

proposes to mine and/or rehabilitate a set of entries parallel to the existing Main North entries to reduce the miner's exposure to injury by using the specific terms and conditions listed in this petition for modification. The petitioner states that the majority of the development will consist of rehabilitation of existing entries and crosscuts, and some extraction of coal in areas between the existing gate sections. The petitioner asserts that application of the existing standard would result in a diminution of safety to the miners and the proposed alternative method would provide at least the same measure of protection as the existing standard.

6. Ohio Valley Coal Company (The)

[Docket No. M-2005-018-C]

The Ohio Valley Coal Company, 56854 Pleasant Ridge Road, Alledonia, Ohio 43902 has filed a petition to modify the application of 30 CFR 75.350(b)(6) (Belt air course ventilation) to its Powhatan No. 6 Mine (MSHA I.D. No. 33-01159) located in Belmont County, Ohio. Due to deteriorating roof conditions in the Main North which extends from the junction of A-West Submain to the Portal of Hope, delivery and installation of supplemental supports will expose miners to hazardous conditions. The petitioner proposes to mine and/or rehabilitate a set of entries parallel to the existing Main North entries to reduce the miner's exposure to injury by using the specific terms and conditions listed in this petition for modification. The petitioner states that the majority of the development will consist of rehabilitation of existing entries and crosscuts, and some extraction of coal in areas between the existing gate sections. The petitioner asserts that application of the existing standard would result in a diminution of safety to the miners and the proposed alternative method would provide at least the same measure of protection as the existing standard.

Veterans' Employment and Training Service

Urban Homeless Veterans' Reintegration Program (HVRP) Grants for Program Year (PY) 2005

Announcement Type: Initial Solicitation for Grant Applications (SGA).

Funding Opportunity Number: SGA # 05-01.

Catalogue of Federal Domestic Assistance #: 17-805.

Dates: Applications are due on April 28, 2005.

Period of Performance is PY 2005, July 1, 2005 through June 30, 2006.

Executive Summary (Applicants For Grant Funds Should Read This Notice In Its Entirety): The U.S. Department of Labor (USDOL), Veterans' Employment and Training Service (VETS), announces a grant competition under 38 U.S.C. Section 2021, as added by Section 5 of Public Law 107-95, the Homeless Veterans Comprehensive Assistance Act of 2001 (HVCAA). Section 2021 requires the Secretary of Labor to conduct, directly or through grant or contract, such programs as the Secretary determines appropriate to expedite the reintegration of homeless veterans into the labor force.

Due to limited available funding and the high concentration of homeless veterans in the metropolitan areas of the 75 U.S. cities largest in population and the metropolitan area of San Juan, Puerto Rico, the only jurisdictions eligible to be served through this urban competition for HVRPs are those areas listed in Appendix I.

HVRP grants are intended to address two objectives: (1) To provide services to assist in reintegrating homeless veterans into meaningful employment within the labor force, and (2) to stimulate the development of effective service delivery systems that will address the complex problems facing homeless veterans. Successful applicants will design programs that assist eligible veterans by providing job placement services, job training, counseling, supportive services, and other assistance to expedite the reintegration of homeless veterans into the labor force. Successful programs

will also be designed to be flexible in addressing the universal as well as the local or regional problems that have had a negative impact on homeless veterans reentering the workforce.

Under this solicitation covering Fiscal Year (FY) 2005, VETS anticipates that up to \$2,000,000 will be available for grant awards up to a maximum of \$300,000 for each grant award. VETS expects to award approximately seven (7) grants. This notice contains all of the necessary information and forms to apply for grant funding. The period of performance for these PY 2005 grants will be July 1, 2005 through June 30, 2006. Two (2) optional years of funding may be available, depending upon Congressional appropriations, the agency's decision to exercise the optional year(s) of funding, and satisfactory grantee performance.

I. Funding Opportunity Description

The U.S. Department of Labor (USDOL), Veterans' Employment and Training Service (VETS), announces a grant competition under 38 U.S.C. Section 2021, as added by Section 5 of Public Law 107-95, the Homeless Veterans Comprehensive Assistance Act of 2001 (HVCAA). Section 2021 requires the Secretary of Labor to conduct, directly or through grant or contract, such programs as the Secretary determines appropriate to provide job training, counseling, and placement services (including job readiness, literacy training, and skills training) to expedite the reintegration of homeless veterans into the labor force.

1. Program Concept and Emphasis

HVRP grants are intended to address two objectives: (a) To provide services to assist in reintegrating homeless veterans into meaningful employment within the labor force, and (b) to stimulate the development of effective service delivery systems that will address the complex problems facing homeless veterans.

For this Fiscal Year (FY) 2005 grant solicitation, VETS seeks applicants that will provide direct services through a case management approach that networks with Federal, State, and local resources for veteran support programs. Successful applicants will have clear strategies for employment and retention of employment for homeless veterans. Successful applicants will design programs that assist eligible veterans by providing job placement services, job training, counseling, mentoring, supportive services, and other assistance to expedite the reintegration of homeless veterans into the labor force. Successful applicants will also

design programs that are flexible in addressing the universal as well as the local or regional problems that have had a negative impact on homeless veterans reentering the workforce. The HVRP in PY 2005 will seek to continue to strengthen development of effective service delivery systems, to provide comprehensive services through a case management approach that address complex problems facing eligible veterans trying to transition into gainful employment, and to improve strategies for employment and retention in employment.

Due to the limited amount of funding and the high concentration of homeless veterans in the metropolitan areas of the 75 U.S. cities largest in population and the metropolitan area of San Juan, Puerto Rico, the only jurisdictions eligible to be served through this urban competition for HVRP are those areas listed in Appendix I.

