SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-51114; File No. SR-Phlx-2005-07]

Self-Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change and Amendment No. 1 Thereto Relating to the Extension of a Pilot Limiting Trade-Through Liability at the End of the Options Trading Session

January 31, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 27, 2005, the Philadelphia Stock Exchange, Inc. (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. On January 28, 2005, the Exchange filed Amendment No. 1 to the proposed rule change.³ The Exchange has filed the proposal as a “non-controversial” rule change pursuant to Section 19(b)(3)(A) of the Act,⁴ and Rule 19b-4(f)(6) thereunder,⁵ which renders the proposal effective upon filing with the Commission.⁶ The Commission is publishing this notice to solicit comments on the proposed rule change, as amended, from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Phlx proposes to amend proposes to amend Exchange Rule 1085(a)(2)(ii)(B), Order Protection, to correspond to the extension of the current pilot (“pilot”) under the Plan for the Purpose of Creating and Operating

an Intermarket Option Linkage (“Linkage Plan”),⁷ which limits Trade-Through⁸ liability at the end of the options trading session, until January 31, 2006. The extended pilot would increase the limit on liability at the end of the trading session from 25 contracts to 50 contracts per Satisfaction Order.⁹ The text of the proposed rule change is available on the Phlx Web site (<http://www.phlx.com>), at the Phlx’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Phlx included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the pilot contained in Exchange Rule 1085(a)(2)(ii)(B), which limits trade-through liability at the end of the options trading session. Currently under the pilot, an Exchange member’s trade-through liability is limited to 25 contracts per Satisfaction Order received during the period between five minutes prior to the close of trading in the underlying security and the close of trading in the options class. The Commission temporarily approved the pilot on January 31, 2003,¹⁰ followed by approval on June 18,

2003.¹¹ The Commission then granted an extension of the pilot until June 30, 2004¹² and then until January 31, 2005.¹³

The Exchange proposes to extend the pilot for an additional year, until January 31, 2006. In addition, the Exchange proposes to increase the limit on trade-through liability from 25 contracts to 50 contracts per Satisfaction Order received during the period between five minutes prior to the close of trading in the underlying security and the close of trading in the options class. This increase in the limit on liability would be effective on February 1, 2005, after the current pilot expires.

As a condition to granting permanent approval of this limitation, the Commission required that the options exchanges participating in the Linkage Plan (“Participants”) provide the Commission with a report (“Report”) regarding data on the use of the exemption no later than 60 days before seeking permanent approval. The Participants have provided the Commission with certain information required in the Report, and continue to discuss with Commission staff what additional information the staff may need to evaluate possible permanent approval of the trade-through limitation. This extension of the pilot would allow the limitation to continue in effect, as amended, while the Commission staff and the Participants continue to discuss permanent approval.

2. Statutory Basis

The Exchange believes that the proposed rule change, as amended, is consistent with Section 6(b) of the Act¹⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act¹⁵ in particular, in that the proposed rule change is designed to perfect the mechanisms of a free and open market and a national market system, protect investors and the public interest, and promote just and equitable principles of trade by extending the pilot limiting trade-through liability during the period between five minutes prior to the close of trading in the underlying security and the close of trading in the options class until January 31, 2006, and by

⁸ “Trade-Through” means a transaction in an options series at a price that is inferior to the NBBO. See Exchange Rule 1083(t).

increasing the limit on trade-through liability from 25 contracts to 50 contracts per Satisfaction Order received during the same period.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁶ and Rule 19b-4(f)(6) thereunder.¹⁷

A proposed rule change filed under Rule 19b-4(f)(6)¹⁸ normally does not become operative prior to 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the five-day pre-filing requirement and the 30-day operative delay, as specified in Rule 19b-4(f)(6)(iii), and designate the proposed rule change immediately operative.

The Commission believes that waiving the five-day pre-filing provision and the 30-day operative delay is consistent with the protection of investors and the public interest.¹⁹ By waiving the pre-filing requirement and accelerating the operative date, the Pilot Program can continue without interruption. The Commission believes that allowing the pilot to continue will

allow Participants to either gather sufficient information to justify the need for the pilot program or determine that the exemption from trade-through liability is no longer necessary. Increasing the maximum number of contracts to be satisfied with respect to Satisfaction Orders in the last seven minutes of trading in options to 50 contracts will enhance customer order protection.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.²⁰
