DEPARTMENT OF DEFENSE

Department of the Air Force

32 CFR Part 806b

Air Force Instruction 33-332; Privacy Act of 1974; Implementation

AGENCY: Department of the Air Force.

ACTION: Final rule.

SUMMARY: The Department of the Air Force is deleting an exemption rule for the system of records F031 DOD A, entitled "Joint Personnel Adjudication System (JPAS)". The system of records was transferred to the Defense Security Service and assigned the identifier V5-05, entitled "Joint Personnel Adjudication System (JPAS)", which was published in the **Federal Register** on July 1, 2005 (70 FR 38120). The exemption rule for the system of records also was transferred to the Defense Security Service and incorporated into its existing rules at 32 CFR 321.13(h) which was published in the **Federal Register** on July 1, 2005 (70 FR 38009). The exemption rule for the system of records is therefore being deleted.

DATES: Effective August 10, 2005.

FOR FURTHER INFORMATION CONTACT: Mrs. Novella Hill at (703) 588-7855.

SUPPLEMENTARY INFORMATION:

Executive Order 12866, "Regulatory Planning and Review"

It has been determined that Privacy Act rules for the Department of Defense are not significant rules. The rules do not (1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy; a sector of the economy; productivity; competition; jobs; the environment; public health or safety; or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by

another Agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs, or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive order.

Public Law 96-354, "Regulatory Flexibility Act" (5 U.S.C. Chapter 6)

It has been determined that Privacy Act rules for the Department of Defense do not have significant economic impact on a substantial number of small entities because they are concerned only with the administration of Privacy Act systems of records within the Department of Defense.

Public Law 96-511, "Paperwork Reduction Act" (44 U.S.C. Chapter 35)

It has been determined that Privacy Act rules for the Department of Defense impose no information requirements beyond the Department of Defense and that the information collected within the Department of Defense is necessary and consistent with 5 U.S.C. 552a, known as the Privacy Act of 1974.

Section 202, Public Law 104-4, "Unfunded Mandates Reform Act"

It has been determined that Privacy Act rulemaking for the Department of Defense does not involve a Federal mandate that may result in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector, of \$100 million or more and that such rulemaking will not significantly or uniquely affect small governments.

Executive Order 13132, "Federalism"

It has been determined that Privacy Act rules for the Department of Defense do not have federalism implications. The rules do not have substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government.

33 CFR Part 100

[CGD05-05-073]

RIN 1625-AA08

Special Local Regulations for Marine Events; Manasquan River, Manasquan Inlet and Atlantic Ocean, Point Pleasant Beach to Bay Head, NJ, Change of Location

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule; amendment.

SUMMARY: On July 15, 2005, the Coast Guard published a temporary final rule in the **Federal Register** establishing temporary special local regulations for the "Point Pleasant OPA/NJ Offshore Grand Prix", a marine event to be held on the waters of the Manasquan River, Manasquan Inlet and Atlantic Ocean between Point Pleasant Beach and Bay Head, New Jersey. On July 21, 2005, the Coast Guard learned that this marine event was proposed to be conducted at a different location. This rule changes the location of the temporary regulated area. These special local regulations are necessary to provide for the safety of life on navigable waters during the event. This action is intended to restrict vessel traffic in the regulated area during the event.

DATES: This rule is effective from 9:30 a.m. on August 12, 2005, to 3:30 p.m. on August 13, 2005.

ADDRESSES: Documents indicated in this preamble as being available in the docket, are part of docket CGD05-05-073 and are available for inspection or copying at Commander (oax), Fifth Coast Guard District, 431 Crawford Street, Portsmouth, Virginia 23704-

5004, between 9 a.m. and 2 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Chief Petty Officer George Kirk, Marine Events Coordinator, Commander, Coast Guard Sector Delaware Bay, at (609) 677-2215.

SUPPLEMENTARY INFORMATION:

Regulatory Information

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B) the Coast Guard finds that good cause exists for not publishing an NPRM. The new location of where the powerboat race was proposed to be conducted was not known in sufficient time to allow for the publication of an NPRM followed by publication of an effective rule before the event. Delaying this rule would be contrary to the public interest of ensuring the safety of life at sea during this event. The event will begin on August 12, 2005. Because of the danger posed by high-speed powerboats racing in a closed circuit, special local regulations are necessary to provide for the safety of event participants, spectator craft and other vessels transiting the event area. For the safety concerns noted, it is in the public interest to have these regulations in effect during the event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date would be contrary to the public interest, since immediate action is needed to ensure the safety of the event participants, spectator craft and other vessels transiting the regulated area. However, advance notifications will be made to affected users of the river and adjacent coastal area via marine information broadcasts and area newspapers.

