

and HUD regulations in 24 CFR Part 58, and EIS under the TRPA Code of Ordinances.

The proposed development would consist of approximately 152 rental housing units, 23 buildings, approximately 41.7 percent site coverage, and a density of 12.4 units per acre. All of the units would be affordable to families with incomes at or below 80 percent of the median income. An internal looped roadway system with separate points for both entry and exit is proposed as part of the project. National Avenue would provide the main access from State Route 28. Points of access to the complex from National Avenue that are being considered include: Grey Lane and Toyon Road, with Wildwood Road via Estates Drive being an alternative or emergency access road. A Class 1 bike trail and onsite parking are also proposed for the site.

Alternatives to the Proposed Action

There are five alternatives to the proposed action to be analyzed in the EIR/EIS. The alternatives are all variations of the site layout and density. Alternative sites for the project were explored early in the process and it was determined that no other more viable site was available.

Alternative B, 132 Units

Coverage Ratio: 38.6 percent
Population: 364 (Assuming 1 person/
bedroom)

Alternative C, 160 Units

Coverage Ratio: 44.0 percent
Population: 452 (Assuming 1 person/
bedroom)

Alternative D, 144 Units

Coverage Ratio: 30 percent
Population: 568 (Assuming 1 person/
bedroom)

Alternative E, 152 Units

Coverage Ratio: 50 percent
Population: 394 (Assuming 1 person/
bedroom)

Alternative F, No Project/No Action

If nothing were done, no additional affordable housing would be built. The project site would remain vacant.

Probable Environmental Effects

The following subject areas will be analyzed in the combined EIS/EIR for probable environmental effects: water quality, soils and geology, air quality, noise, transportation, vegetation, wildlife and scenic resources, cultural and historic resources, land use, growth inducement, public services and public utilities.

Lead Agencies

For purposes of complying with NEPA and CEQA, Placer County is the Lead Agency and as the Responsible Entity under 24 CFR 58.2(a)(7) assumes the responsibility for environmental review, decisionmaking, and action that would otherwise apply to HUD under NEPA. Respectively, section 104(g) of Title I of the Housing and Community Development Act (42 U.S.C. 5304(g)) and section 288 of Title II of the Cranston-Gonzalez National Affordable Housing Act (42 U.S.C. 12838) authorize recipients of HUD assistance to assume NEPA responsibilities in projects involving CDBG for infrastructure development and possibly HOME funds for affordable housing development.

The TRPA is the Lead Agency for the EIS written in accordance with Tahoe Regional Planning Compact and TRPA's Code of Ordinances.

TRPA is a multi-state (California and Nevada) agency that has its own Code of Ordinances. These are based on both CEQA and NEPA but there are some minor differences from both, hence the necessity to do a three-way document that will comply with CEQA, TRPA and NEPA. TRPA has its own procedures and Code of Ordinances because it is exempt from CEQA and California land use laws.

Questions may be directed to the individual named in this notice under the heading **FOR FURTHER INFORMATION CONTACT**.

Dated: October 13, 2005.

Pamela H. Patenaude,

Assistant Secretary for Community Planning and Development.
