

collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Burden Statement: The estimated annual average burden for the 51 respondents totals 65,037 hours for this information collection. The average annual reporting burden varies depending on the size of the respondent and the category of the information collection. The frequency of response varies from once every five years, to case-by-case, depending on the category. The annual reporting and recordkeeping burden for this collection of information is estimated to average 667 hours per response for POTWs and 86 hours per response for States. There are no applicable projected cost burdens for respondents or record keepers resulting from the collection of information, for a total capital and startup cost component annualized over its expected useful life, a total operation and maintenance component, or a purchase of services component. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.
