OMB control number: 7100-0302

Frequency: Biweekly and semiannually

Reporters: Purchasing managers, economists, or other knowledgeable individuals at business firms

General description of report: This information collection is voluntary (12 U.S.C. §§ 225a and 263) and is given confidential treatment (5 U.S.C. § 552(b)(4)).

Abstract: The survey data are used by the Federal Reserve to gather information specifically tailored to the Federal Reserve's policy and operational responsibilities. It is necessary to conduct the survey biweekly to keep up with the rapidly changing developments in the economy and to provide timely information to staff and Board members. Usually, the surveys are conducted by staff economists telephoning purchasing managers, economists, or other knowledgeable individuals at selected, relevant businesses. The frequency and content of the questions, and the businesses contacted would vary depending on changing developments in the economy.