2. Project Awareness Program Information and Orientation Activities

In order to promote networking between the HVRP funded program and local service providers (and thereby eliminate gaps or duplication in services and enhance the provision of assistance to participants), the grantee must provide project orientation workshops and/or program awareness activities that it determines are the most feasible for the types of providers listed below. Grantees are encouraged to demonstrate strategies for incorporating small faith-based and community organizations (defined as organizations with social services budgets of \$350,000 or less and six (6) or fewer full-time employees) into their outreach plans. Project orientation workshops conducted by grantees have been an effective means of sharing information and informing the community of the availability of other services; they are encouraged but not mandatory. Rather, grantees will have the flexibility to attend service provider meetings, seminars, and conferences, to outstation staff, and to develop individual service contracts as well as to involve other agencies in program planning.

The grantee will be responsible for providing project awareness, program information, and orientation activities to the following:

A. Direct providers of services to homeless veterans, including shelter and soup kitchen operators, to make them aware of the services available to homeless veterans to make them job-ready and to aid their placement into jobs.

B. Federal, State, and local agencies such as the Social Security

Administration (SSA), Department of Veterans Affairs (DVA), State Workforce Agencies (SWAs) and local One-Stop Centers (which integrate Workforce Investment Act (WIA) and other employment and training services), mental health services, and healthcare detoxification facilities: to familiarize them with the nature and needs of homeless veterans.

C. Civic and private sector groups, in particular Veterans' Service Organizations, support groups, job training and employment services, and community-based organizations (including faith-based organizations), to provide information on homeless veterans and their needs.

The grantee will also be responsible for participating in "Stand Down" events. A "Stand Down" is an event held in a locality, usually for one (1) to three (3) days, where services are provided to homeless veterans along with shelter, meals, clothing, employment services, and medical attention. This type of event is mostly a volunteer effort, which is organized within a community and brings service providers together such as the Department of Veterans Affairs, Disabled Veterans' Outreach Program Specialists (DVOP) and Local Veterans' Employment Representatives (LVER) staff from the State Workforce Agencies, Veteran Service Organizations, military personnel, civic leaders, and a variety of other interested persons, groups, and organizations. Many services are provided on-site with referrals also made for continued assistance after the Stand Down event. These events can often be the catalyst that enables homeless veterans to get back into mainstream society. The Department of Labor has supported replication of these events and many have been held throughout the nation.

In areas where an HVRP is operating, grantees are expected and encouraged to participate fully and offer their services for all locally planned Stand Down event(s). Toward this end, up to \$8,000 of the requested HVRP grant funds may be used to supplement the Stand Down efforts, where funds are not otherwise available, and may be requested in the budget and explained in the budget narrative.

3. Scope of Program Design

In addition to the activities described above, the project design must include the following services:

A. Outreach, intake, assessment, peer counseling to the degree practical, employment services, and follow-up support services to enhance retention in employment. Program staff providing

outreach services should have experience in dealing with, and an understanding of the needs of, homeless veterans. Outreach activities must include and coordinate with the DVOP and LVER staff in the State Workforce Agencies or in the workforce investment systems' One-Stop Career Centers, Veterans' Workforce Investment Program (VWIP), and the Department of Veterans Affairs.

B. Provision of or referral to employment services such as: job search workshops, job counseling, assessment of skills, resume writing techniques, interviewing skills, subsidized trial employment (work experience), job development services, job placement into unsubsidized employment, job placement follow-up services to enhance retention in employment.

C. Provision of or referral to training services such as: basic skills instruction, remedial education activities, life skills and money management training, on-the-job training, classroom training, vocational training, specialized and/or licensing training programs, and other formal training programs as deemed appropriate to benefit the participant. At least 80% of the enrolled HVRP participants must participate in training activities.

D. Grantees must perform a preliminary assessment of each participant's eligibility for Department of Veterans Affairs (DVA) service-connected disability, compensation, and/or pension benefits. As appropriate, grantees will work with the Veterans Service Organizations or refer the participants to DVA in order to file a claim for compensation or pension. Grantees will track progress of claims and report outcomes in case management records.

E. Coordination with veterans' services programs, including: DVOPs and LVERs in the workforce investment system's One-Stop Career Centers, as well as Veterans' Workforce Investment Programs (VWIPs), Department of Veterans Affairs (DVA) services, including its Health Care for Homeless Veterans, Domiciliary Care, Regional Benefits Assistance Program, and Transitional Housing under Homeless Provider Grant and per diem programs.

F. Networking with Veterans' Service Organizations such as: The American Legion, Disabled American Veterans, Veterans of Foreign Wars, Vietnam Veterans of America, the American Veterans (AMVETS).

G. Referral as necessary to health care, counseling, and rehabilitative services including, but not limited to: alcohol and drug rehabilitation, therapeutic services, Post Traumatic Stress Disorder

(PTSD) services, and mental health services as well as coordination with Stewart B. McKinney Homeless Assistance Act (MHAA) programs for health care for the homeless, and health care programs under the Homeless Veterans Comprehensive Assistance Act (HVCAA) of 2001.

H. Referral to housing assistance, as appropriate, provided by: local shelters, Federal Emergency Management Administration (FEMA) food and shelter programs, transitional housing programs and single room occupancy housing programs funded under MHAA and HVCAA, and permanent housing programs for disabled homeless persons funded under MHAA and HVCAA.

4. *Results-Oriented Model*: No specific model is mandatory, but successful applicants will design a program that is responsive to the needs of the local community and achieves the HVRP objectives. The HVRP objectives are to successfully reintegrate homeless veterans into the workforce and to stimulate the development of effective service delivery systems that will address the complex problems facing homeless veterans.

Under the Government Performance and Results Act (GPRA), Congress and the public are looking for program results rather than program processes. The outcome measurement established for HVRP grants is for grantees to meet a minimum entered employment rate of 58%, determined by dividing the number of participants who entered employment by the number of HVRP enrollments. (Actual performance outcomes will be reported quarterly using an Internet-based reporting system for HVRP with access provided to successful grantees after the award process has been completed.) While the percentage of HVRP enrollments that enter employment is an important outcome, it is also necessary to evaluate and measure the program's long-term results, through the 90-day and 180-day follow-up periods, to determine the quality and success of the program.

