

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. 04–126–2]

National Wildlife Services Advisory Committee; Notice of Solicitation for Membership

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of solicitation for membership.

SUMMARY: The Secretary of Agriculture has renewed the National Wildlife Services Advisory Committee for a 2-year period. Through this notice, the Secretary is soliciting nominations for membership on this Committee.

DATES: Consideration will be given to nominations received on or before June 24, 2005.

ADDRESSES: Nominations should be addressed to the person listed under **FOR FURTHER INFORMATION CONTACT**.

FOR FURTHER INFORMATION CONTACT: Ms. Joanne Garrett, Director, Operational Support Staff, WS, APHIS, 4700 River Road Unit 87, Riverdale, MD 20737–1234; (301) 734–7921.

SUPPLEMENTARY INFORMATION: The National Wildlife Services Advisory Committee (the Committee) advises the Secretary of Agriculture on policies, program issues, and research needed to conduct the Wildlife Services program. The committee also serves as a public forum enabling those affected by the Wildlife Services program to have a voice in the program's policies. The Committee Chairperson and Vice Chairperson shall be elected by the Committee from among its members.

Terms will expire for the current members of the Committee in July 2005. We are soliciting nominations from interested organizations and individuals to replace members on the Committee. An organization may nominate

individuals from within or outside its membership. The Secretary will select members to obtain the broadest possible representation on the Committee, in accordance with the Federal Advisory Committee Act (5 U.S.C. App. II) and U.S. Department of Agriculture (USDA) Regulation 1041–1. Equal opportunity practices, in line with the USDA policies, will be followed in all appointments to the Committee. To ensure that the recommendations of the Committee have taken into account the needs of the diverse groups served by the Department, membership should include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities.

Done in Washington, DC, this 5th day of May 2005.

W. Ron DeHaven,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. 05–034–1]

Availability of an Environmental Assessment for Field Testing Escherichia Coli Vaccine, Live Culture

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice of availability and request for comments.

SUMMARY: We are advising the public that the Animal and Plant Health Inspection Service has prepared an environmental assessment concerning authorization to ship for the purpose of field testing, and then to field test, an unlicensed Escherichia Coli Vaccine, Live Culture for use in chickens. The environmental assessment, which is based on a risk analysis prepared to assess the risks associated with the field testing of this vaccine, examines the potential effects that field testing this veterinary vaccine could have on the quality of the human environment. Based on the risk analysis, we have reached a preliminary determination that field testing this veterinary vaccine will not have a significant impact on the

quality of the human environment, and that an environmental impact statement need not be prepared. We intend to authorize shipment of this vaccine for field testing following the close of the comment period for this notice unless new substantial issues bearing on the effects of this action are brought to our attention. We also intend to issue a U.S. Veterinary Biological Product license for this vaccine, provided the field test data support the conclusions of the environmental assessment and the issuance of a finding of no significant impact and the product meets all other requirements for licensing.

DATES: We will consider all comments that we receive on or before June 9, 2005.

ADDRESSES: You may submit comments by either of the following methods:

- **EDOCKET:** Go to <http://www.epa.gov/feddoCKET> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once you have entered EDOCKET, click on the “View Open APHIS Dockets” link to locate this document.

- **Postal Mail/Commercial Delivery:** Please send four copies of your comment (an original and three copies) to: Docket No. 05–034–1, Regulatory Analysis and Development, PPD, APHIS, Station 3C71, 4700 River Road Unit 118, Riverdale, MD 20737–1238. Please state that your comment refers to Docket No. 05–034–1.

Reading Room: You may read the environmental assessment, the risk analysis (with confidential business information removed), and any comments that we receive in our reading room. The reading room is located in room 1141 of the USDA South Building, 14th Street and Independence Avenue, SW., Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 690–2817 before coming.

Other Information: You may view APHIS documents published in the **Federal Register** and related information on the Internet at <http://www.aphis.usda.gov/ppd/rad/webrepor.html>.

FOR FURTHER INFORMATION CONTACT:

Dr. Albert P. Morgan, Chief Staff Officer, Operational Support Section, Center for Veterinary Biologics, Policy, Evaluation, and Licensing, VS, APHIS, 4700 River Road Unit 148, Riverdale, MD 20737-1231; phone (301) 734-8245, fax (301) 734-4314.

For information regarding the environmental assessment or the risk analysis, or to request a copy of the environmental assessment (as well as the risk analysis with confidential business information removed), contact Dr. Patricia L. Foley, Risk Manager, Center for Veterinary Biologics, Policy, Evaluation, and Licensing, VS, APHIS, 510 South 17th Street, Suite 104, Ames, IA 50010; phone (515) 232-5785, fax (515) 232-7120.

