Louisiana Pacific Corporation, OSB-Woodland, Baileyville, ME; Notice of Revised Determination on Reconsideration of Alternative Trade Adjustment Assistance

By letter dated January 24, 2005, the state official requested administrative reconsideration regarding Alternative Trade Adjustment Assistance (ATAA). The negative determination was signed on January 10, 2005 and will be soon published in the **Federal Register**.

The workers of Louisiana Pacific Corporation, OSB-Woodland, Baileyville, Maine were certified eligible to apply for Trade Adjustment Assistance (TAA) on January 10, 2005.

The initial ATAA investigation determined that the skills of the subject worker group are easily transferable to other positions in the local area.

The state official provided documentation with the request for reconsideration which contains evidence that the skills of the workers at the subject firm are not easily transferable in the local commuting area.

Additional investigation has determined that the workers possess skills that are not easily transferable. A significant number or proportion of the worker group are age fifty or over. Competitive conditions within the industry are adverse.

Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that the requirements of Section 246 of the Trade Act of 1974, as amended, have been met for workers at the subject firm.

In accordance with the provisions of the Act, I make the following certification:

All workers of Louisiana Pacific Corporation, OSB-Woodland, Baileyville, Maine, who became totally or partially separated from employment on or after November 18, 2003 through January 10, 2006, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are also eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed in Washington, DC this 25th day of January 2005.

Certifying Officer, Division of Trade Adjustment Assistance.

Pentair Pump, South Plant (Hydromatic), Subsidiary of Pentair, Inc., Ashland, OH; Notice of Termination of Certification

This notice terminates the Certification Regarding Eligibility To Apply for Worker Adjustment Assistance and Alternative Trade Adjustment Assistance issued by the Department on January 7, 2005, applicable to all workers of Pentair Pump, South Plant (Hydromatic), Subsidiary of Pentair, Inc., Ashland, Ohio. The notice will soon be published in the **Federal Register**.

The Department, at the request of the State agency, reviewed the certification for workers of the subject firm engaged in the production of sump and sewage water pumps.

The State agency informed the Department that the worker group is covered by an existing certification, TA-W-51,215, that was issued on April 28, 2003. A review of the files shows that the petition certification for TA-W-51,215 was issued under the company name Hydromatic Pump in Ashland, Ohio, and remains in effect through April 28, 2005.

Since the workers are currently covered by a certification and are eligible to apply for trade adjustment

assistance, the Department is terminating the certification for TA-W-56,104.

The petitioners are encouraged to file a new petition when the existing certification is nearing expiration.

Since the basis for the certification is no longer valid, continuation of this certification would serve no purpose and the certification for workers of Pentair Pump, South Plant (Hydromatic), Subsidiary of Pentair, Inc., Ashland, Ohio, has been terminated.

Signed at Washington, DC, this 21st day of January 2005.

Royal Home Fashions Plant No. 6, Henderson, NC; Notice of Revised Determination on Reconsideration

By application of November 22, 2004, a petitioner requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of the subject firm to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA). The denial notice was signed on October 25, 2004 and published in the **Federal Register** on November 12, 2004 (69 FR 65462).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The TAA petition, filed on behalf of workers at Royal Home Fashions, Plant No. 6, Henderson, North Carolina engaged in production of bedding (sheets, pillow cases, comforters, shams, etc.) was denied because it was determined that the declines in employment at the subject firm were predominantly caused by unrelated to imports circumstances.

The petitioner alleges that the petitioning group of workers was in direct support of the Royal Home Fashions manufacturing facilities known as Plant No. 4 and Plant No. 2 in Henderson, North Carolina. The workers of these facilities were certified eligible for TAA on July 15, 2004 and August 24, 2004 respectively.

A company official was contacted to verify whether workers at the subject facility were performing services for Plant No. 4 and Plant No. 2 during the

relevant period. The company official stated that the subject facility serves as a distribution and warehousing facility and is in direct support of production for Plants No. 2 and No. 4 in Henderson, North Carolina.

In accordance with Section 246 of the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers of Royal Home Fashions, Plant No. 6, Henderson, North Carolina.

The group eligibility criteria for the ATAA program that the Department must consider under Section 246 of the Trade Act are:

1. Whether a significant number of workers in the workers' firm are 50 years of age or older.

2. Whether the workers in the workers' firm possess skills that are not easily transferable.

3. The competitive conditions within the workers' industry (*i.e.*, conditions within the industry are adverse).

The Department has determined that criterion 2 has not been met. The investigation revealed that the work performed by the petitioning group are easily transferable to other positions in the commuting area.

Conclusion

After careful review of the facts obtained in the investigation, I determine that increases of imports of articles like or directly competitive with articles produced by Royal Home Fashions, Henderson, North Carolina contributed importantly to the total or partial separation of workers and to the decline in sales or production at that firm or subdivision. In accordance with the provisions of the Act, I make the following certification:

All workers of the Royal Home Fashions, Plant 6, Henderson, North Carolina who became totally or partially separated from employment on or after September 24, 2003 through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are denied eligibility to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed at Washington, DC, this 19th day of January, 2005.

Certifying Officer, Division of Trade Adjustment Assistance.