The applicant's program should be based on a results-oriented model. The first phase of activity should consist of the level of outreach necessary to introduce the program to eligible homeless veterans. Outreach also includes establishing contact with other agencies that encounter homeless veterans. Once the eligible homeless veterans have been identified, an assessment must be made of each individual's abilities, interests, needs, and barriers to employment. In some cases, participants may require referrals to services such as rehabilitation, drug or alcohol treatment, or a temporary

shelter before they can be enrolled into the HVRP program. Once the eligible homeless veteran is stabilized, the assessment must concentrate on the employability of the individual and whether the individual is to be enrolled into the HVRP program.

A determination should be made as to whether the HVRP enrolled participant would benefit from pre-employment preparation such as resume writing, job search workshops, related employment counseling, and case management, or possibly an initial entry into the job market through temporary jobs.

Additionally, sheltered work environments, classroom training, and/or on-the-job training must be evaluated. Such services should be noted in an Employability Development Plan to facilitate the staff's successful monitoring of the plan. Entry into full-time employment or a specific job-training program should follow, in keeping with the overall objective of HVRP, to bring the participant closer to self-sufficiency. Supportive services may assist the HVRP enrolled participant at this point or even earlier.

Job development, a crucial part of the employability process, usually occurs when there are no competitive job openings that the HVRP-enrolled participant is qualified to apply for, therefore, a job opportunity is created or developed specifically for that HVRP enrolled participant with an employer. HVRP-enrolled participants who are ready to enter employment and/or who are in need of intensive case management services are to be referred to the DVOP and LVER staff at a One-Stop Career Center. DVOP and LVER staff are able to provide HVRP-enrolled participants the following services: job development, employment services, case management and career counseling. Most DVOP and LVER staff received training in case management at the National Veterans' Training Institute. All DVOP and LVER staff provide employment-related services to veterans who are most at a disadvantage in the labor market. VETS' recommends working hand-in-hand with DVOP/LVER and other One-Stop Career Center staff to achieve economies of resources and to avoid duplication of services. DVOP/LVER staff may also be able to provide valuable assistance in tracking participants in their State wage record management information system for follow-up purposes at 90 and 180 days after a participant enters employment.

The applicant's program must include tracking of program participants. Tracking should begin with the referral to employment and continue through the 90-day and 180-day follow-up

periods after entering employment to determine whether the veteran is in the same or similar job. It is important that the grantee maintain contact with veterans after placement to ensure that employment-related problems are addressed. The 90-day and 180-day follow-ups are fundamental to assessing program results. Grantees need to budget for 90-day and 180-day follow-up activity so that it can be performed for those participants placed at or near the end of the grant performance period. All grantees, prior to the end of the grant performance period, must obligate sufficient funds to ensure that follow-up activities are completed. Such results will be reported in the final technical performance report.

II. Award Information

1. *Type of Funding Instrument*: One (1) year grant.

2. *Funding Levels*: The total funding available for this Urban HVRP solicitation is up to \$2,000,000. It is anticipated that approximately seven (7) awards will be made under this solicitation. Awards are expected to range from \$75,000 to a maximum of \$300,000. The Department of Labor reserves the right to negotiate the amounts to be awarded under this competition. Please be advised that requests exceeding \$300,000 will be considered non-responsive and will not be evaluated.

3. *Period of Performance*: The period of performance will be for the twelve (12) month period of July 1, 2005 to June 30, 2006, unless modified by the Grant Officer. All program funds must be obligated by June 30, 2006; a limited amount of funds may be obligated and reserved for follow-up activities and closeout.

4. *Optional Year Funding*: Should Congress appropriate additional funds for this purpose, VETS may consider up to an optional two (2) years of funding. The Government does *not*, however, guarantee optional year funding for any grantee. In deciding whether to exercise any optional year(s) of funding, VETS will consider grantee performance during the previous period of operations as follows:

A. The grantee must meet, at minimum, 85% of planned goals for Federal expenditures, enrollments, and placements in each quarter and/or at least 85% of planned cumulative goals by the end of the third quarter; and

B. The grantee must be in compliance with all terms identified in the

Solicitation for Grant Application (SGA) and grant award document; and

C. All program and fiscal reports must have been submitted by the established due dates and must be verified for accuracy.

III. Eligibility Information

1. *Eligible Applicants:* Applications for funds will be accepted from State and local Workforce Investment Boards, local public agencies, for-profit/commercial entities, and nonprofit organizations, including faith-based and community organizations. Applicants must have a familiarity with the area and population to be served and the ability to administer an effective and timely program.

Eligible applicants will generally fall into one of the following categories:

- State and local Workforce Investment Boards (WIBs), established under Sections 111 and 117 of the Workforce Investment Act.

- Public agencies, meaning any public agency of a State or of a general purpose political subdivision of a State that has the power to levy taxes and spend funds, as well as general corporate and police powers. (This typically refers to cities and counties.) A State agency may propose in its application to serve one or more of the potential jurisdictions located in its State. This does not preclude a city or county agency from submitting an application to serve its own jurisdiction.

- For-profit/commercial entities.
- Nonprofit organizations. If claiming 501(c)(3) status, the Internal Revenue Service statement indicating 501(c)(3) status approval must be submitted.

Note that entities organized under Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are not eligible to receive funds under this announcement. Section 18 of the Lobbying Disclosure Act of 1995, Public Law 104-65, 109 Stat. 691 (2 U.S.C. 1611) prohibits instituting an award, grant, or loan of federal funds to 501(c)(4) entities that engage in lobbying.

2. *Cost Sharing:* Cost sharing and/or matching funds are *not* required. However, we do encourage grantees to maximize the resources available to the project.

3. *Other Eligibility Criteria:*

A. The proposal must include a participant outreach component that uses DVOP/LVER staff and/or trained outreach staff. Programs must be "employment-focused." An "employment-focused" program is a program directed toward: (1) increasing the employability of homeless veterans through training or arranging for the

provision of services that will enable them to work and (2) matching homeless veterans with potential employers.

B. Applicants are encouraged to utilize, through partnerships or sub-awards, experienced public agencies, private nonprofit organizations, private businesses, faith-based and community organizations, and colleges and universities (especially those with traditionally high enrollments of minorities) that have an understanding of unemployment and the barriers to employment unique to homeless veterans, a familiarity with the area to be served, and the capability to effectively provide the necessary services.

C. To be eligible for enrollment as a participant under this HVRP grant an individual must be homeless *and* a veteran defined as follows:

- The term "*homeless or homeless individual*" includes persons who lack a fixed, regular, and adequate nighttime residence. It also includes persons whose primary nighttime residence is either a supervised public or private shelter designed to provide temporary living accommodations; an institution that provides a temporary residence for individuals intended to be institutionalized; or a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings. [42 U.S.C. 11302 (a)].

- The term "*veteran*" means a person who served in the active military, naval, or air service, and who was discharged or released under conditions other than dishonorable. [38 U.S.C. 101(2)].

The following format for the technical proposal is recommended: Need for the program: The applicant must identify the geographical area to be served and provide an estimate of the number of homeless veterans in the designated geographical area. Include poverty and unemployment rates in the area and identify the disparities in the local community infrastructure that exacerbate the employment barriers faced by the targeted veterans. Include labor market information and job opportunities in the employment fields and industries that are in demand in the geographical area to be served. Applicants are to clearly describe the proposed program awareness and participant outreach strategies.

Approach or strategy to increase employment and job retention: Applicants must be responsive to the Rating Criteria contained in Section V(1) and address all of the rating factors as thoroughly as possible in the narrative. *The applicant must:*

- Include the completed Planned Quarterly Technical Performance Goals (and planned expenditures) form listed in Appendix D.

Linkages with facilities that serve homeless veterans: Describe program and resource linkages with other facilities that will be involved in identifying potential clients for this program. Describe any networks with other related resources and/or other programs that serve homeless veterans. Indicate how the program will be coordinated with any efforts that are conducted by public and private agencies in the community. Indicate how the applicant will coordinate with any continuum of care efforts for the homeless among agencies in the community. If a Memorandum of Understanding (MOU) or other service agreement with service providers exists, copies should be provided.

Linkages with other providers of employment and training services to homeless veterans: Describe the linkages, networks, and relationships the proposed program will have with other providers of services to homeless veterans; include a description of the relationship with other employment and training programs in the One Stop System such as Disabled Veterans' Outreach Program (DVOP), the Local Veterans' Employment Representative (LVER) program, and programs under the Workforce Investment Act such as the Veterans' Workforce Investment Program (VWIP); list the type of services that will be provided by each. Note the type of agreement in place, if applicable. Linkages with the workforce investment system are required. Describe any networks with any other resources and/or other programs for homeless veterans. If a Memorandum of Understanding (MOU) or other service agreement with other service providers exists, copies should be provided.

Linkages with other Federal agencies: Describe program and resource linkages with the Department of Housing and Urban Development (HUD), Department of Health and Human Services (HHS), and Department of Veterans Affairs (DVA), to include the Compensated Work Therapy (CWT) and per diem programs. A summary narrative of program experience and employment and training performance outcomes is required. *The applicant must provide information showing outcomes of employment and training programs that it has had in the past three (3) years in terms of enrollments and participants who have entered into employment.* An applicant that has operated a HVRP, other Homeless Employment and Training program, or VWIP program must also include the final or most recent technical performance report.

Please note that the Department of Labor grant review panel members, who will be reviewing all grant applications submitted as a result of this SGA, do not have access to any reporting information systems during the review process, therefore, if final or most recent technical performance reports are not submitted, the grant application may be considered non-responsive.

The applicant must also provide evidence of key staff capability. It is preferred that the grantee be a well established service provider and not in the initial start-up phase or process.

Proposed housing strategy for homeless veterans: Describe how housing resources for eligible homeless veterans will be obtained or accessed. These resources must be from linkages or sources other than the HVRP grant such as HUD, HHS, community housing resources, DVA leasing, or other programs.

C. Section 3—The Cost Proposal must contain the following: Applicants can expect that the cost proposal will be reviewed for allocability, allowability, and reasonableness.

The applicant must include costs of any required travel described in this Solicitation. Planned travel expenditures will not exceed 5% of the total HVRP funds requested. Mileage charges may not exceed 40.5 cents per mile or the current Federal rate;

- All associated costs for obtaining and retaining participant information pertinent to the follow-up survey, at 90 and 180 days after the program performance period ends;

- Description/specification of, and justification for, equipment purchases, if any. Tangible, non-expendable, personal property having a useful life of more than one year and a unit acquisition cost of \$5,000 or more per unit must be specifically identified; and

- Matching funds, leveraged funds, and in-kind services are not required for HVRP grants. However, if matching funds, leverage funds, or in-kind services are to be used, an identification of all sources of leveraged or matching funds and an explanation of the derivation of the value of matching/in-kind services must be provided. When resources such as matching funds, leveraged funds, and/or the value of in-kind contributions are made available, please show in Section B of the Budget Information Sheet.

(4) A completed Assurance and Certification signature page (Appendix C) (signed in blue ink) must be submitted;

(5) All applicants must submit evidence of satisfactory financial management capability, which must include recent (within the last 18 months) financial and/or audit statements. All successful grantees are required to utilize Generally Accepted Accounting Practices (GAAP), maintain a separate accounting for these grant funds, and have a checking account;

(6) All applicants must include, as a separate appendix, a list of all employment and training government grants and contracts that it has had in the past three (3) years, including grant/contract officer contact information. VETS reserves the right to have a DOL representative review and verify this data;

(7) A completed Survey on Ensuring Equal Opportunity for Applicants (Appendix F) must be provided.

