Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget (OMB), in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Disadvantaged Assistance Tracking and Outcome Report (OMB No. 0915-0233)—Extension

The Health Careers Opportunity Program (HCOP) and the Centers of Excellence (COE) Program (authorized under sections 740 and 739 respectively of the Public Health Service (PHS) Act, 42 U.S.C. 293d and 293c) provide opportunities for under-represented minorities and disadvantaged individuals to enter and graduate from health professions schools. The

Disadvantaged Assistance Tracking and Outcome Report (DATOR) is used to track program participants throughout the health professions pipeline into the health care workforce.

The DATOR, to be completed annually by HCOP AND COE grantees, includes basic data on student participants (name, social security number, gender, race/ethnicity; targeted health professions, their status in the educational pipeline from pre-professional through professional training; financial assistance received through the grants funded under sections 739 and 740 of the PHS Act in the form of stipends, fellowships or per diem; and their employment or practice setting following their entry into the health care work force).

The proposed reporting instrument does not add significantly to the grantees reporting burden. This reporting instrument complements the grantees internal automated reporting mechanisms of using name and social security number in tracking students. The reporting burden includes the total time, effort, and financial resources expended to maintain, retain and provide the information including: (1) Reviewing instructions; (2) downloading and utilizing technology for the purposes of collecting, validating, and processing the data; and (3) transmitting electronically, or otherwise disclosing the information. Estimates of annualized burden are as follows:

Type of report	Number of respondents	Responses per respondent	Hours per response	Total burden hours
DATOR	150	1	5.5	825

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Kraemer, Desk Officer, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: April 18, 2005.

Tina M. Cheatham,

Director, Division of Policy Review and Coordination.

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection

of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Cross-Site Evaluation of the National Child Traumatic Stress Initiative (NCTSI)—NEW

The Substance Abuse and Mental Health Services Administration's (SAMHSA), Center for Mental Health Services (CMHS) will conduct the Cross-Site Evaluation of the National Child Traumatic Stress Initiative (NCTSI). The data collected will describe the children and families served by the National Child Traumatic Stress Network (NCTSN) and their outcomes, assess the development and dissemination of effective treatments and services, evaluate intra-network collaboration, and assess the Network's impact beyond the NCTSN.

Data will be collected from caregivers, NCTSN staff (e.g., project directors, researchers, and providers), mental health providers outside of the NCTSN, and non-mental health service providers who provide services to children outside of the NCTSN. Data collection will take place in 31 Community Treatment and Services Programs (CTS), 13 Treatment and Service Adaptation Centers (TSA), and 2 National Centers for Child Traumatic Stress (NCCTS). Data collection for this evaluation will be conducted over a four-year period.

In order to describe the children served, their outcomes, and satisfaction with services, data will be collected from youth ages 7-18 who are receiving services in the NCTSN, and from caregivers for all children who are receiving NCTSN services. Data will be collected when the child/youth enters services and during subsequent follow-up sessions at three-month intervals over the course of one year.
