

**SUMMARY:** The FHWA is issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared with a revised terminus for the proposed Interstate 73 (I-73) highway project in eastern South Carolina.

**FOR FURTHER INFORMATION CONTACT:** Mr. Patrick Tyndall, Environmental Program Manager, Federal Highway Administration, 1835 Assembly Street, Suite 1270, Columbia, South Carolina 29201, telephone: (803) 765-5411, e-mail: [Patrick.tyndall@fhwa.dot.gov](mailto:Patrick.tyndall@fhwa.dot.gov).

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the South Carolina Department of Transportation (SCDOT), previously published a Notice of Intent in the **Federal Register** (August 9, 2004; 69 FR 48271) to prepare a Tier 1 EIS from the South Carolina/North Carolina state line to the vicinity of I-95, a distance of approximately 35 miles. This revised notice provides for an EIS, not tiered, from the vicinity of Hamlet, North Carolina (southeast of Rockingham) to I-95 in South Carolina, a distance of approximately 40 miles.

Improvements to the corridor are considered necessary to improve national and regional connectivity to the Conway/Myrtle Beach area of South Carolina by providing a direct link from North Carolina. This link will enhance economic opportunities and tourism in South Carolina. The proposed project would fulfill congressional intent, as originally proposed in the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 (Pub. L. 102-240; 105 Stat. 1914) and confirmed in the Transportation Equity Act (TEA-21) of 1998 (Pub. L. 105-178; 112 Stat. 107). Alternatives to be evaluated include the no action alternative, the upgrade of existing roads, construction on new alignment, and combinations of upgrades and new alignments.

The FHWA and SCDOT are seeking input as a part of the scoping process to assist in identifying issues relative to this project. Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State, and local agencies, and to private organizations and citizens who have previously expressed or are known to have interest in this proposal. An interagency coordination process will begin soon, with the invitations to Cooperating Agencies and a formal scoping meeting to occur in Fall 2005. A public involvement plan is being developed for this project and will include a variety of opportunities for interested parties to be involved in the project. Two public interest group/public scoping meetings will be held in

late summer 2005 at one location in northeastern South Carolina and one in Southern North Carolina. These meetings will be well publicized in advance, giving the location and time for each meeting. The draft EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research Planning and Construction. The regulation implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program).

Issued on: July 18, 2005.

[STB Finance Docket No. 34726]

#### Union Pacific Railroad Company— Trackage Rights Exemption—BNSF Railway Company

Pursuant to a written trackage rights agreement dated April 26, 2005, BNSF Railway Company (BNSF) has agreed to grant overhead trackage rights to Union Pacific Railroad Company (UP) over a line of railroad extending from BNSF milepost 345.8 (Tower 55) near Fort Worth, TX, to BNSF milepost 213.2 (South Junction) near Wichita, KS, a distance of approximately 375.10 miles.<sup>1</sup>

The transaction was scheduled to be consummated on July 13, 2005.

The purpose of the trackage rights is to allow UP to use BNSF trackage for overhead movement of UP trains between Tower 55 in Fort Worth, TX, and Wichita, KS.

As a condition to this exemption, any employees affected by the trackage rights will be protected by the conditions imposed in *Norfolk and Western Ry. Co.—Trackage Rights—BN,*

<sup>1</sup> The trackage rights involve BNSF segments with non-contiguous mileposts. Therefore, total mileage does not correspond to the milepost designations of the endpoints.

## DEPARTMENT OF THE TREASURY

### Departmental Offices: Proposed Collections: Comment Requests

**ACTION:** Notice and request for comments.

**SUMMARY:** The Department of the Treasury, as part of its continuing effort to reduce paperwork burdens, invites the general public and other Federal agencies to comment on revisions of an information collection that are proposed for approval by the Office of Management and Budget. The Office of International Affairs within the Department of the Treasury is soliciting comments concerning Treasury International Capital Forms CQ-1 and CQ-2, Financial and Commercial Liabilities to, and Claims on, Unaffiliated Foreigners.