3. *Submission Dates and Times* (Acceptable Methods of Submission): The grant application package must be received at the designated place by the date and time specified or it will not be considered. Any application received at the Office of Procurement Services after 4:45 p.m. EDT, April 28, 2005, will not be considered unless it is received before the award is made and:

- It is determined by the Government that the late receipt was due solely to mishandling by the Government after receipt at the U.S. Department of Labor at the address indicated; or

- It was sent by registered or certified mail not later than the fifth calendar day before April 28, 2005; or

- It was sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee, not later than 5 p.m. at the place of mailing two (2)

working days, excluding weekends and Federal holidays, prior to April 28, 2005.

➤ Applicants may apply online at <http://grants.gov>. Applicants submitting proposals online are requested to refrain from mailing an application as well.

Any application received after the deadline will not be considered and will not be evaluated.

4. *Intergovernmental Review*: Not Applicable.

5. *Funding Restrictions*:

A. Proposals exceeding \$300,000 will be considered non-responsive and will not be evaluated.

B. There is a limit of one (1) application per submitting organization and physical location serving the same HVRP participant population. If two (2) applications from the same organization for the same physical location serving the same HVRP participant population are submitted, the application with the later date will be considered non-responsive. Please do not submit duplicate original grant applications as only one (1) grant application will be considered for funding purposes.

C. Due to the limited availability of funding, if an organization was awarded Fiscal Year 2003 or Fiscal Year 2004 HVRP funds for a specific physical location serving the same HVRP participant population and will be receiving second and possible third year funding, then that organization at that specific physical location serving the same HVRP participant population will be considered ineligible to compete for FY 2005 HVRP funds. Therefore, due to the limited funding availability, we are unable to award more than one (1) HVRP grant per organization at a specific physical location serving the same HVRP participant population.

D. There will not be reimbursement of pre-award costs unless specifically agreed upon in writing by the Department of Labor.

E. Entities described in Section 501(c)(4) of the Internal Revenue Code that engage in lobbying activities are not eligible to receive funds under this announcement because Section 18 of the Lobbying Disclosure Act of 1995, Public Law No. 104-65, 109 Stat. 691, prohibits the award of Federal funds to these entities.

F. The only potential areas that will be served through this urban competition for HVRPs in FY 2005 are the metropolitan areas of the 75 U.S. cities largest in population and the metropolitan area of San Juan, Puerto Rico (see Appendix I).

G. The U.S. Government is generally prohibited from providing direct financial assistance for inherently

religious activities. The grantee may work with and partner with religious institutions; however, direct Federal assistance provided under grants with the U.S. Department of Labor may not be used for religious instruction, worship, prayer, proselytizing or other inherently religious activities. 29 CFR part 2, Subpart D governs the treatment in government programs of religious organizations and religious activities; the grantee and sub-awardees are expected to be aware of and observe the regulations in this Subpart.

H. Limitations on Administrative and Indirect Costs

- Administrative costs, which consist of all direct and indirect costs associated with the supervision and management of the program, are limited to and will not exceed 20% of the total grant award.

- Indirect costs claimed by the applicant must be based on a Federally approved rate. A copy of the current negotiated approved and signed indirect cost negotiation agreement must be submitted with the application.

Furthermore, indirect costs are considered a part of administrative costs for HVRP purposes and, therefore, may not exceed 20% of the total grant award.

- If the applicant does not presently have an approved indirect cost rate, a proposed rate with justification may be submitted. Successful applicants will be required to negotiate an acceptable and allowable rate within 90 days of grant award with the appropriate DOL Regional Office of Cost Determination or with the applicant's cognizant agency for indirect cost rates (See Office of Management and Budget web site at <http://www.whitehouse.gov/omb/grants/attach.html>).

- Indirect cost rates traceable and trackable through the State Workforce Agency's Cost Accounting System represent an acceptable means of allocating costs to DOL and, therefore, can be approved for use in grants to State Workforce Agencies.

6. Other Submission Requirements:

The only acceptable evidence to establish the date of mailing of a late application sent by registered or certified mail is the U.S. Postal Service postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. If the postmark is not legible, an application received after the above closing time and date shall be processed as if mailed late. "Postmark" means a printed, stamped or otherwise placed impression (not a postage meter machine impression) that is readily identifiable without further action as having been applied and affixed by an employee of the U.S. Postal Service on

the date of mailing. Therefore applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper. Applications cannot be accepted by e-mail or facsimile machine.

The only acceptable evidence to establish the date of mailing of a late application sent by U.S. Postal Service Express Mail Next Day Service-Post Office to Addressee is the date entered by the Post Office clerk on the "Express Mail Next Day Service-Post Office to Addressee" label and the postmark on the envelope or wrapper and on the original receipt from the U.S. Postal Service. "Postmark" has the same meaning as defined above. Therefore, applicants should request that the postal clerk place a legible hand cancellation "bull's-eye" postmark on both the receipt and the envelope or wrapper.

The only acceptable evidence to establish the time of receipt at the U.S. Department of Labor is the date/time stamp of the Procurement Services Center on the application wrapper or other documentary evidence or receipt maintained by that office. Applications sent by other delivery services, such as Federal Express, UPS, etc., will also be accepted.

All applicants are advised that U.S. mail delivery in the Washington, DC area has been erratic due to security concerns. All applicants must take this into consideration when preparing to meet the application deadline, as you assume the risk for ensuring a timely submission, that is, if, because of these mail problems, the Department does not receive an application or receives it too late to give proper consideration, even if it was timely mailed, the Department is not required to consider the application.

V. Application Review Information

1. *Application Evaluation Criteria:* Applications will receive up to 110 total points based on the following criteria:

A. Need for the Project: 10 Points

The applicant will document the need for this project, as demonstrated by: (i) The potential number or concentration of homeless individuals and homeless veterans in the proposed project area relative to other similar areas; (ii) the rates of poverty and/or unemployment in the proposed project area as determined by the census or other surveys; and (iii) the extent of the gaps in the local infrastructure to effectively address the employment barriers that characterize the target population.

