### SUPPLEMENTARY INFORMATION:

#### I. Background

On April 25, 2003 (68 FR 21509), HUD published a NOFA announcing the availability of \$14,902,500 in FY2003 funds for the NN Program. Among the recipients of this funding were four nonprofit organizations. HUD later determined that these nonprofit organizations were ineligible to receive funding under the 2003 NOFA. Under section 9(d)(1)(E) of the United States Housing Act of 1937 (42 U.S.C. 1437g(d)(1)(E)), the provision of Capital Funds for the Neighborhood Networks program is limited to Public Housing Authorities (PHAs). HUD thus cancelled the awards to the ineligible nonprofit organizations.

#### II. This Notice

This notice announces the availability of \$947,098 in FY2003 funds for the Public Housing Neighborhood Networks program. These funds will be awarded under the same criteria published in the SuperNOFA on April 25, 2003 (68 FR 21002). Applicants should refer to the General Section of the SuperNOFA as well as to the Program Section in order to ensure that all application requirements are met. The General Section, Program Section, and required forms of the 2003 SuperNOFA may be downloaded from the following Web site: <http://www.hud.gov/library/bookshelf18/supernofa/nofa03/fundsavail.cfm>. Applicants also should review the technical correction made to the 2003 NN NOFA. The technical correction also is available from the above Web site.

This announcement also provides the due date for submitting applications for funding available under this notice.

The competition for the funding under this NOFA will be limited to the following four PHAs: (1) The District of Columbia Housing Authority (DCHA), (2) the Housing Authority of the City of Milwaukee (HACM), (3) Memphis Housing Authority (MHA), and (4) the Schenectady Municipal Housing Authority (SMHA). These are the four PHAs whose residents would have been served by the four ineligible nonprofit organizations. Making these PHAs eligible to apply for this funding will help harmonize the error made by HUD and avoid compromising the benefits that otherwise would have been received by the residents.

The amounts to be awarded under this NOFA to the four PHAs are shown in the table below.

SUMMARY TABLE

#### SUPPLEMENTARY INFORMATION:

##### Background

On November 30, 2004 (69 FR 69730), HUD published a notice in the **Federal Register** at 69 FR 69730 that designated Difficult Development Areas for each of the 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands. The designations of Difficult Development Areas in the November 30, 2004, notice are based on final fiscal year 2004 Fair Market Rents (FMRs), 2004 very-low income limits (VLILs), and 2000 Census population counts as explained in the November 30, 2004, notice. The November 30, 2004, notice advised that designations of Qualified Census Tracts under Section 42 of the Internal Revenue Code published December 12, 2002 (67 FR 76451), as supplemented on December 19, 2003 (68 FR 70982), remain in effect.

##### This Notice

HUD identified two technical errors in the November 30, 2004, publication, in FR Doc 04-26328, which are corrected by this notice published in today’s edition of the **Federal Register**.

First, the following language was inadvertently included in the “Explanation of HUD Designation

Methodology section,” under the heading C. Exceptions to OMB Definitions of MSAs/PMSAs and Other Geographic Matters (See 69 FR 69732 at end of first column continuing to second column.):

Certain nonmetropolitan county equivalent areas in Alaska for which FMRs and VLILs are calculated and thus form the basis of Difficult Development Area determinations are no longer recognized as geographic entities by the Bureau of the Census. Therefore, no 2000 Census population counts are produced for these areas. HUD estimated the 2000 population of these areas as follows:

1. The 2000 Population of Denali Borough (1,893) was allocated entirely to the Yukon-Koyukuk Census Area. The part of Denali Borough created from the Southeast Fairbanks Census Area was deemed uninhabited after examination of Census Block data for, and maps of, the area of Denali Borough formerly in the Southeast Fairbanks Census Area.

2. The population of Yakutat City and Borough (808) was allocated to the former Skagway-Yakutat-Angoon Census Area (680) and the Valdez-Cordova Census Area (128). The populations of Yakutat City and Borough Census Blocks located east of 141° west longitude were allocated to the Skagway-Yakutat-Angoon Census Area. The populations of Yakutat City and Borough Census Blocks located west of 141° west longitude were allocated to the Valdez-Cordova Census Area.

The above language was in error because in fact, HUD computed and published FY2004 Fair Market Rents and Very-Low Income Limits for all of the nonmetropolitan county equivalent areas in Alaska as demarcated in the 2000 Census. HUD used the FY2004 Fair Market Rents and Very-Low Income Limits to designate the 2005 Difficult Development Areas. Therefore, HUD did not use the above population allocation procedure in the designation of the 2005 Difficult Development Areas.

Second, in the table enumerating the 2005 Metropolitan Difficult Development Areas, the name of one of the towns in the Massachusetts part of the Boston, MA-NH PMSA did not appear due to a formatting error. The list of cities and towns in the Massachusetts part of the Boston, MA-NH PMSA
