Protections for Test Subjects in Human Research; Notification to the Secretaries of Agriculture and Health and Human Services

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification to the Secretaries of Agriculture and Health and Human Services.

SUMMARY: This document notifies the public that the Administrator of EPA has forwarded to the Secretaries of Agriculture and Health and Human Services a draft proposed rule under sections 21 and 25(a) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The draft proposed rule will formalize and clarify EPA's policies on the use of intentional human exposure studies under FIFRA and the Federal Food Drug and Cosmetic Act (FFDCA). The proposed rule would establish stringent ethical protections for human subjects in certain types of research conducted or sponsored by entities other than the Federal government (i.e., "third-parties"). These protections are consistent with requirements currently in place under the *Federal Policy for the Protection of Human Subjects of Research* (the "Common Rule"), which has been adopted by 17 Federal agencies. The draft proposed rule is not available to the public until after it has been signed by EPA.
