A vested interest is a present right or title to property, which carries with it an existing right of alienation, even though the right to possession or enjoyment may be postponed to some uncertain time in the future. This includes a future interest when one has a right, defeasible or indefeasible, to the immediate possession or enjoyment of the property, upon the ceasing of another's interest. Accordingly, it is not the uncertainty of the time of enjoyment in the future, but the uncertainty of the right of enjoyment (title and alienation), which differentiates a "vested" and a "nonvested" interest.

Note to paragraph (i)(1): Nothing in this section requires the reporting of the holdings of a revocable inter vivos trust (also known as a "living trust") with respect to which the filer, his spouse or dependent child has only a remainder interest, whether or not vested, provided that the grantor of the trust is neither the filer, the filer's spouse, nor the filer's dependent child. Furthermore, nothing in this section requires the reporting of the holdings of a revocable inter vivos trust from which the filer, his spouse or dependent child receives any discretionary distribution, provided that the grantor of the trust is neither the filer, the filer's spouse, nor the filer's dependent child.

(2) *Qualified trusts and excepted trusts.* (i) A filer should not report information about the holdings of any qualified blind trust (as defined in

§ 2634.403) or any qualified diversified trust (as defined in § 2634.404).

(ii) In the case of an excepted trust, a filer should indicate the general nature of its holdings, to the extent known, but does not otherwise need to report information about the trust's holdings. For purposes of this part, the term "excepted trust" means a trust:

(A) Which was not created directly by the filer, spouse, or dependent child; and

(B) The holdings or sources of income of which the filer, spouse, or dependent child have no specific knowledge through a report, disclosure, or constructive receipt, whether intended or inadvertent.

(3) *Excepted investment funds.* (i) No information is required under paragraph (i)(1) of this section about the underlying holdings of an excepted investment fund as defined in paragraph (i)(3)(ii) of this section, except that the fund itself shall be identified as an interest in property and/or a source of income.

(ii) For purposes of financial disclosure reports filed under the provisions of this subpart, an "excepted investment fund" means a widely held investment fund (whether a mutual fund, regulated investment company, common trust fund maintained by a bank or similar financial institution, pension or deferred compensation plan, or any other investment fund), if:

(A)(1) The fund is publicly traded or available; or

(2) The assets of the fund are widely diversified; and

(B) The filer neither exercises control over nor has the ability to exercise control over the financial interests held by the fund.

(iii) A fund is widely diversified if it holds no more than 5% of the value of its portfolio in the securities of any one issuer (other than the United States Government) and no more than 20% in any particular economic or geographic sector.

(j) *Special rules.* (1) Political campaign funds, including campaign receipts and expenditures, need not be included in any report filed under this subpart. However, if the individual has authority to exercise control over the fund's assets for personal use rather than campaign or political purposes, that portion of the fund over which such authority exists must be reported.

(2) In lieu of entering data on a part of the report form designated by the Office of Government Ethics, a filer may attach to the reporting form a copy of a brokerage report, bank statement, or other material, which, in a clear and concise fashion, readily discloses all

information which the filer would otherwise have been required to enter on the concerned part of the report form.

(k) For reports of confidential filers described in § 2634.904(a)(3) of this subpart, each supplemental confidential financial disclosure report shall include only the supplemental information:

(1) Which is more extensive than that required in the reporting individual's public financial disclosure report under this part; and

(2) Which has been approved by the Office of Government Ethics for collection by the agency concerned, as set forth in supplemental agency regulations and forms, issued under §§ 2634.103 and 2634.601(b) (see § 2634.901(b) and (c) of this subpart).

§ 2634.908 [Amended]

21. Section 2634.908 is amended by removing the phrase "twelve months ending September 30," in paragraph (a) and adding in their place the phrase "calendar year."

SUPPLEMENTARY INFORMATION:

Background

Section 610 of the Regulatory Flexibility Act (RFA), as amended (5 U.S.C. 601-612), requires that all Federal agencies review any regulations that have been identified as having a significant economic impact upon a substantial number of small entities as a means to determine whether the associated impact can be minimized.

On January 28, 2005, FSIS published an Amended Plan for Reviewing Regulations Under Section 610 Requirements (70 FR 4047). According to this plan, FSIS would review the regulations established by the Pathogen Reduction; Hazard Analysis and Critical Control Point (HACCP) Systems final rule in 2005. The Agency is now conducting this review.

The Pathogen Reduction; Hazard Analysis and Critical Control Point (HACCP) Systems final rule (61 FR 38806) was published on July 25, 1996. These regulations did (1) require that each establishment develop and

implement written Sanitation Standard Operating Procedures; (2) require regular microbial testing by slaughter establishments to verify the adequacy of the establishment's process controls for the prevention and removal of fecal contamination and associated bacteria; (3) establish pathogen reduction performance standards for *Salmonella* that slaughter establishments and establishments producing raw ground products must meet; and (4) require that all meat and poultry establishments develop and implement a system of preventive controls designed to improve the safety of their products, known as HACCP (Hazard Analysis and Critical Control Point).

The Agency is requesting comments, especially from small meat and poultry establishments, on the regulations established by the final rule. Specifically, FSIS is asking comments on the continued need for the rule; the complexity of the rule; the extent to which the rule may overlap, duplicate, or conflict with other Federal rules; and the degree to which technology, economic conditions, or other factors have changed in the area affected by the rule since its implementation.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public, and in particular minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it on-line through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/2005_Proposed_Rules_Index/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, recalls, and other types of information that could affect or would be of interest to our constituents and stakeholders. The update is communicated via Listserv, a free electronic mail subscription service for industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience.

In addition, FSIS offers an electronic mail subscription service which provides an automatic and customized notification when popular pages are

updated, including **Federal Register** publications and related documents. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/ and allows FSIS customers to sign up for subscription options across eight categories. Options range from recalls to export information to regulations, directives, and notices.

Customers can add or delete subscriptions themselves and have the option to protect their accounts with passwords.
