

NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is 202-566-1744, and the telephone number for the OEI Docket is 202-566-1752; facsimile: 202-566-1753; or e-mail: ORD.Docket@epa.gov.

An electronic version of the official public docket is available through EPA's electronic public docket and comment system, E-Docket. You may use E-Docket at <http://www.epa.gov/edocket/> to submit or view public comments, to access the index of the contents of the official public docket, and to view those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

Certain types of information will not be placed in E-Docket. Information claimed as CBI and other information for which disclosure is restricted by statute are not included in the official public docket and also will not be available for public viewing in E-Docket. Copyrighted material will not be placed in E-Docket, but will be referenced there and available as printed material in the official public docket.

If you intend to submit comments to EPA, please note that it is EPA policy to make comments available for public viewing just as they are received at the EPA Docket Center or in E-Docket. This policy applies to information submitted electronically or in paper form, except where restricted by copyright, CBI, or statute. When EPA identifies a comment containing copyrighted material, EPA will provide a reference to that material in the version of the comment placed in EPA's electronic public docket; the entire printed comment, including the copyrighted material, will be available in the official public docket.

Public comments submitted on computer disks that are mailed or delivered to the docket will be transferred to E-Docket. Physical objects will be photographed, where practical, and the photograph will be placed in E-Docket along with a brief description written by the docket staff.

You may submit comments electronically, by mail, by facsimile, or by hand delivery/courier. To ensure proper receipt by EPA, include the appropriate docket identification number with your submission. Please adhere to the specified submitting period; public comments received past the closing date will be marked "late"

and may only be considered if time permits.

If you submit public comments electronically, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment. Also include these contact details on the outside of any submitted disk or CD-ROM, and in any cover letter accompanying the disk or CD-ROM. This ensures that you can be identified as the person submitting the comment and allows EPA to contact you in case the Agency cannot read your submission due to technical difficulties, or needs further information on the substance of your comment. EPA will not edit your comment, and any identifying or contact information provided in the body of the comment will be included as part of the comment placed in the official public docket and made available in E-Docket. If EPA cannot read what you submit due to technical difficulties and cannot contact you for clarification, it may delay or preclude EPA's consideration of your comments.

Electronic submission of comments via E-Docket is the preferred method for receiving comments. To access EPA's electronic public docket from the EPA Internet Home Page, select "Information Sources," "Dockets," and "EPA Dockets." Once in the system, select "search," and key in Docket ID No. ORD-2005-0021. The system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact details unless you provide it in the body of your comment.

Comments may be sent by electronic mail (e-mail) to ORD.Docket@epa.gov, Attention Docket ID No. ORD-2005-0021. In contrast to EPA's electronic public docket, EPA's e-mail system is *not* an "anonymous access" system. If you send an e-mail directly to the docket without going through EPA's E-Docket, EPA's e-mail system automatically captures your e-mail address, and it becomes part of the information in the official public docket and is made available in E-Docket.

You may submit comments on a disk or CD-ROM mailed to the OEI Docket mailing address. Files will be accepted in WordPerfect, Word, or PDF file format. Avoid the use of special characters and any form of encryption. If you provide comments in writing, please submit one unbound original with pages numbered consecutively, and three copies. For attachments, provide an index, number pages consecutively with the main text, and

submit an unbound original and three copies.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS-10172, CMS-R-10107 and CMS-R-285]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* New Collection; *Title of Information Collection:* Medicare Health Support Program Medical Records Abstraction; *Form Number:* CMS-10172 (OMB#: 0938-New); *Use:* The Medicare Health Support Program (MHS) is authorized under Section 721 of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA). There are eight Medicare Health Support Organizations (MHSOs) that have signed cooperative agreements with the Centers for Medicare & Medicaid Services (CMS) to provide care support services to targeted Medicare fee-for-service (FFS) beneficiaries. The purposes of the MHS program are to improve the quality of healthcare provided to Medicare FFS beneficiaries with congestive heart failure and/or diabetes and to reduce the

healthcare treatment cost to Medicare. MHS performance measures provide CMS with information to monitor the program operations and identify positive or negative program effects, provide MHSOs with feedback, and serve as the basis for MHS performance guarantees. To meet these requirements, CMS has developed a performance monitoring system for MHS. This system includes measures of clinical performance that require the collection of clinical data from the medical records of a sample of Medicare beneficiaries. Medical record abstraction will be performed in two phases: the first, a pilot test, will take place after approximately six months of program operations, and the second, the full study. CMS will obtain active informed consent from the affected beneficiaries prior to reviewing medical records; *Frequency:* Reporting—Other: Only Once; *Affected Public:* Individuals or Households and Business or other for-profit; *Number of Respondents:* 26,643; *Total Annual Responses:* 26,643; *Total Annual Hours:* 12,416.

2. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Medicare—Determining Third Party Liability (TPL) State Plan Preprint and Supporting Regulations in 42 CFR 433.138; *Form Number:* CMS-R-0107 (OMB#: 0938-0502); *Use:* Medicaid beneficiaries frequently have third party resources which are legally obligated to pay medical claims before Medicaid pays. Section 42 CFR 433.138 requires State Medicaid agencies to take specific steps to identify third party resources and determine their legal liability to pay for services under the plan. The collection of TPL information results in significant program savings to the extent that liable third parties can be identified and payments can be made for services that would otherwise be paid for by the Medicaid program. The State Medicaid agencies are the primary users of the collected data. Whenever States identify third party resources, pertinent information is entered into the State's Medicaid Management Information System (MMIS). This enables the State to advise the provider to bill the third party and to seek reimbursement in situations where Medicaid TPL claims have been paid; *Frequency:* Recordkeeping—On occasion; *Affected Public:* Individuals or Households and Federal, State, Local and Tribal Government; *Number of Respondents:* 2,700,000; *Total Annual Responses:* 2,700,000; *Total Annual Hours:* 472,259.

3. *Type of Information Collection Request:* Extension of a currently
