

Nasdaq listing standards, or raise public interest concerns. Nasdaq believes, however, that the authority to issue public reprimand letters would provide Nasdaq with the ability to impose lesser sanctions on issuers in limited circumstances, when delisting is not appropriate.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of section 15A of the Act,¹² in general, and with section 15A(b)(6) of the Act,¹³ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, remove impediments to a free and open market and a national market system, and, in general, to protect investors and the public interest. Nasdaq believes that this proposed rule change would increase the objectivity and transparency of its process of sanctioning companies for violations of listing standards and would promote public confidence in Nasdaq and the quality of Nasdaq's listed companies.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Nasdaq neither solicited nor received written comments.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

This proposal has become effective pursuant to section 19(b)(3)(A) of the Act¹⁴ and subparagraph (f)(6) of Rule 19b-4 thereunder¹⁵ because the proposal: (1) Does not significantly affect the protection of investors or the public interest, (2) does not impose any significant burden on competition, and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest. Nasdaq has requested that the Commission waive the requirement that

the proposed rule change not become operative for 30 days after the date of the filing. The Commission notes that the proposed rule change is substantially similar to New York Stock Exchange Rule 303A.13,¹⁶ which was previously approved by the Commission after notice and comment and, therefore, does not raise any new regulatory issues.¹⁷ For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

administration, or enforcement of an existing rule of the self-regulatory organization pursuant to section 19(b)(3)(A)(i) of the Act³ and Rule 19b-4(f)(1) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission revisions to the study outline and selection specifications for the Limited Principal—Registered Options (Series 4) examination program. The proposed revisions update the material to reflect changes to the laws, rules, and regulations covered by the examination, as well as modify the content of the examination program to track more closely the functional workflow of a Series 4 Limited Principal.

The revised study outline is available on the Exchange's Web site (<http://www.nyse.com>), at the NYSE, and at the Commission. However, the Exchange has omitted the Series 4 selection specifications from this filing and has submitted the specifications under separate cover to the Commission with a request for confidential treatment pursuant to Rule 24b-2⁵ under the Act.

The Exchange will announce the proposed rule change and the implementation date to its members and member organizations in an Information Memo to be published no later than 30 days after SEC Notice of this filing.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Pursuant to section 6(c)(3)(B)⁶ of the Act, which requires the Exchange to prescribe standards of training, experience, and competence for persons associated with Exchange members and member organizations, the Exchange has developed examinations, and administers examinations developed by other self-regulatory organizations ("SROs"), that are designed to establish that persons associated with Exchange members and member organizations have attained specified levels of competence and knowledge. The Exchange periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

NYSE Rule 345 ("Employees—Registration, Approval, Records") requires member firms to register with the NYSE any individuals who regularly perform duties customarily performed by a direct supervisor of a registered representative.

NYSE Rule 720 ("Registration of Options Principals") provides, in part, that no member organization may conduct a public options business unless those engaged in the management of the business pertaining to options are registered with and approved by the Exchange as Options Principals. Among other things, an Options Principal is required to successfully complete an examination prescribed by the Exchange for the purpose of demonstrating an adequate knowledge of options trading. The Series 4 examination is such an examination.

The Series 4 examination, an industry-wide examination, qualifies an individual to function as a Registered Options and Security Futures Principal, but only for purposes of supervising a member firm's options activities.⁷

The Series 4 examination tests a candidate's knowledge of options trading generally, the industry rules applicable to trading of option contracts, and the rules of registered clearing agencies for options. The Series 4 examination covers, among other things,

equity options, foreign currency options, index options, and options on government and mortgage-backed securities.

The Series 4 examination program is shared by the Exchange and the following SROs: the National Association of Securities Dealers, Inc., the American Stock Exchange LLC, the Chicago Board Options Exchange, Inc., the Pacific Exchange, Inc., and the Philadelphia Stock Exchange, Inc. A committee of industry representatives, together with the staff of the Exchange and the other SROs, recently undertook a periodic review of the Series 4 examination program.

As a result of this review and as part of an ongoing effort to align the examination more closely to the supervisory duties of a Series 4 Limited Principal, the Exchange is proposing to modify the content of the examination to track the functional workflow of a Series 4 Limited Principal. More specifically, the Exchange is proposing to revise the main section headings and the number of questions on each section of the Series 4 study outline as follows: Options Investment Strategies, decreased from 35 to 34 questions; Supervision of Sales Activities and Trading Practices, increased from 71 to 75 questions; and Supervision of Employees, Business Conduct, and Recordkeeping and Reporting Requirements, decreased from 19 to 16 questions. The Exchange is further proposing revisions to the study outline to reflect the SEC short sale requirements. The revised examination continues to cover the areas of knowledge required to supervise options activities.

The Exchange is proposing these changes to the entire content of the Series 4 examination, including the selection specifications and question bank. The number of questions on the Series 4 examination will remain at 125, and candidates will continue to have three hours to complete the exam. Also, each question will continue to count one point, and each candidate must correctly answer 70 percent of the questions to receive a passing grade.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with section 6(c)(3)(B)⁸ of the Act, in that it provides for the prescription by NYSE of standards of training, experience, and competence for persons associated with NYSE members and member organizations.

⁶ 15 U.S.C. 78f(c)(3)(B).

⁷ A Registered Options and Security Futures Principal also must complete a firm-element continuing education program that addresses security futures and a principal's responsibilities for security futures before such person can supervise security futures activities.

⁴ 17 CFR 240.19b-4(f)(1).

⁵ 17 CFR 240.24b-2.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change has become effective pursuant to section 19(b)(3)(A)(i)⁹ of the Act and Rule 19b-4(f)(1) thereunder,¹⁰ in that the proposed rule change constitutes a stated policy, practice, or interpretation with respect to the meaning, administration, or enforcement of an existing rule of the self-regulatory organization. The Exchange will announce the implementation date to its members and member organizations in an Information Memo to be published no later than 30 days after SEC Notice of this filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
