

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52**

[R05-OAR-2004-IN-0001; FRL-7931-1]

Approval and Promulgation of Implementation Plans; Indiana**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Proposed rule.

SUMMARY: On July 9, 2002, the Indiana Department of Environmental Management (IDEM) submitted a request that EPA approve a revision to its process weight rate rules into the Indiana State Implementation Plan (SIP). The revision clarifies language and applicability to better establish IDEM's interpretation of the rule and to correct rates that were previously calculated incorrectly in the process weight rate table incorporated in the rule. EPA is proposing to approve the SIP revision request.

In the rules section of this **Federal Register**, EPA is approving the SIP revision as a direct final rule without prior proposal, because EPA views this as a noncontroversial revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further action is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before August 24, 2005.

The revision clarifies language and applicability to clarify IDEM's interpretation of the rule and to correct rates that were previously calculated incorrectly in the process weight rate table incorporated in the rule.

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through EDOCKET, regulations.gov or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD ROM that you mail to EPA, mark the outside of the disk or CD ROM as CBI and then identify electronically within the disk or CD ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for Preparing Your Comments.* When submitting comments, remember to:

a. Identify the rulemaking by docket number and other identifying information (subject heading, **Federal Register** date and page number).

b. Follow directions—The agency may ask you to respond to specific questions

or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.

c. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.

d. Describe any assumptions and provide any technical information and/or data that you used.

e. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.

f. Provide specific examples to illustrate your concerns, and suggest alternatives.

g. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.

SUPPLEMENTARY INFORMATION:

Background

On January 7, 2002, we received a petition dated January 2, 2002, requesting that we list the Gentry indigo bush as an endangered species with critical habitat. On January 25, 2005, we made our 90-day administrative finding on the petition to list the Gentry indigo bush under the Act in which we found that the petition presented substantial information indicating that listing the Gentry indigo bush may be warranted (70 FR 5401; February 2, 2005). Therefore, we initiated a status review to determine if listing the species is warranted. The review comment period closed on April 4, 2005.

Pursuant to 50 CFR 424.16(c)(2), we may extend or reopen a comment period upon finding that there is good cause to do so. The original comment period closed before the Gentry indigo bush flowering season. One of the primary characters for this species' identification can only be seen on the flower. We are reopening the comment period in order to accept additional status and survey information obtained after April 4, 2005, that we believe is significant and may affect our determination of the status of the species, and to allow appropriate public comment on these materials. These survey materials include trip

reports and an interim report on surveys in Mexico received after the comment period closed, as well as status survey reports for Sycamore Canyon and the Northern Altar Valley which we anticipate receiving in early July. We deem these considerations as sufficient cause to reopen the comment period.

Public Comments Solicited

Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address, which we will honor to the extent allowable by law. If you wish us to withhold your name or address, you must state this request prominently at the beginning of your comments. However, we will not consider anonymous comments. To the extent consistent with applicable law, we will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Authority

The authority for this action is the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*).

Dated: July 15, 2005.

Acting Director, Fish and Wildlife Service.
