Improving Government Regulations; Unified Agenda of Federal Regulatory and Deregulatory Actions

AGENCY: Department of Defense (DoD).

ACTION: Semiannual regulatory agenda.

SUMMARY: The Department of Defense (DoD) is publishing this semiannual agenda of regulatory documents, including those that are procurement-related, for public information and comments under Executive Order 12866 "Regulatory Planning and Review." This agenda incorporates the objective and criteria, when applicable, of the regulatory reform program under the Executive order and other regulatory guidance. It contains DoD issuances initiated by DoD components that may have economic and environmental impact on State, local, or tribal interests under the criteria of Executive Order 12866. Although most DoD issuances listed in the agenda are of negligible public impact, their nature may be of public interest and, therefore, are published to provide notice of rulemaking and an opportunity for public participation in the internal DoD rulemaking process.

For this edition of the Department of Defense's regulatory agenda, the most important significant regulatory actions are included in the Regulatory Plan, which appears in part II of this issue of the **Federal Register**. The Regulatory Plan entries are listed in the table of contents below and are denoted by a bracketed bold reference, which directs the reader to the appropriate sequence number in part II.

This agenda updates the report published on May 16, 2005, and includes regulations expected to be issued and under review over the next 12 months. The next agenda is scheduled to be published in the spring of 2006, with the next regulatory plan scheduled to be published in the fall of 2006. In addition to this agenda, DoD components also publish rulemaking notices pertaining to their specific

statutory administration requirements as required.

For specific agenda items, contact the appropriate individual indicated in each DoD component report.

SUPPLEMENTARY INFORMATION: This edition of the Unified Agenda of Federal Regulatory and Deregulatory Actions is composed of the regulatory status reports, including procurement-related regulatory status reports, from the Office of the Secretary of Defense (OSD) and the Departments of the Army, Navy, and Air Force. Included also is the regulatory status report from the U.S. Army Corps of Engineers, whose civil works functions fall under the reporting requirements of Executive Order 12866 and involve water resource projects and regulation of activities in waters of the United States.

DoD issuances range from DoD directives (reflecting departmental policy) to implementing instructions and regulations (largely internal and used to implement directives). The OSD agenda section contains the primary directives under which DoD components promulgate their implementing regulations.

To ease identification and to differentiate among the variety of issuances reported, they are identified by their DoD internal numbering system, which denotes component level of authority and type of issuance, in addition to the required CFR number.

In addition, this agenda, although published under the reporting requirements of Executive Order 12866, continues to be the DoD single-source reporting vehicle, which identifies issuances that are currently applicable under the various regulatory reform programs in progress. Therefore, DoD components will identify those rules which come under the criteria of the:

- Regulatory Flexibility Act;
- Paperwork Reduction Act of 1995;
- Unfunded Mandates Reform Act of 1995.

DOD

Those DoD issuances, which are directly applicable under these statutes, will be identified in the agenda and their action status indicated. Generally, the regulatory status reports in this agenda will contain five sections: (1) Prerule stage; (2) proposed rule stage; (3) final rule stage; (4) completed actions; and (5) long-term actions. Where certain regulatory actions indicate that small entities are affected, the effect on these entities may not necessarily have significant economic impact on a substantial number of these entities as

defined in the Regulatory Flexibility Act (5 U.S.C. 601(6)).

Although not a regulatory agency, DoD will continue to participate in regulatory initiatives designed to reduce economic costs and unnecessary environmental burdens upon the public. Comments and recommendations are invited on the rules reported and should be addressed to the DoD component representatives identified in the regulatory status reports. Although sensitive to the needs of the public, as well as regulatory reform, DoD reserves

the right to exercise the exemptions and flexibility permitted in its rulemaking process in order to proceed with its overall defense-oriented mission. The publishing of this agenda does not waive the applicability of the military affairs exemption in section 553 of title 5 U.S.C. and section 3 of Executive Order 12866.

Dated: August 31, 2005.
Howard G. Becker,
Deputy Director, Administration and Management.

Priority: Substantive, Nonsignificant

Legal Authority: 5 USC 301; 10 USC 113

CFR Citation: 32 CFR 22; 32 CFR 32

Abstract: This rulemaking is the Department of Defense portion of a multiple-agency action. The agencies are amending their rules implementing Office of Management and Budget (OMB) Circular A-110 "Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals, and Other Nonprofit Organizations." The amendments to the rules incorporate updated language in Circular A-110 requiring Federal awarding agencies to ensure that all data produced under awards subject to the Circular are made available to the public through the procedures established under the Freedom of Information Act (FOIA). OMB updated the Circular language in this way in October 1999, in response to a provision in Public Law 105-277. With this rule amendment to 32 CFR parts 22 and 32, the Department of Defense therefore will maintain policies on access to data produced under awards subject to Circular A-110 that are consistent with the policies of other executive departments and agencies.

