

This revision to the MSFW program reporting system identifies a minimum level of information collection that is necessary to comply with Equal Opportunity requirements, holds grantees appropriately accountable for the Federal funds they receive, assesses progress against a set of common performance measures, and allows the Department to fulfill its oversight and management responsibilities.

The Employment and Training Administration is proposing similar changes to the reporting requirements for the WIA Title 1B, Wagner-Peyser Act, and Trade Adjustment Assistance programs. Please note that ETA will seek comments regarding changes to information collection for these programs in separate **Federal Register** notices.

The following three adult common performance measures apply to grantees of the MSFW program:

- Entered Employment.
- Employment Retention.
- Six Months Earnings Increase.

Grantees are currently required to submit data according to measures established under the Government Performance and Results Act (GPRA), which include entered employment, retention, and earnings increase. While the GPRA measures for the MSFW program are similar to the common measures, the data elements that are needed to do the calculations are slightly different, requiring modifications to the definitions and record layout of the WIASPR. Important changes to note on the WIASPR include the following:

- Elimination of all fields that collect information on youth served by the

MSFW program due to recent budgetary actions.

- Elimination of data collection fields associated with the current MSFW performance standards system to incorporate data for calculating common performance measures.

- A change in the field that tracks the reason the participant exited the MSFW program, because participants who exited due to certain reasons, such as becoming institutionalized, are excluded from calculations of common measures.

- Addition of three fields to track whether the participant was employed in the first, second, and third quarters after program exit, which are used to calculate the common measures.

- Addition of fields to capture wages earned by the participant in the 1st quarter after program exit and over a six-month period covering the 2nd and 3rd quarters after program exit to calculate the earnings increase measure.

II. Desired Focus of Comments

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF LABOR

Employment Standards Administration

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation

program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment Standards Administration is soliciting comments concerning the proposed collection: Requirements of a Bona Fide Thrift or Savings Plan (29 CFR part 547) and Requirements of a Bona Fide Profit-Sharing Plan or Trust (29 CFR part 549). A copy of the proposed information collection request can be obtained by contacting the office listed below in the **ADDRESSES** section of this notice.

SUPPLEMENTARY INFORMATION:

I. Background

Section 7(e)(3)(b) of the Fair Labor Standards Act permits the exclusion from an employee's regular rate of pay, payments on behalf of an employee to a "bona fide" thrift or savings plan, profit-sharing plan or trust. Regulations, 29 CFR Parts 547 and 549 set forth the requirements for a "bona fide" thrift or savings plan, profit-sharing plan or trust. The maintenance of the records required by the regulations enables the Department of Labor (DOL) investigators to determine whether a given thrift or savings plan, profit-sharing plan or trust, is in compliance with Section 7(e)(3)(b) of the FLSA. Without these records, such a determination could not be made. This information collection is currently approved for use through March 31, 2006.

II. Review Focus

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions
