DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration on Aging

2005 White House Conference on Aging

AGENCY: Administration on Aging, HHS.

ACTION: Notice of conference call.

SUMMARY: Pursuant to section 10(a) of the Federal Advisory Committee Act as amended (5 U.S.C. Appendix 2), notice is hereby given that the Policy Committee of the 2005 White House Conference on Aging (WHCoA) will have a conference call to finalize the resolutions and other items related to the 2005 WHCoA. The conference call will be open to the public to listen, with call-ins limited to the number of telephone lines available. Individuals who plan to call in and need special assistance, such as TTY, should inform the contact person listed below in advance of the conference call. This notice is being published less than 15 days prior to the conference call due to scheduling problems.

DATES: The conference call will be held on Thursday, November 17, 2005, at 12 p.m., Eastern Standard Time.

ADDRESSES: The conference call may be accessed by dialing, U.S. toll-free, 1-800-857-0419, passcode: 8932323, on the date and time indicated above.

FOR FURTHER INFORMATION CONTACT: Kim Butcher, (301) 443-2887, or e-mail at Kim.Butcher@whcoa.gov. Registration is

not required. Call in is on a first come, first-served basis.

SUPPLEMENTARY INFORMATION: Pursuant to the Older Americans Act Amendments of 2000 (Pub. L. 106-501, November 2000), the Policy Committee will have a meeting by conference call to finalize on the resolutions that will be mailed to the delegates for review prior to the WHCoA that is scheduled from December 11 to 14, 2005. The public is invited to listen by dialing the telephone number and using the passcode listed above under the **ADDRESSES** section.

Dated: November 14, 2005.

Edwin L. Walker,

Deputy Assistant Secretary for Policy and Programs.

BILLING CODE 4154-01-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Notice of Public Input Opportunity

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

SUMMARY: The National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC) announces the following:

Availability of opportunity for the Public to Provide Input on two proposed documents:

“Recommendations for Applying the International Labour Office (ILO) International Classification of Radiographs of Pneumoconioses in Medical Diagnosis, Research and Population Surveillance, Worker Health Monitoring, Government Program Eligibility, and Compensation Settings,” and

“Ethical Considerations for B Readers.”

The National Institute for Occupational Safety and Health (NIOSH), acting on behalf of the Secretary of Health and Human Services (HHS), is responsible for prescribing the manner in which radiographs are read and classified for the chest x-ray program available to coal miners under the Federal Mine Safety and Health Act, 30 U.S.C. 843; 42 CFR part 37. In carrying out this responsibility, NIOSH issues B Reader certifications to physicians who demonstrate proficiency in the classification of chest radiographs for the pneumoconioses using the International Labour Office (ILO)

Classification System. NIOSH uses these B Readers in its Coal Workers Health Surveillance Program. B Readers are also employed in a variety of other clinical, research and compensation settings. NIOSH is using the issuance of the new International Labour Office (ILO) Classification of Radiographs as an opportunity to expand its Web site on the B Reader Program and use of the ILO system. NIOSH-certified B Readers use the internationally-recognized ILO system to classify chest radiographs for the presence and severity of pulmonary parenchymal and pleural changes potentially caused by exposure to dusts such as asbestos, silica, and coal mine dust. The revised program Web site provides more information about radiographic reading and the ILO system including recommendations or “best practices” for use of the ILO system in different settings.

We are specifically seeking public comment for the draft Document:

“Recommendations for Applying the International Labour Office (ILO) International Classification of Radiographs of Pneumoconioses in Medical Diagnosis, Research and Population Surveillance, Worker Health Monitoring, Government Program Eligibility, and Compensation Settings.”

This document can be found at <http://www.cdc.gov/niosh/topics/chestradiography/recommendations.html>.

At this same time, NIOSH is also seeking comment on its proposed “Ethical Considerations for B Readers” which can be found at this same Web site. In a recent decision in the *In Re Silica Products Litigation*, 2005 WL 1593936 (S.D. Tex June 30, 2005), Federal District Court Judge Janis Jack raised questions regarding the ethical conduct of certain physicians, some of whom were B Readers, in reading x-rays in litigation. NIOSH is proposing “Ethical Considerations for B Readers” which includes a code of ethics modeled after those of the American College of Radiology and the American Medical Association. We welcome comments on this proposed code of ethics.

Please review and submit your comments on either or both of these documents to CWHSP@cdc.gov. If you would prefer to have a hard copy rather than electronic, please contact NIOSH at this same e-mail address, and we will be happy to fax or mail copies of the documents to you.

The documents will remain available for comment until January 17, 2006. After that date, NIOSH will consider all the comments submitted and make appropriate revisions to the document
