

delegated to the Secretary of Health and Human Services (HHS), on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Board include providing advice on the development of probability of causation guidelines which have been promulgated by HHS as a final rule, advice on methods of dose reconstruction which have also been promulgated by HHS as a final rule, advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program, and advice on petitions to add classes of workers to the Special Exposure Cohort (SEC).

In December 2000, the President delegated responsibility for funding, staffing, and operating the Board to HHS, which subsequently delegated this authority to the CDC. NIOSH implements this responsibility for CDC. The charter was issued on August 3, 2001, and renewed on August 3, 2003.

Purpose: This board is charged with (a) providing advice to the Secretary, HHS on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS on the scientific validity and quality of dose reconstruction efforts performed for this Program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class.

Matters To Be Discussed: Agenda for this workgroup meeting will focus on the Mallinckrodt Site Profile, particularly presentations by the National Institute for Occupational Safety and Health on the progress of specific tasks identified by the ABRWH. These tasks include the handling of raffinate exposures; handling of radon exposure; application of correction factors for external doses to organs; assessment of intermittent incident exposures; specification of dose reconstruction methodology for unmonitored workers; and examples of dose reconstruction for representative cases. Also included on the agenda will be a discussion of issues and an identification of next steps.

The agenda is subject to change as priorities dictate. In the event a member of the working group cannot attend, written comments may be submitted. Any written comments received will be provided at the meeting and should be submitted to the contact person below well in advance of the meeting.

FOR FURTHER INFORMATION CONTACT: Dr. Lewis V. Wade, Executive Secretary, NIOSH, CDC, 4676 Columbia Parkway, Cincinnati, Ohio 45226, telephone 513-533-6825, fax 513-533-6826.

Due to programmatic issues that had to be resolved, the **Federal Register** notice is being published less than fifteen days before the date of the meeting.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Dated: July 27, 2005.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended). This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of

information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Inspector Candidate Assessment Questionnaire

OMB Control Number: Pending.

Description of the need for the information and proposed use: To meet the requirements of the Uniform Physical Condition Standards and the Public Housing Assessment System (PHAS) rules, the Department conducts physical condition inspections of approximately 12,500 multifamily and public housing properties annually. To conduct these inspections, HUD uses contract inspectors that are trained in the Uniform Physical Condition Standards protocol and certified by HUD. Individuals who wish to be trained and certified by HUD are requested to electronically submit the questionnaire via the Internet. The questionnaire provides HUD with basic knowledge of an individual's inspection skills and abilities. No confidential information is being requested.

Agency form number, if applicable: Form number not yet available.

Members of affected public: Individuals.

Estimation of the total number of hours needed to prepare the information collection including number of respondents: The estimated number of respondents is 700 individuals that submit one questionnaire. The average number for each individual response is 1 hour, for a total reporting burden of 700 hours.

Status of the proposed information collection: New.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: July 26, 2005.

Glenda N. Green,

Deputy, Director, Office of Policy, Program and Legislative Initiative.