SUPPLEMENTARY INFORMATION: Under the Virus-Serum-Toxin Act (21 U.S.C. 151 *et seq.*), a veterinary biological product must be shown to be pure, safe, potent, and efficacious before a veterinary biological product license may be issued. A field test is generally necessary to satisfy prelicensing requirements for veterinary biological products. Prior to conducting a field test on an unlicensed product, an applicant must obtain approval from the Animal and Plant Health Inspection Service (APHIS), as well as obtain APHIS' authorization to ship the product for field testing.

To determine whether to authorize shipment and grant approval for the field testing of the unlicensed product referenced in this notice, APHIS conducted a risk analysis to assess the potential effects of this product on the safety of animals, public health, and the environment. Based on the risk analysis, APHIS has prepared an environmental assessment (EA) concerning the field testing of the following unlicensed veterinary biological product:

Requester: Fort Dodge Animal Health.

Product: Escherichia Coli Vaccine, Live Culture.

Field Test Locations: Delaware, Maryland, Georgia, Virginia, and Arkansas.

The above-mentioned product is a live *aroA* gene-deleted Escherichia Coli Vaccine. The vaccine is for use in chickens as an aid in the prevention of disease caused by *Escherichia coli*.

The EA has been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provision of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA

Implementing Procedures (7 CFR part 372).

Unless substantial issues with adverse environmental impacts are raised in response to this notice, APHIS intends to issue a finding of no significant impact (FONSI) based on the EA and authorize shipment of the above product for the initiation of field tests following the close of the comment period for this notice.

Because the issues raised by field testing and by issuance of a license are identical, APHIS has concluded that the EA that is generated for field testing would also be applicable to the proposed licensing action. Provided that the field test data support the conclusions of the original EA and the issuance of a FONSI, APHIS does not intend to issue a separate EA and FONSI to support the issuance of the product license, and would determine that an environmental impact statement need not be prepared. APHIS intends to issue a veterinary biological product license for this vaccine following completion of the field test provided no adverse impacts on the human environment are identified and provided the product meets all other requirements for licensing.

Authority: 21 U.S.C. 151-159; 7 CFR 2.22, 2.80, and 371.4.

Done in Washington, DC, this 4th day of May 2005.

Elizabeth E. Gaston,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Forest Service

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

Notice of Intent To Prepare an Environmental Impact Statement for the Sawtooth National Forest, Idaho; Twin Falls BLM District, ID; Bald Mountain Ski Resort Master Development Plan

AGENCIES: Forest Service, Agriculture, Lead Agency; Bureau of Land Management, Interior, Cooperating Agency.

ACTION: Notice of intent.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969 (NEPA) and the Federal Land Policy and Management Act of 1976 (FLPMA), the USDA Forest Service (Lead Agency) and

the USDOJ Bureau of Land Management (Cooperating Agency) intend to prepare an Environmental Impact Statement (EIS) to analyze and disclose the effects of the updated Bald Mountain Ski Area Master Development Plan (MDP) and 40-year term ski area permit application. Both agencies have authority over the Bald Mountain ski area, which is also known as the Sun Valley Ski Resort.

DATES: Written comments concerning the proposed action should be postmarked by June 9, 2005. The draft environmental impact statement is expected to be available for public review and comment in July 2006 and the final environmental impact statement is expected to be available March 2007.

ADDRESSES: Written comments should be sent to Kurt Nelson, District Ranger at the Ketchum Ranger Station; P.O. Box 2356, Ketchum, ID 83340. Faxes should be sent to 208-622-3923 and e-mails to: comments-intermtn-sawtooth-ketchum@fs.fed.us. Comments received on this proposal, including names and addresses, will be considered part of the public record and will be available for public inspection. Individual respondents may request confidentiality. If you wish to withhold your name or street address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be available for public inspection in their entirety.

FOR FURTHER INFORMATION CONTACT: Joe Miczulski, Winter Sports Manager at the Ketchum Ranger District; P.O. Box 2356, Ketchum, ID 83340; or phone at (208) 622-5371.

SUPPLEMENTARY INFORMATION: Sun Valley Company has requested a new 40-year term ski area permit for the Bald Mountain Ski Resort. The existing ski area permit, which was issued in December 1977, expires December 2007. One requirement for a ski area permit is to have an approved Master Development Plan (MDP), which is prepared by the permit holder and encompasses the entire winter sports resort envisioned for development and authorization by the permit. Upon acceptance by the Authorized Officers, the MDP becomes part of the ski area permit. The EIS will analyze the effects of the proposed action and alternatives. The agencies give notice of the National
