## 14 CFR Part 71

[Docket No. FAA-2004-19583; Airspace Docket No. 04-ACE-73]

# Modification of Class E Airspace; Coffeyville, KS

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Direct final rule; confirmation of effective date.

**SUMMARY:** This document confirms the effective date of the direct final rule which revises Class E airspace at Coffevville, KS.

**EFFECTIVE DATE:** 0901 UTC, May 12, 2005.

#### FOR FURTHER INFORMATION CONTACT:

Brenda Mumper, Air Traffic Division, Airspace Branch, ACE–520A, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329–2524.

SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a request for comments in the **Federal** Register on January 19, 2005 (70 FR 2948) and the Federal Register subsequently published a correction to the rule on Friday, January 28, 2005 (70 FR 4191). The FAA uses the direct final rulemaking procedure for a noncontroversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, were received within the comment period, the regulation would become effective on May 12, 2005. No adverse comments were received, and thus this notice confirms that this direct final rule will become effective on that date.

Issued in Kansas City, MO on March 2, 2005

# Rosalyn R. Ward,

Acting Area Director, Western Flight Services Operations.

[Docket No. FAA-2005-20388; Airspace Docket No. 05-AEA-04]

# Amendment to Class E Airspace; Presque Isles, ME

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Direct final rule; request for comments.

SUMMARY: This action revises the Class E airspace area at Presque Isle, ME (PQI) to increase the controlled airspace in the vicinity of the Northern Main Regional Airport (PQI), the Caribou Municipal Airport (CAR), and the Loring International Airport (ME16). This action is necessary to accommodate aircraft arriving at Loring International Airport using the new Instrument Landing System (ILS) approach to that airport.

**DATES:** Effective 0901 UTC, May 12, 2005.

Comments for inclusion in the Rules Docket must be received on or before April 13, 2005.

ADDRESSES: Send comments on the rule to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number, FAA-2005-20388, at the beginning of your comments. You may also submit comments on the Internet at http:// dms.dot.gov. You may review the public docket containing the proposal, any comments received, and any final disposition in person at the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is located on the plaza level of the Department of Transportation NASSIF Building at the street address stated above.

An informal docket may also be examined during normal business hours at the office of the Regional Air Traffic Division, New England Region, Federal Aviation Administration, 12 New England Executive Park, Burlington, MA 01803–5299. Call the Manager, Airspace Branch, ANE–520, telephone (781) 238–7520; fax (781) 238–7596, to make prior arrangements for your visit.

The official docket file may be examined during normal business hours at the office of the Area Director, Eastern Terminal Operations, Federal Aviation Administration, 1 Aviation Plaza,

Jamaica, NY 11434–4809; telephone (718) 553–4501; fax (718) 995–5691.

FOR FURTHER INFORMATION CONTACT: Mr. Francis T. Jordan, Jr., Airspace Specialist, Airspace and Operations, ETSU, 1 Aviation Plaza, Jamaica, NY 11434–4809; telephone (718) 553–4521; fax (718) 995–5693.

## SUPPLEMENTARY INFORMATION:

The FAA is revising the Class E airspace at Presque Isle, ME to accommodate aircraft using a new Standard Instrument Approach Procedures (SIAP) to Loring International Airport, ME. The new Instrument Landing System SIAP requires expanding the controlled airspace extending upward from 700 feet above ground level (AGL) in the vicinity of Loring International Airport. In addition, the controlled airspace areas in the vicinity of the Northern Maine Regional Airport (PQI) and the Caribou Municipal Airport (CAR) will be expanded slightly as the definition of the Class E airspace in the area changes from one based on ground based navigational aids and airport locations to one based on longitude and latitude coordinates. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface are published in paragraph 6005 of FAA Order 7400.9M, dated August 30, 2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in this Order.

# The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse or negative comment, and, therefore, issues it as a direct final rule. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse or negative comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the Federal Register indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document

withdrawing the direct final rule will be published in the **Federal Register**, and a notice of proposed rulemaking may be published with a new comment period.

#### **Comments Invited**

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications must identify both docket numbers. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

## **Agency Findings**

This rule does not have federalism implications, as defined in Executive Order No. 13132, because it does not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the FAA has not consulted with state authorities prior to publication of this rule.

The FAA has determined that this regulation is non-controversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as these routine matters will only affect air traffic procedures and air navigation. It is certified that these proposed rules will not have significant economic impact on a substantial

number of small entities under the criteria of the Regulatory Flexibility Act.

# List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

## Adoption of the Amendment

■ Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration amends part 71 of the Federal Aviation Regulations (14 CFR part 71) as follows:

# PART 71—[AMENDED]

■ 1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

■ 2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, Airspace Designations and Reporting Points, dated August 30, 2004, and effective September 16, 2004, is amended as follows:

## §71.1 [Amended]

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

## ANE ME E5 Presque Isle, ME [Revised]

Northern Maine Regional Airport, ME (Lat. 46°41′20″ N., long. 68°02′41″ W.) Caribou Municipal Airport (Lat. 46°52′17″ N., long. 68°01′04″ W.)

Loring International Airport

(Lat. 46°57'01" N., long. 67°53'08" W.)

That airspace extending upward from 700 feet above the surface within an area bounded by a line beginning at lat.  $46^{\circ}27'20''$  N., long.  $67^{\circ}46'57''$  W., to lat.  $46^{\circ}27'16''$  N., long.  $68^{\circ}15'11''$  W., to lat.  $46^{\circ}58'33''$  N., long.  $68^{\circ}25'07''$  W., to lat.  $47^{\circ}06'57''$  N., long.  $67^{\circ}53'40''$  W., to lat.  $47^{\circ}03'52''$  N., long.  $67^{\circ}47'26''$  W., to the point of beginning, excluding that airspace outside of the United States.

Issued in Jamaica, New York on March 8,

#### John G. McCartney,

Acting Area Director, Eastern Terminal Operations.
