Continuation of Antidumping Duty Orders on Certain Iron Construction Castings from Brazil, Canada, and the People's Republic of China, and the Countervailing Duty Order on Heavy Iron Construction Castings from Brazil

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce ("the Department") and the International Trade Commission ("ITC") that revocation of the antidumping duty orders on certain iron construction castings from Brazil, Canada, and the People's Republic of China ("China"), and the countervailing duty order on heavy iron construction castings from Brazil would likely lead to continuation or recurrence of dumping and countervailable subsidies, and material injury to an industry in the United States, the Department is publishing notice of continuation of these antidumping and countervailing duty orders.

EFFECTIVE DATE: June 29, 2005.

FOR FURTHER INFORMATION CONTACT:

Martha V. Douthit or Dana Mermelstein, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-5050 or (202) 482-1391, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2004, the Department initiated and the ITC instituted sunset reviews of the antidumping duty orders on certain iron construction castings from Brazil, Canada, and China, and the countervailing duty order on heavy iron construction castings from Brazil, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").¹

As a result of its review, the Department found that revocation of the antidumping and countervailing duty orders would likely lead to continuation or recurrence of dumping and countervailable subsidies, and notified the ITC of the magnitude of the margins and the net countervailable subsidy likely to prevail were the orders to be revoked.² On June 14, 2005, the ITC determined pursuant to section 751(c) of the Act, that revocation of the antidumping duty orders on certain iron construction casting from Brazil, Canada, and China, and the countervailing duty order on heavy iron construction castings from Brazil would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.³

Scope of the Orders

Brazil (A-351-503)

The merchandise subject to this antidumping duty order consists of certain iron construction castings, limited to manhole covers, rings, and frames; catch basin grates and frames; and cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule of the United States ("HTS") item number 7325.10.0010; and to valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water and gas meters,
