

request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591 or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to the Code of Federal Regulations (14 CFR Part 71), which would revise the Class E airspace at Holy Cross, AK. The intended effect of this proposal is to modify Class E airspace upward from 700 ft. above the surface to contain Instrument Flight Rules (IFR) operations at Holy Cross, AK.

The FAA Instrument Flight Procedures Production and Maintenance Branch has developed two new SIAPs and revised the DP for the Holy Cross Airport. The new approaches are: (1) Area Navigation (Global Positioning System) (RNAV (GPS)) Runway (RWY) 01, original; (2) RNAV (GPS) RWY 19, original. The unnamed revised DP is published in the front of the U.S. Terminal Procedures Alaska Vol 1. Modified Class E controlled airspace extending upward from 700 ft. above the surface within the Holy Cross Airport area would be established by this action. The proposed airspace is sufficient to contain aircraft executing the new instrument procedures at the Holy Cross Airport.

The area would be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1200 foot transition areas are published in paragraph 6005 in FAA Order 7400.9N, *Airspace Designations and Reporting Points*, dated September 1, 2005, and effective September 15, 2005, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive

Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart 1, Section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with prescribing regulations to ensure the safe and efficient use of the navigable airspace. This regulation is within the scope of that authority because it proposes to modify the Class E airspace sufficiently to contain aircraft executing instrument procedures at Holy Cross Airport and represents the FAA's continuing effort to safely and efficiently use the navigable airspace.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9N, *Airspace Designations and Reporting Points*, dated September 1, 2005, and effective September 15, 2005, is to be amended as follows:

* * * * *

Paragraph 6005 Class E airspace extending upward from 700 feet or more above the surface of the earth.

* * * * *

AAL AK E5 Holy Cross, AK [Revised]

Holy Cross Airport, AK
(Lat. 62°11'18" N., long. 159°46'30" W.)

That airspace extending upward from 700 feet above the surface within a 6.4-mile radius of the Holy Cross Airport.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2005-22855; Airspace Docket No. 05-AAL-35]

Proposed Establishment of Class E Airspace; Chignik, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to establish Class E airspace at Chignik, AK. A new Standard Instrument Approach Procedure (SIAP) is being published for the Chignik Airport. Adoption of this proposal would result in creation of new Class E airspace upward from 700 feet (ft.) and 1,200 ft. above the surface at Chignik, AK.

DATES: Comments must be received on or before January 3, 2006.

ADDRESSES: Send comments on the proposal to the Docket Management System, U.S. Department of Transportation, Room Plaza 401, 400 Seventh Street, SW., Washington, DC 20590-0001. You must identify the docket number FAA-2005-22855/ Airspace Docket No. 05-AAL-35, at the beginning of your comments. You may also submit comments on the Internet at <http://dms.dot.gov>. You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The Docket Office (telephone 1-800-647-5527) is on the plaza level of the Department of Transportation NASSIF Building at the above address.

An informal docket may also be examined during normal business hours at the office of the Manager, Safety,

Alaska Flight Service Operations, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587.

FOR FURTHER INFORMATION CONTACT: Gary Rolf, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number (907) 271-5898; fax: (907) 271-2850; e-mail: gary.ctr.rolf@faa.gov. Internet address: <http://www.alaska.faa.gov/at>.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2005-22855/Airspace Docket No. 05-AAL-35." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of Notice of Proposed Rulemaking's (NPRM's)

An electronic copy of this document may be downloaded through the Internet at <http://dms.dot.gov>. Recently published rulemaking documents can also be accessed through the FAA's Web page at <http://www.faa.gov> or the Superintendent of Document's Web page at <http://www.access.gpo.gov/nara>.

Additionally, any person may obtain a copy of this notice by submitting a

request to the Federal Aviation Administration, Office of Air Traffic Airspace Management, ATA-400, 800 Independence Avenue, SW., Washington, DC 20591 or by calling (202) 267-8783. Communications must identify both docket numbers for this notice. Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to the Code of Federal Regulations (14 CFR Part 71), which would create new Class E airspace at Chignik, AK. The intended effect of this proposal is to create Class E airspace upward from 700 ft. and 1,200 ft. above the surface to contain Instrument Flight Rules (IFR) operations at Chignik, AK.

The FAA Instrument Flight Procedures Production and Maintenance Branch has developed a new SIAP for the Chignik Airport. The new approach is the Area Navigation Global Positioning System Runway RWY 01, original. New Class E controlled airspace extending upward from 700 ft. and 1,200 ft. above the surface within the Chignik Airport area would be established by this action. The proposed airspace is sufficient in size to contain aircraft executing the new instrument procedure at the Chignik Airport. Airspace from 1,200 ft. AGL and more than 12 Nautical Miles (NM) from the shoreline will be excluded from this action. That controlled airspace outside 12 NM from the shoreline within 72.8 NM of the airport will be created in coordination with HQ FAA ATA-400 by modifying existing Offshore Airspace Areas; Woody Island Low Control Area and Control Area 1234L, in accordance with FAA Order 7400.2.

The area would be depicted on aeronautical charts for pilot reference. The coordinates for this airspace docket are based on North American Datum 83. The Class E airspace areas designated as 700/1200 foot transition areas are published in paragraph 6005 in FAA Order 7400.9N, *Airspace Designations and Reporting Points*, dated September 1, 2005, and effective September 15, 2005, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an

established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart 1, Section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with prescribing regulations to ensure the safe and efficient use of the navigable airspace. This regulation is within the scope of that authority because it proposes to create Class E airspace sufficient in size to contain aircraft executing a new instrument procedure at Chignik Airport and represents the FAA's continuing effort to safely and efficiently use the navigable airspace.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation

Administration Order 7400.9N, *Airspace Designations and Reporting Points*, dated September 1, 2005, and effective September 15, 2005, is to be amended as follows:

* * * * *

Paragraph 6005 Class E airspace extending upward from 700 feet or more above the surface of the earth.

* * * * *

AAL AK E5 Chignik, AK [New]

Chignik Airport, AK
(Lat. 56°18'41" N., long. 158°22'24" W.)

That airspace extending upward from 700 feet above the surface within a 6.3-mile radius of the Chignik Airport and that airspace extending upward from 1,200 feet above the surface within a 72.8-mile radius of the Chignik Airport, excluding that airspace more than 12 nautical miles from the shoreline.

* * * * *

Issued in Anchorage, AK, on November 8, 2005.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2005-22111; Airspace Docket No. 05-AAL-14]

Proposed Establishment of Class E Airspace; Koyuk, AK

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: This action proposes to establish new Class E airspace at Koyuk, AK. Two revised procedures and one new Standard Instrument Approach Procedure (SIAP) are being published for the Koyuk Airport. Additional Class E Airspace is needed to contain aircraft executing instrument approaches at Koyuk Airport. Additionally, one small section of Class G airspace surrounded by Class E airspace will be converted to Class E airspace by this action. Adoption of this proposal would result in creation of additional Class E airspace upward from 700 feet (ft.) and 1,200 ft. above the surface at Koyuk, AK.

DATES: Comments must be received on or before January 3, 2006.

Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, to request a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is considering an amendment to the Code of Federal Regulations (14 CFR Part 71), which would revise existing Class E airspace at Koyuk, AK. The intended effect of this proposal is to create additional Class E airspace upward from 1,200 ft. above the surface to contain Instrument Flight Rules (IFR) operations at Koyuk, AK.

The FAA Instrument Flight Procedures Production and Maintenance Branch has developed one new SIAP and revised two SIAPs for the Koyuk Airport. The new approach is (1) Area Navigation (Global Positioning System) (RNAV (GPS)) Runway (RWY) 01, original. The two revised approaches are (1) Non Directional Beacon (NDB) Distance Measuring Equipment (DME) RWY 02, amendment (Amdt) 1, and (2) NDB RWY 01, Amdt 1. Additionally, one small area of Class G airspace surrounded by Class E airspace will be converted to Class E airspace. This action will simplify the airspace in this area. The Class E controlled airspace extending upward from 1,200 ft. above the surface within the Koyuk Airport area would be revised by this action. The proposed airspace is sufficient to contain aircraft executing the new and revised instrument procedures at the Koyuk Airport.
