

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, *Airspace Designations and Reporting Points*, dated August 30, 2004, and effective September 16, 2004, is to be amended as follows:

* * * * *

Paragraph 6005 Class E airspace extending upward from 700 feet or more above the surface of the earth.

* * * * *

AAL AK E5 Kalskag, AK [Revised]

Kalskag Airport, AK
(Lt. 61°32'11" N., long. 160°20'29" W.)

That airspace extending upward from 700 feet above the surface within a 12.1-mile radius of the Kalskag Airport, excluding that airspace within the Aniak, AK Class E area.

* * * * *

Issued in Anchorage, AK, on January 26, 2005.

Anthony M. Wylie,

Acting Area Director, Alaska Flight Services Area Office.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2005-20030; Airspace Docket No. 05-AAL-01]

Proposed Revision of Class E Airspace; St. Michael, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to revise the Class E airspace at St. Michael, AK. Two new Standard instrument approach procedures (SIAPs) and a new Textual Departure Procedure are being published for St. Michael, AK. Additional Class E airspace is needed to contain aircraft executing instrument approaches at St. Michael Airport. Adoption of this proposal would result in additional Class E airspace upward from 700 feet (ft.) above the surface at St. Michael, AK.

DATES: Comments must be received on or before March 24, 2005.

ADDRESSES: Send comments on the proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2005-20030/

Airspace Docket No. 05-AAL-01, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the office of the Manager, Safety, Alaska Flight Services Operations, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587.

FOR FURTHER INFORMATION CONTACT: Jesse Patterson, AAL-538G, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-5898; fax: (907) 271-2850; e-mail: Jesse.CTR.Patterson@faa.gov. Internet address: <http://www.alaska.faa.gov/at>.

SUPPLEMENTARY INFORMATION:**Comments Invited**

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2005-20030/Airspace Docket No. 05-AAL-01." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public

contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of Notice of Proposed Rulemakings (NPRMs)

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov> or the Superintendent of Documents' Web page at <http://www.access.gpo.gov/nara>.

Additionally, any person may obtain a copy of this notice by submitting a request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591 or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRMs should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to the Code of Federal Regulations (14 CFR Part 71), by adding Class E airspace at St. Michael, AK. The intended effect of this proposal is to revise Class E airspace upward from 700 ft. above the surface to contain Instrument Flight Rules (IFR) operations at St. Michael, AK.

The FAA Instrument Flight Procedures Production and Maintenance Branch has developed two new SIAPs for the St. Michael Airport. The new approaches are (1) Area Navigation (Global Positioning System) (RNAV GPS) Runway (RWY) 2, original; and (2) RNAV (GPS) RWY 20, original. A new Textual Departure Procedure has also been developed. Revised Class E controlled airspace extending upward from 700 ft above the surface within the 8.4-mile radius of the St. Michael Airport would be created by this action. The proposed airspace is sufficient to contain aircraft executing the new instrument procedures for the St. Michael Airport.

The area would be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1200-foot transition areas are published in paragraph 6005 in FAA Order 7400.9M, *Airspace Designations and Reporting Points*, dated August 30,

2004, and effective September 16, 2004, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart 1, Section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with prescribing regulations to ensure the safe and efficient use of the navigable airspace. This regulation is within the scope of that authority because it proposes to revise Class E airspace sufficient to contain aircraft executing instrument approaches at St. Michael Airport and represents the FAA’s continuing effort to safely and efficiently use the navigable airspace.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71— DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9M, *Airspace Designations and Reporting Points*, dated August 30, 2004, and effective September 16, 2004, is to be amended as follows:

* * * * *

Paragraph 6005 Class E airspace extending upward from 700 feet or more above the surface of the earth.

* * * * *

AAL AK E5 St. Michael, AK [Revised]

St. Michael Airport, AK
(Lat. 63°29′24″ N., long. 162°06′37″ W.)

That airspace extending upward from 700 feet above the surface within an 8.4-mile radius of the St. Michael Airport.

* * * * *

Issued in Anchorage, AK, on January 26, 2005.

Anthony M. Wylie,

Acting Area Director, Alaska Flight Services Area Office.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Office of the Secretary

14 CFR Part 375

[Docket No. OST–2003–15511]

RIN 2105–AD39

Certain Business Aviation Activities Using U.S.-Registered Foreign Civil Aircraft

AGENCY: Office of the Secretary, Department of Transportation.

ACTION: Notice of proposed rulemaking.

SUMMARY: Under Part 375 of the Department’s regulations, 14 CFR part 375, which provides for the operation in the United States of “foreign civil aircraft” which are not engaged in common carriage, persons or entities seeking to operate foreign civil aircraft within the United States involving the carriage of persons, property and mail “for remuneration or hire” must obtain a “foreign aircraft permit” from the Department of Transportation under that Part. On May 16, 2003, the National Business Aircraft Association (NBAA), a trade association that represents many business aircraft operators throughout the United States, wrote to the Department requesting a policy

determination that certain types of operations that its representative companies might perform using U.S.-registered foreign civil aircraft (such as carriage of a company’s own officials and guests, or aircraft time-sharing, interchange or joint ownership arrangements between companies) do not, in fact, constitute operations “for remuneration or hire” within the meaning of Part 375. The NBAA noted that a favorable response would eliminate the need for the companies involved to secure a permit for such operations. The Department of Transportation is now proposing to amend 14 CFR part 375 to clarify those circumstances under which companies operating U.S.-registered foreign civil aircraft are not deemed to be involved in air commerce for remuneration or hire and, therefore, are not required under Part 375 to obtain a foreign aircraft permit.

On July 7, 2003, the Department solicited comments on the NBAA request (see 68 FR 40321 (July 7, 2003)). Pursuant to the Department’s request, comments were filed by interested parties. The Department has reviewed the comments filed in Docket OST–2003–15511 and now proposes to amend Part 375 of our regulations as described below.

DATES: Comments on the proposal must be received by April 8, 2005. Late-filed comments will be considered to the extent practicable.

ADDRESSES: You may submit comments identified by DOT DMS Docket Number OST–2003–15511 by any of the following methods:

- Web site: <http://dms.dot.gov>.

Follow the instructions for submitting comments on the DOT electronic docket site.

- Fax: 1–202–493–2251.

• Mail: Docket Management Facility; U.S. Department of Transportation, 400 Seventh Street, SW., Nassif Building, Room PL–401, Washington, DC 20590–001.

• Hand Delivery: Room PL–401 on the plaza level of the Nassif Building, 400 Seventh Street, SW., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

• Federal eRulemaking Portal: Go to <http://www.regulations.gov>. Follow the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number or Regulatory Identification Number (RIN) for this rulemaking. For detailed instructions on submitting comments and additional information on the rulemaking process, see the
