

the federal universal service mechanisms throughout the designated service area. Section 214(e)(2) of the Act gives state commissions the primary responsibility for performing ETC designations. Section 214(e)(6), however, directs the Commission, upon request, to designate as an ETC "a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a state commission." Under section 214(e)(6), the Commission, may with respect to an area served by a rural telephone company, and shall, in all other areas, designate more than one common carrier as an ETC for a designated service area, consistent with the public interest, convenience, and necessity, so long as the requesting carrier meets the requirements of section 214(e)(1). Before designating an additional ETC for an area served by a rural telephone company, the Commission must determine that the designation is in the public interest.

The Commission issued a Memorandum Opinion and Order, in CC Docket No. 96-45, FCC 03-338, which imposes three new information collection requirements. Specifically, they are: (1) Report on progress towards meeting infrastructure build-out plans; (2) report on the number of consumer complaints per 1,000 handsets; and (3) report on information detailing the number of unfulfilled requests for service from potential customers for a twelve month period.