B. Overall Strategy To Increase Employment and Retention in Employment: 35 Points [and Up to 10 Additional Points (for a Total of 45 Points) if Overall Strategy Includes an Approach for Addressing Barriers to Employment Faced by Homeless Female Veterans as Described Below.]

The application must include a description of the approach to providing comprehensive employment and training services, including job training, job development, obtaining employer commitments to hire, placement, and post-placement follow-up services. Applicants must address how they will target occupations in emerging industries. Supportive services provided as part of the strategy of promoting job readiness and job retention must be indicated. The applicant must identify the local services and sources of training to be used for participants. At least 80% of enrolled participants must participate in training activities. A description of the relationship with other employment and training programs delivered through the One-Stop Career Center System must be specified. Applicants must indicate how the activities will be tailored or responsive to the needs of homeless veterans. A participant flow chart may be used to show the sequence and mix of services.

Additional Points: Up to an additional 10 points under this section will be awarded to grant proposals that focus some of their effort on addressing the barriers to employment faced by homeless female veterans. For such purposes, it is recommended that grant applicants have an established network of service providers to assist the children of homeless veterans, including but not limited to, housing, child care, medical care, etc. It is recommended that formal Memorandum of Understandings with providers of children services be established and attached to the grant application request.

Note: The applicant must complete Appendix D, the Recommended Format for Planned Quarterly Technical Performance Goals, with proposed programmatic outcomes, including participants served, placement/entered employments and job retention.

C. Quality and Extent of Linkages With Other Providers of Services to the Homeless and to Veterans: 20 Points

The application must provide information on the quality and extent of the linkages this program will have with other providers of services to homeless veterans in the local community including faith-based and community

organizations. For each service, the applicant must specify who the provider is, the source of funding (if known), and the type of linkages/referral system established or proposed. Describe, to the extent possible, how the project would be incorporated into the community's continuum of care approach and/or the ten (10) year plan to end homelessness. Describe how the proposed project links to the appropriate State Workforce Agency and One-Stop Center(s) including coordination and collaboration with DVOP/LVER and other One Stop Center staff, HUD, HHS, DVA, and/or other local community based programs and the services that will be provided as necessary on behalf of the homeless veteran participants to be served.

D. Demonstrated Capability in Providing Required Program Services, Including Programmatic Reporting and Participant Tracking: 25 Points

The applicant must describe its relevant prior experience in operating employment and training programs and providing services to participants similar to those that are proposed under this solicitation. Specific outcomes previously achieved by the applicant must be described, such as job placements, benefits secured, network coalitions, etc. The applicant must also address its capacity for timely startup of the program, programmatic reporting, and participant tracking. The applicant should describe its staff experience and ability to manage the administrative, programmatic and financial aspects of a grant program. Include a recent (within the last 18 months) financial statement or audit. Final or most recent technical reports for other relevant programs must be submitted, if applicable. Because prior HVRP experience is not a requirement for this grant, some applicants may not have any HVRP technical performance reports to submit but may have other similar type programmatic performance reports to submit as evidence of experience in operating other employment and training type programs.

E. Quality of Overall Housing Strategy: 10 Points

The application must demonstrate how the applicant proposes to obtain or access housing resources for veterans in the program and entering the labor force. This discussion should specify the provisions made to access temporary, transitional, and permanent housing for participants through community resources, HUD, DVA lease, or other means. *HVRP funds may not be*

used for housing purposes or purchasing or leasing of vehicles.

2. Review and Selection Process:

Applications will initially be screened to ensure timeliness, completeness, and compliance with the SGA requirements. Applications that satisfy this initial screening will receive further review as explained below.

Technical proposals will be reviewed by a Department of Labor grant review panel using the point scoring system specified above in Section V(1). The review panel will assign scores after careful evaluation by each panel member and rank applications based on this score. The ranking will be the primary basis to identify applicants as potential grantees. The review panel may establish a competitive range, based upon the proposal evaluation, for the purpose of selecting qualified applicants. The review panel may further evaluate grant applications deemed within the competitive range by assigning a point system for proposed grantee performance goals in order to compare goals of other grant applications deemed within the competitive range. The review panel's conclusions are advisory in nature and not binding on the Grant Officer.

Cost proposals will be considered in two (2) ways. The Department of Labor review panel will screen all applicant cost proposals to ensure expenses are allocable, allowable, and reasonable. If the review panel concludes that the cost proposal contains an expense(s) that is not allocable, allowable, and/or reasonable, the application may be considered ineligible for funding. Further, VETS and the Grant Officer will consider applicant information concerning the proposed cost per placement, percentage of participants placed into unsubsidized employment, average wage at placement, 90 and 180-day retention in employment percentages, and geographical balance. The national average cost per placement for HVRP for last year was \$2,200.

The Government reserves the right to ask for clarification on any aspect of a grant application. The Government also reserves the right to discuss any potential grantee concerns amongst Department of Labor staff. The Government further reserves the right to select applicants out of rank order if such a selection would, in its opinion, result in the most effective and appropriate combination of funding, program, and administrative costs, e.g., cost per enrollment and placement, demonstration models, and geographic service areas. The Grant Officer's determination for award under SGA #05-01 is the final agency action. The

submission of the same proposal from any prior year HVRP competition does not guarantee an award under this Solicitation.

VI. Award Administration Information

1. Award Notices

A. The Notice of Award signed by the Grant Officer is the authorizing document and will be provided through postal mail and/or by electronic means to the authorized representative listed on the SF-424 Grant Application. Notice that an organization has been selected as a grant recipient does not constitute approval of the grant application as submitted. Before the actual grant award, the Grant Officer may enter into negotiations concerning such items as program components, funding levels, and administrative systems. If the negotiations do not result in an acceptable submittal, the Grant Officer reserves the right to terminate the negotiation and decline to fund the proposal.

