Requested Administrative Waiver of the Coastwise Trade Laws

AGENCY: Maritime Administration, Department of Transportation.

ACTION: Invitation for public comments on a requested administrative waiver of the Coastwise Trade Laws for the vessel VIVACE.

SUMMARY: As authorized by Pub. L. 105-383 and Pub. L. 107-295, the Secretary of Transportation, as represented by the Maritime Administration (MARAD), is authorized to grant waivers of the U.S.-build requirement of the coastwise laws under certain circumstances. A request for such a waiver has been received by MARAD. The vessel, and a brief description of the proposed service, is listed below. The complete application is given in DOT docket 2005-20989 at <http://dms.dot.gov>. Interested parties may comment on the effect this action may have on U.S. vessel builders or businesses in the U.S. that use U.S.-flag vessels. If MARAD determines, in accordance with Pub. L. 105-383 and MARAD's regulations at 46 CFR part 388 (68 FR 23084; April 30, 2003), that the issuance of the waiver will have an unduly adverse effect on a U.S.-vessel builder or a business that uses U.S.-flag vessels in that business, a waiver will not be granted. Comments should refer to the docket number of this notice and the vessel name in order for MARAD to properly consider the comments. Comments should also state the commenter's interest in the waiver application, and address the waiver criteria given in § 388.4 of MARAD's regulations at 46 CFR part 388.

Title: 49 CFR 571.403, Platform lift systems for motor vehicles and 49 CFR 571.404, Platform lift installations in motor vehicles.

OMB Control Number: 2127-0621.

Form Number: None.

Affected Public: Platform lift manufacturers and vehicle manufacturers/alterers that install platform lifts in new motor vehicles before first vehicle sale.

Requested Expiration Date of Approval: Three years from approval date.

Abstract: FMVSS No. 403, Platform lift systems for motor vehicles, establishes minimum performance standards for platform lifts designed for installation on motor vehicles. Its purpose is to prevent injuries and fatalities to passengers and bystanders during the operation of platform lifts that assist persons with limited mobility in entering and leaving a vehicle. FMVSS No. 404, Platform lift installations in motor vehicles, places specific requirements on vehicle manufacturers or alterers who install platform lifts in new vehicles. Under these regulations, lift manufacturers must certify that their lifts meet the requirements of FMVSS No. 403 and must declare the certification on the owner's manual insert, the installation instructions and the lift operating instruction label. Certification of compliance with FMVSS No. 404 is on the certification label already required of vehicle manufacturers and alterers under 49 CFR Part 567. Therefore, lift manufacturers must produce an insert that is placed in the vehicle owner's manual, installation instructions and one or two labels that are placed near the controls of the lift. The requirements and our estimates of the hour burden and cost to lift manufacturers are given below. There is no burden to the general public.

- Estimated burden to lift manufacturers to produce an insert for the vehicle owner's manual stating the lift's platform operating volume, maintenance schedule, and instructions regarding the lift operating procedures:—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.
- Estimated burden to lift manufacturers to produce lift installation instructions identifying the vehicles on which the lift is designed to be installed:

—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.

- Estimated burden to lift manufacturers to produce two labels for operating and backup lift operation:

—10 manufacturers × 24 hrs. amortized over 5 yrs. = 48 hrs. per year.

- Total estimated hour burden per year = 144 hours.
- Estimated cost to lift manufacturers to produce:

—Label for operating instructions—27,398 lifts × \$0.13 per label = \$3,561.74.

—Label for backup operations—27,398 lifts × \$0.13 per label = \$3,561.74.

—Owner's manual insert—27,398 lifts × \$0.04 per page × 1 page = \$1,095.92.

—Installation instructions—27,398 lifts × \$0.04 per page × 1 page = \$1,095.92.

Note: Although lift installation instructions are considerably more than one page, lift manufacturers already provide lift installation instructions in the normal course of business and one additional page should be adequate to allow for the inclusion of FMVSS specific information.

- Total estimated annual cost = \$9,315.32.

Issued on: April 18, 2005.

Associate Administrator for Rulemaking.

Columbus and Greenville Railway Company—Acquisition and Operation Exemption—Line of City of Greenwood, MS

Columbus and Greenville Railway Company (C&G), a Class III rail carrier, has filed a verified notice of exemption under 49 CFR 1150.41 to acquire from the City of Greenwood (City) and operate approximately 2.99 miles of newly constructed bypass rail line, extending from C&G milepost 113.59 to C&G milepost 116.57, in Leflore County, MS.¹

¹ C&G's main line runs through the City. C&G intends to file for abandonment authority over a portion of that line, between milepost 112.67 and milepost 114.26, and, once abandonment has been authorized, it intends to deed the abandoned segment to the City for public use. C&G states that the City intends to deed the bypass track and attendant properties to it, which will be an equal exchange and allow the City to reach its goal of moving rail operations out of the City's central commercial area. C&G also states that it will gain a more efficient and safer main line operation over the bypass track.

C&G certifies that its projected annual revenues as a result of this transaction will not result in the creation of a Class I or Class II rail carrier, and that its annual revenues will not exceed \$5 million.

The transaction was scheduled to be consummated after March 30, 2005, the effective date of the exemption (7 days after the exemption was filed).²

If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34666, must be filed with the Surface Transportation Board, 1925 K Street, N.W., Washington, DC 20423-0001.