**DATES:** Written comments should be received on or before September 20, 2005 to be assured of consideration.

**ADDRESSES:** Direct all written comments to Dwight Wolkow, International Portfolio Investment Data Systems, Department of the Treasury, Room 4410-1440NYA, 1500 Pennsylvania Avenue NW., Washington DC 20220. In view of possible delays in mail delivery, please also notify Mr. Wolkow by e-mail ([dwight.wolkow@do.treas.gov](mailto:dwight.wolkow@do.treas.gov)), Fax

(202-622-1207) or telephone (202-622-1276).

**FOR FURTHER INFORMATION CONTACT:**

Copies of the proposed forms and instructions are available on the Treasury's TIC Web page for forms, <http://www.treas.gov/tic/forms.html>. Requests for additional information should be directed to Mr. Wolkow.

**SUPPLEMENTARY INFORMATION:**

*Title:* Treasury International Capital Form CQ-1, Financial Liabilities to, and Claims on, Foreigners; and Treasury International Capital Form CQ-2, Commercial Liabilities to, and Claims on, Unaffiliated Foreigners.

*OMB Number:* 1505-0024.

*Abstract:* Forms CQ-1 and CQ-2 are part of the Treasury International Capital (TIC) reporting system, which is required by law (22 U.S.C. 286f; 22 U.S.C. 3103; EO 10033; 31 CFR 128), and is designed to collect timely information on international portfolio capital movements. Forms CQ-1 and CQ-2 are quarterly reports filed by nonbanking and non-securities broker and dealer enterprises in the U.S. to report their international portfolio transactions with unaffiliated foreigners. This information is necessary for compiling the U.S. balance of payments accounts and the U.S. international investment position, and for use in formulating U.S. international financial and monetary policies.

*Current Actions:* (a) In Form CQ-1, eliminate section B, which captures foreign affiliate positions of insurance underwriting subsidiaries and financial intermediaries; (b) For Form CQ-2, shorten the submission date for filing from 45 days to no later than 30 calendar days following the report as-of date. This action is necessary to make that information timely enough for use with all other quarterly TIC data; (c) The list for reporting the location of foreign counterparties on all TIC reporting forms will be increased to a total of roughly 245 countries and other areas. This longer list is essentially the same as the lists used for years in the TIC benchmark and annual reports, and thus will establish a uniform list of countries/areas consistent across all TIC reporting forms. Comments from TIC respondents indicate that their modern computerized database systems can easily produce all TIC reports for this longer list of countries/areas. This change will apply to the monthly and quarterly B-forms, C-forms, Form D and Form S and will allow the semiannual B-forms to be eliminated (see action b below). This action is expected to result in an overall reduction in burden for TIC respondents as a whole, as well as

satisfying Treasury's need for more timely information on a larger number of countries. Comments from TIC respondents indicate that the combination of the longer uniform country list and the virtual elimination of rows for "other countries" will reduce significantly the total burden from all TIC reports, including the burdens of cross-checking information, responding to inquiries from data compilers, and making revisions to data reports; and (d) these changes will be effective beginning with the reports as of June 30, 2006.

*Type of Review:* Revision of a currently approved collection.

*Affected Public:* Business or other for-profit organizations.

Forms CQ-1 and CQ-2 (1505-0024).

*Estimated Number of Respondents:* 400.

*Estimated Average Time per Respondent:* Four and one-quarter (4.25) hours per respondent per filing. This average time varies from 4.5 hours for the approximately 190 CQ-1 respondents to 4.0 hours for the approximately 210 CQ-2 respondents.

*Estimated Total Annual Burden Hours:* 6,800 hours, based on 4 reporting periods per year.

*Request for Comments:* Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval. All comments will become a matter of public record. The public is invited to submit written comments concerning: (a) Whether Forms CQ-1 and CQ-2 are necessary for the proper performance of the functions of the Office, including whether the information will have practical uses; (b) the accuracy of the above estimate of the burdens; (c) ways to enhance the quality, usefulness and clarity of the information to be collected; (d) ways to minimize the reporting and/or record keeping burdens on respondents, including the use of information technologies to automate the collection of the data; and (e) estimates of capital or start-up costs of operation, maintenance and purchase of services to provide information.