Background and Purpose

On August 12, 2005, the Offshore Performance Association and the New Jersey Offshore Racing Association will sponsor the "Point Pleasant OPA/NJ Offshore Grand Prix". The event will consist of approximately 40 offshore powerboats racing in heats counter-clockwise around a 5.5 mile racecourse on the waters of the Atlantic Ocean. A fleet of spectator vessels is expected to gather in the Atlantic Ocean near the event site to view the competition. To provide for the safety of participants, spectators and other transiting vessels, the Coast Guard will temporarily restrict vessel traffic in the event area during the races.

Discussion of the Amendment to the Temporary Final Rule

The Coast Guard is establishing temporary special local regulations on specified waters of the Atlantic Ocean. This amendment to the rule changes the location of the regulated area to include all the waters of the Atlantic Ocean within approximately 1.5 miles of the shoreline between Normandy Beach and Seaside Heights, New Jersey. The temporary special local regulations will be enforced from 9:30 a.m. until 3:30 p.m. on August 12, 2005. If the races are postponed due to weather, then the temporary special local regulations will be enforced during the same time period the next day. The effect of the temporary special local regulations will be to restrict general navigation in the regulated area during the races. Except for persons or vessels authorized by the Coast Guard Patrol Commander, no person or vessel may enter or remain in the regulated area. Non-participating vessels will be allowed to transit the regulated area between races, when the Coast Guard Patrol Commander determines it is safe to do so. These regulations are needed to control vessel traffic during the event to enhance the safety of participants, spectators and transiting vessels.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

We expect the economic impact of this temporary final rule to be so minimal that a full Regulatory Evaluation under the regulatory policies and procedures of DHS is unnecessary.

Although this regulation prevents traffic from transiting a portion of the Atlantic Ocean during the event, the effect of this regulation will not be significant due to the limited duration that the regulated area will be in effect and the extensive advance notifications that will be made to the maritime community via marine information broadcasts and area newspapers so mariners can adjust their plans accordingly.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered

whether this rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule will affect the following entities, some of which may be small entities: the owners or operators of vessels intending to transit this area of the Atlantic Ocean during the event.

This rule will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will be in effect for only a short period. The Patrol Commander will allow non-participating vessels to transit the event area between races. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the address listed under **ADDRESSES**.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132,

Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and will not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial and direct effect on one or more Indian tribes, on the relationship between the Federal Governments and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant

energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Commandant Instruction M16475.1D, which guides the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded that there are no factors in this case that would limit the use of a categorical exclusion under section 2.B.2 of the Instruction. Therefore, this rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction, from further environmental documentation. Special local regulations issued in conjunction with a regatta or marine parade permit are specifically excluded from further analysis and documentation under those sections. Under figure 2–1, paragraph (34)(h), of the Instruction, an “Environmental Analysis Check List” and a “Categorical Exclusion Determination” are not required for this rule.

■ For the reasons discussed in the preamble, the Coast Guard amends 33 CFR Part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233, Department of Homeland Security Delegation No. 0170.1.

■ 2. The Coast Guard amends the temporary final rule published July 15, 2005 (70 FR 40882) entitled, “special Local Regulations for Marine Events; Manasquan River, Manasquan Inlet and Atlantic Ocean, Point Pleasant Beach to Bay Head, NJ”.

§ 100.35–T05–073 [Amended]

■ 3. In FR rule doc. 05–13962, published on July 15, 2005 (70 FR 40882), make the following amendments to §100.35–T05–073:

- A. On page 40884, in the second column, revise paragraph (a);
- B. On page 40884, in the third column, in paragraph (c)(3), line 2, remove the word “north” and add “outside” in its place; and
- C. On page 40884, in the third column, remove paragraph (c)(4) and redesignate paragraph (c)(5) as (c)(4).

The revision reads as follows:

(a) *Regulated area.* The regulated area is established for the waters of the Atlantic Ocean bounded by a line drawn from a position along the shoreline near Normandy Beach, NJ at latitude 40°00′00″ N, longitude 074°03′30″ W, thence easterly to latitude 39°59′40″ N, longitude 074°02′00″ W, thence southwesterly to latitude 39°56′35″ N, longitude 074°03′00″ W, thence westerly to a position near the Seaside Heights Pier at latitude 39°56′35″ N, longitude 074°04′15″ W, thence northerly along the shoreline to the point of origin. All coordinates reference Datum NAD 1983.

Dated: August 1, 2005.