772. REVIEW OF THE MANUAL FOR COURTS-MARTIAL (DOD DIRECTIVE 5500.17)

Priority: Substantive, Nonsignificant**Legal Authority:** EO 12473; 10 USC 47**CFR Citation:** 32 CFR 152**Legal Deadline:** None

Abstract: The Department of Defense promulgates procedures implementing Executive Order 12473, dated July 13, 1984, calling upon the Secretary of Defense to cause an annual review of the Manual for Courts-Martial (MCM) and to recommend to the President any appropriate amendments. Through the annual review process, the Secretary of Defense assists the President in fulfilling his rulemaking responsibilities under article 36 of the Uniform Code of Military Justice (UCMJ; chapter 47 of title 10, United States Code). Under the direction of the General Counsel of the Department of Defense, a Joint Service Committee on Military Justice (JSC) is established with responsibility to conduct the annual review and propose MCM amendments. The JSC also proposes amendments to the UCMJ, as necessary.

This rule updates part 152 to title 32, Code of Federal Regulations, "Review of the Manual for Courts-Martial," to reflect practice and procedures for conducting annual reviews and to change the annual review cycle from concluding with an annual report due to the General Counsel by December 31, instead of May 1. The change in the annual review cycle is due to legislative requirements on affecting JSC responsibilities. This interim rule is provided to afford a 60-day opportunity for public comment prior to issuing a final rule. This rule is intended only to improve the internal management of the Federal Government. It is not intended to create any right or benefit, substantive or procedural, enforceable at law by any party against the United States, its agencies, its officers, or any person.

Abstract: The Department of Defense (DoD) proposes to amend parts 21, 22, 25, 32, 33, 34, and 37 of the DoD Grant and Agreement Regulations (DoDGARS) to implement four Office of Management and Budget (OMB) policy directives, to conform the DoDGARS with several statutory and regulatory revisions, and to make other administrative changes. The four OMB directives that are being implemented: Require Federal agencies to use a new standard format for announcements of funding opportunities; require Federal agencies to electronically post synopses of those announcements at a Governmentwide Internet site; require Governmentwide use of the Data Universal Numbering System (DUNS) number as the universal identifier for recipient organizations; and amend OMB Circular A-133 to raise the threshold of Federal funding at which recipients must obtain single audits. The statutory and regulatory changes with which the DoDGARS are being conformed concern matters such as nonprocurement debarment and suspension, drug-free workplace requirements for grants, and campus access for military recruiters and Reserve Officer Training Corps.

Abstract: The Corps is proposing to amend the regulations for lockage operations at Bonneville Lock and Dam and amend the regulations that establish the restricted areas at Little Goose Lock and Dam. The Corps is making corrections and adjustments to the lockage control, signals, and permissible dimensions of vessels for Bonneville Lock and Dam. These changes correct language for the new replacement lock. For the Little Goose Lock and Dam the Corps is making adjustments in the upstream channel restricted area boundary to provide a small craft portage route around the lock and dam along the north shoreline. This reduces interference between fisherman and the boat ramp.

First, they must be employed by the Government agency on a part-time basis; that is, less than 20 hours per week. Second, the agency must certify that unique or special circumstances detrimental to the delivery of quality health care exist that can be overcome only by employing part-time, non-Government physicians. Third, the agency and the physician must certify that they understand and have taken appropriate measures to avoid violation of Standards of Conduct, dual compensation, and conflict of interest requirements including protection against referral of patients to the employee's private practice.

899. CIVILIAN HEALTH AND MEDICAL PROGRAM OF THE UNIFORMED SERVICES (CHAMPUS); DOUBLE COVERAGE

Priority: Substantive, Nonsignificant

Legal Authority: 10 USC 55; 5 USC 301

CFR Citation: 32 CFR 199

Legal Deadline: None

Abstract: This rule clarifies our double coverage policy for non-institutional claims for beneficiaries with primary health insurance. TRICARE network, non-network but participating, and non-participating providers are all reimbursed differently under current procedures. This has had the unintended effect of discouraging TRICARE network participation since non-network but participating providers receive the most favorable treatment with respect to double coverage calculations. The Department proposes to revise double coverage reimbursement calculations by reimbursing all providers up to 100 percent of the CHAMPUS Maximum Allowable Charge after the primary health insurance has paid or 115 percent for nonparticipating providers.

CFR Citation: 32 CFR 199**Legal Deadline:** None

Abstract: This rule implements section 714 of the National Defense Authorization Act for FY 1999, which requires the establishment of an appeals process for denials by TRICARE Claimcheck (TCC) or any similar software system. This rule enhances the current appeals process by adding an additional level of appeal conducted at the TRICARE Management Activity (TMA) and by codifying the entire process in this part.

Abstract: This rule implements section 714 of the National Defense Authorization Act for Fiscal Year 2000, which authorizes the Secretary of Defense to waive the TRICARE deductible in certain cases for care provided to a dependent of a member of a Reserve Component or the National Guard who is called to active duty for more than 30 days but less than 1 year. In implementing this rule, we are limiting this to Reserve Component and

National Guard members called to active duty in support of contingency operations. The term "contingency operations" is defined at 10 U.S.C. 101(a)(13). This rule also establishes circumstances under which eligible beneficiaries may enroll in TRICARE Prime for a period of less than 1 year.
