

submission of director nominations to the membership; and requiring Board members to attend at least three meetings of the Board of Executives annually instead of requiring two plenary sessions between the Board and the Board of Executives. While these changes are designed to provide the Board with greater flexibility in administering the affairs of the Exchange, particularly with respect to the annual meeting process, they require that the Board provide sufficient advance notice to members of the annual meeting to take into account the number of days for the filing of nomination petitions, the determination by the Board of petition candidates' eligibility, and notice to members of the annual meeting. In the Commission's view, these proposed changes are consistent with the Act. In addition, the Commission notes that the proposed rule change would allow the Board to appoint to the Board of Executives as a floor member representative any member, other than a specialist, who spends a substantial amount of time on the floor. Because this change is intended to reflect more accurately the entire constituency of floor members, other than specialists, who are eligible to serve on the Board of Executives, the Commission believes that this proposal is consistent with the Act.

Finally, the Commission notes that the NYSE has submitted an Independence Policy pursuant to the requirement of Article IV, Section 2 of the NYSE Constitution. This provision of the NYSE Constitution requires the Exchange to adopt standards for determining the independence of its directors, which are to be comparable to the standards required of the Exchange's listed issuers, and to file such standards with the Commission as a proposed rule change under Section 19(b)(1) of the Act.¹⁰ The Commission believes that generally the NYSE's Independence Policy comports with the independence standards required of the Exchange's listed issuers, but the Exchange has tailored its policy to address its role as a self-regulatory organization and as a listed market.¹¹ The Commission recently proposed governance standards for national securities exchanges and registered securities associations, which, among other things, would require that a majority of the directors of an exchange or association be

independent.¹² The SRO Governance Proposal also would set forth specific criteria for determining the independence of an exchange's or association's directors that are similar, but not identical, to the Exchange's Independence Policy. The Commission believes that, in the current context, the Exchange's proposed Independence Policy is consistent with the Act. The Commission notes, however, that the Exchange would have to conform its Independence Policy, as well as its Constitution and rules, to any rules the Commission may adopt with respect to the governance of exchanges and associations and the independence of their directors.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹³ that the proposed rule change (SR-NYSE-2004-54) is hereby approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁴

Margaret H. McFarland,
Deputy Secretary.