B. A post-award conference will be held for those grantees awarded FY 2005 HVRP funds through this competition. The post-award conference is expected to be held in August 2005 and up to two (2) representatives must be present. The site of the post-award conference has not yet been determined, however, for planning and budgeting purposes, please allot five (5) days and use Denver, Colorado as the conference site. The post-award conference will focus on providing information and assistance on reporting, recordkeeping, grant requirements, and also include networking opportunities to learn of best practices from more experienced and successful grantees. Costs associated with attending this conference for up to two (2) grantee representatives will be allowed as long as they are incurred in accordance with Federal travel regulations. Such costs must be charged as administrative costs and reflected in the proposed budget.

2. Administrative and National Policy Requirements

Unless specifically provided in the grant agreement, DOL's acceptance of a proposal and an award of Federal funds to sponsor any program(s) does not provide a waiver of any grant requirements and/or procedures. For example, the OMB circulars require that an entity's procurement procedures must provide all procurement transactions will be conducted, as practical, to provide open and free competition. If a proposal identifies a specific entity to provide the services, the DOL award does not provide the

justification or basis to sole-source the procurement, *i.e.*, avoid competition. All grants will be subject to the following administrative standards and provisions, as applicable to the particular grantee:

- 29 CFR part 2, Subpart D—Equal Treatment in Department of Labor Programs for Faith-Based and Community Organizations; Protection of Religious Liberty of Department of Labor Social Service Providers and Beneficiaries.

- 29 CFR part 31—Nondiscrimination in Federally Assisted Programs of the Department of Labor—Effectuation of Title VI of the Civil Rights Act of 1964.

- 29 CFR part 32—Nondiscrimination on the Basis of Handicap in Programs or Activities Receiving or Benefiting from Federal Financial Assistance.

- 29 CFR part 33—Enforcement of Nondiscrimination on the Basis of Handicap in Programs or Activities Conducted by the Department of Labor.

- 29 CFR part 35—Nondiscrimination on the Basis of Age in Programs and Activities Receiving Federal Financial Assistance from the Department of Labor.

- 29 CFR part 36—Nondiscrimination on the Basis of Sex in Education Programs or Activities Receiving Federal Assistance.

- 29 CFR part 37—Implementation of the Nondiscrimination and Equal Opportunity Provisions of the Workforce Investment Act of 1998.

- 29 CFR part 93—Lobbying.
- 29 CFR part 95—Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and other Nonprofit Organizations, and with Commercial Organizations.

- 29 CFR part 96—Federal Standards for Audit of Federally Funded Grants, Contracts and Agreements.

- 29 CFR part 97—Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments.

- 29 CFR part 98—Federal Standards for Government-wide Debarment and Suspension (Non procurement) and Government-wide Requirements for Drug-Free Workplace (Grants).

- 29 CFR part 99—Audit of States, Local Governments, and Nonprofit Organization.

- Applicable cost principles under OMB Circulars A–21, A–87, A–122, or 48 CFR part 31.

3. Reporting

D. 180-Day Follow-Up Report/ Longitudinal Survey

General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of Section B.

Section A. Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in *Column (a)* and the respective Catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

Lines 1-4, Columns (c) through (g)

For *new applications*, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in Columns (e) and (f).

For *supplemental grants and changes* to existing grants, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of the increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

Line 5 - Show the totals for all columns used.

Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

Line 6a-i - Show the totals of Lines 6a to 6h in each column.

Line 6j - Show the amount of indirect cost.

Line 6k - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in Section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease as shown in Columns (1)-(4), Line 6k should be the same as the sum of the amounts in Section A, Columns (e) and (f) on Line 5.

Line 7 - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount, Show under the program

GLOSSARY OF TERMS

Adequate Employment – See Unsubsidized Employment.

Administrative Costs - Administrative costs shall consist of all direct and indirect costs associated with the supervision and management of the program. These costs shall include the administrative costs, both direct and indirect, of sub-recipients and contractors. All indirect costs are considered administrative costs for HVRP/VWIP purposes, therefore, administrative costs including indirect costs shall not exceed 20% of the total grant award.

Adult Basic Education - Education for adults whose inability to speak, read, or write the English language or to effectively reason mathematically, constitutes a substantial impairment of their ability to get or retain employment commensurate with their real ability, which is designed to help eliminate such inability and raise the level, of education of such individuals with a view to making them less likely to become dependent on others, to improve their ability to benefit from occupational training and otherwise increase their opportunities for more productive and profitable employment, and to make them better able to meet their adult responsibilities.

Ancillary Services – Employment and training-related activities other than core training that may enhance a participant's employability.

Apprenticeship Training – A formal occupational training program that combines on-the-job training and related instruction and in which workers learn the practical and conceptual skills required for a skilled occupation, craft, or trade. It may be registered or unregistered.

Assessment/Intake - A process for screening individual applicants for program eligibility making the level of need determinations; making an initial determination what services or programs can best benefit the applicants; providing information about services, program eligibility, and the availability of those services, and the routing or selecting individual applicants for particular service delivery or program participation.

Assisted Placements Into Unsubsidized Employment - Assisted placements into unsubsidized employment should be recorded where the definition for placement with unsubsidized employment above is met, but the placement was arranged by an agency to which the homeless veteran was referred to. Grantees can report and take credit for one (1) assisted placement into unsubsidized employment per enrolled eligible participant. (Also see entered employment.)

Average Hourly Wage At Placement - The average hourly wage at placement is the average hourly wage rates at placement of all assisted placements plus direct placements.

Assurance and Certifications - The act of signifying intent to comply with applicable federal and State laws and regulations as a condition for receiving and expending USDOL grant funds.

Barriers to Employment - Characteristics that may hinder an individual's hiring promotion or participation in the labor force. Identification of these barriers will vary by location and labor market. Some examples of individuals who may face barriers to employment include: single parents, women, displaced homemakers, youth, public assistance recipients, older workers, substance abusers, teenage parents, certain veterans, ethnic minorities, and those with limited English speaking ability or a criminal record or with a lack of education, work experience, credential, child care arrangements, transportation or alternative working patterns.

Campaign Badge veteran - A veteran who served on active duty during a war (e.g., WWII), action (e.g., Korea, Vietnam, Desert Storm, Operation Enduring Freedom) or in a campaign or expedition for which a campaign badge or an expeditionary medal has been authorized (e.g. Haiti, Somalia, Bosnia and Grenada). A complete listing is available on the following web site maintained by the Office of Personnel Management (OPM):
<http://www.opm.gov/veterans/html/vgmedal2.asp>

Carry-Over Registrants – is an unduplicated count of enrolled participants from a previous grant award period who were unemployed at the end of the grant expiration date and who continued to seek employment and supportive services from the grantee in the next grant award period. All services provided to carry-over registrants are to be recorded in the grant period that such services are received.

For example: the initial grant award period was from July 1st through June 30th, a participant was enrolled into the program but as of June 30th the participant was still unemployed, therefore, the participant (who is still seeking employment and supportive services from the grantee) will be carried over into the next grant award cycle beginning July 1st.

For example: a participant was enrolled into the program on May 23rd and was still unemployed and seeking grantee assistance as of July 1st, therefore, this participant is carried over into the next grant award period.

For example: a participant was enrolled into the program on February 20th and entered employment on June 1st, therefore, this participant does not carry over into the next grant award period.

Note: Carry-over registrants are added to the total number of enrolled participants and are to be included in all applicable performance statistics, targeted sub-groups, and calculations (i.e., cost per placement, placement into employment rate, number retaining employment for 90 and 180 days, average hourly wage at placement, etc.).

For example: 25 currently enrolled participants plus 10 carry-over participants from the previous grant award period equals 35 total enrolled participants.

- Out of the 35 enrolled participants, 27 were successful in gaining employment; therefore, the grantee achieved a 77% placement into employment rate (27 entered employments divided by 35 total enrolled participants equals 77%).

- Out of 35 enrolled participants, 27 were successful in gaining employment, and of those 27 who gained employment, 24 retained employment for 90 days, therefore, the grantee achieved a 89% 90-day retention in employment rate (24 retained employments divided by 27 total entered employments equals 89%).

Case Management - A client-centered approach in the delivery of intensive services, designed to prepare and coordinate comprehensive employment plans for participants, to assure access to the necessary training and supportive services, and to provide support during program participation and after job placement.

Case Manager - One who coordinates, facilitates or provides direct services to a client or trainee from application through placement, post placement follow-up, or other case closing, exclusively, through periodic contact and the provision of appropriate assistance.

Classroom Training – Any training of the type normally conducted in an institutional setting, including vocational education, which is designed to provide individuals with the technical skills and information required to perform a specific job or group of jobs. It may also include training designed to enhance the employability of individuals by upgrading basic skills, throughout the provision of courses such as remedial education, training in the primary language of persons with limited English language proficiency, or English as a second language training.

Close Out – Grant close out is the process by which the Federal grantor agency (in the case of VETS grants, Department of Labor) determines that all applicable administrative actions and all required work of the grant have been completed by the grantee and the grantor.

Cognizant Federal Agency - The federal agency that is assigned audit or indirect cost rate approval responsibility for a particular recipient organization by the Office of Management and Budget (OMB Circular A-87 and A-102 [20 CFR, Part 97]).

Community Based Organization – means a private non-profit organization that is representative of a community or a significant segment of a community and that has demonstrated expertise and effectiveness in the field of workforce investment. Faith-Based organizations are considered a subset.

Compensated Work Therapy (CWT) - is a Department of Veterans Affairs (DVA) sponsored program for veteran inpatients and outpatients provided for under 38 U.S.C. 1718(a). CWT incorporates a work regiment with monetary incentives. DVA reimbursements to participants who are in the program are related to their productive capabilities. Every effort is to be made to create a realistic work environment - earnings should be commensurate with wages paid in the community for essentially the same quality and quantity of work and that payments to the patient be prompt and at regular intervals. Although industrial business practices are utilized to simulate usual working conditions, **therapy is still the primary objective**. The Department of Labor, Veterans' Employment and Training Service encourages and supports the use and integration of CWT to benefit the Homeless Veterans' Reintegration Program (HVRP) and Veterans' Workforce Investment Program (VWIP) enrolled participants by improving their job readiness. For HVRP and VWIP purposes, CWT is considered a supportive service and is not to be considered a placement into unsubsidized employment.

Cost Per Placement - The cost per placement into unsubsidized employment is obtained by dividing the total HVRP/VWIP funds expended by the total number of enrolled participants placed into employment.

For example: As of the 2nd quarter, the grantee expended \$150,000 and placed 50 enrolled participants into employment, therefore, the grantee cost per placement was \$3,000 (\$150,000 expended divided by 50 enrolled participants into employment equals \$3,000 cost per placement).

For example: As of the 90 day final report, the grantee expended \$300,000 and placed 100 enrolled participants into employment, therefore, the grantee cost per placement was \$3,000 (\$300,000 expended divided by 100 enrolled participants placed into employment equals \$3,000 cost per placement).

Counseling/Vocational Guidance - A form of assistance which provides guidance in the development of a participant's vocational goals and the means to achieve those goals; and/or assist a participant with the solution to one or more individual problems that may pose a barrier(s) to sustained employment. The participant is achieving vocational goals, e.g. PTSD counseling substance abuse, counseling job training, etc.

Customized Training – A training program designed to meet the special requirements of an employer who has entered into an agreement with a Service Delivery Area to hire individuals who are trained to the employer's specifications. The training may occur at the employer's site or may be provided by a training vendor able to meet the employer's requirements. Such training usually requires a commitment from the employer to hire a specified number of trainees who satisfactorily complete the training.
