Self-Regulatory Organizations; American Stock Exchange LLC; Notice of Filing and Order Granting Accelerated Approval to Proposed Rule Change Relating to Fees in Connection With Merger Spreads and Short Stock Interest Spreads

August 18, 2005.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 25, 2005, the American Stock Exchange LLC ("Amex" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared

¹ 17 CFR 275.202(a)(11)-1.

² Investment Advisers Act Rel. No. 2376 (Apr. 12, 2005) [70 FR 20424 (Apr. 19, 2005)].

² 17 CFR 240.19b-4.

by the Exchange. The Commission is publishing this notice and order to solicit comments on the proposed rule change from interested persons and to approve the proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Amex Options Fee Schedule to include "merger spreads" and "short stock interest spreads" as qualified spread transactions ("Spread Trades").

The text of the proposed rule change is available from the Exchange's Web site (<http://www.amex.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Amex included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Amex Options Fee Schedule to include "merger spreads" and "short stock interest spreads" in the definition of "Spread Trades," which are subject to reduced transaction fees³ for non-member market makers and non-member broker-dealers, and a \$2,000 fee cap per trade, exclusive of any license fees, applicable to specialists, registered options traders ("ROTs"), member broker-dealers (*i.e.*, Firms), non-member market makers, and non-member broker-dealers (*i.e.*, Broker-Dealers).⁴ In addition, the proposal would revise footnote 1 of the Options

Fee Schedule to reflect the change of the symbol for the Nasdaq-100 Index Tracking Stock from "QQQ" to "QQQQ."⁵ Qualified Spread Trades currently include: (a) Reversals and conversions, (b) dividend spreads, (c) box spreads, and (d) butterfly spreads.⁶

The Amex currently imposes charges for transactions in options executed on the Exchange by specialists, ROTs, member broker-dealers, non-member market makers, and non-member broker-dealers. Current per-contract transaction fees for specialists, ROTs, member broker-dealers, non-member market makers, and non-member broker-dealers in equity options are \$0.20, \$0.20, \$0.26, \$0.30, and \$0.26, respectively, per contract side. In connection with index options, current per-contract transaction fees for specialists, ROTs, member broker-dealers, non-member broker-dealers, and non-member market makers are \$0.31, \$0.31, \$0.22, \$0.22, and \$0.31, respectively, per contract side.⁷

A non-member broker-dealer or a non-member market maker that executes a Cabinet Trade or a qualified Spread Trade already would be subject to a fee rebate program. The options transaction fee, the options comparison fee, and the options floor brokerage fee are reduced by \$0.03, \$0.01, and \$0.02, respectively. With respect to a Cabinet Trade or a qualified Spread Trade in a QQQQ option, the options transaction fee, the options comparison fee, and the options floor brokerage fee are reduced by \$0.09, \$0.01, and \$0.02, respectively. In addition, a Cabinet Trade or a Spread Trade by a specialist, a ROT, a member broker-dealer, a non-member market maker, or a non-member broker-dealer also would be subject to a fee cap of \$2,000 per trade, exclusive of the options licensing fee.⁸

A merger spread is defined as a transaction executed pursuant to a merger spread strategy involving the simultaneous purchase and sale of options of the same class and expiration date, but with different strike prices, followed by the exercise of the resulting long option position. Merger spreads are executed prior to the date that shareholders of record are required to elect their respective form of consideration (*i.e.*, cash or stock).

A short stock interest spread is defined as a spread that uses two deep in-the-money put options followed by the exercise of the resulting long position of the same class in order to establish a short stock interest arbitrage position. This strategy is used to capture short stock interest.

The Exchange submits that merger spreads and short stock interest spreads should qualify as Spread Trades under the Amex Options Fee Schedule for the purpose of attracting additional order flow. The Exchange notes that merger spreads and short stock interest spreads are entered into by professionals with narrow profit margins and, therefore, believes that, by qualifying for reduced and capped fees, these professionals may find the Exchange an attractive venue to execute their trades. The Exchange further believes that qualifying merger spreads and short stock interest spreads as Spread Trades will increase the ability of the Exchange to compete with the other options exchanges for order flow in connection with these options strategies.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act⁹ in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members of the exchange and other persons using exchange facilities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁰ In particular, the Commission believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,¹¹ which requires that the rules of the exchange provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons

¹⁰ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

¹¹ 15 U.S.C. 78f(b)(4).

using the exchange's facilities. Amending the Amex's Options Fee Schedule to include "merger spreads" and "short stock interest spreads" in the definition of "Spread Trades," thereby rendering these types of trades eligible for reduced and capped fees, is a reasonable measure to improve the Exchange's competitiveness. The Commission notes that similar proposals to reduce and cap fees for certain trades, including those occurring as part of merger spreads and short stock interest spreads, have been adopted by other options exchanges.¹²

The Amex has requested that the Commission approve the proposed rule change prior to the thirtieth day after publication of notice thereof in the **Federal Register**. Granting accelerated approval of the proposal will allow the Amex to immediately implement a fee change that is similar to arrangements already in place at other option exchanges. Furthermore, the Commission believes that granting accelerated approval of the proposed rule change will allow the Amex to implement reasonable fee reductions to various market participants without undue delay. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,¹³ for approving the proposed rule change prior to the thirtieth day after the publication of notice thereof in the **Federal Register**.

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (SR-Amex-2005-080), is hereby approved on an accelerated basis.

¹² Most of the proposals by other options exchanges were filed as pilot programs pursuant to Section 19(b)(3)(A) of the Act, rendering the proposals effective upon filing with the Commission. See Securities Exchange Act Release Nos. 51468 (April 1, 2005), 70 FR 17742 (April 7, 2005) (SR-CBOE-2005-18); 51596 (April 21, 2005), 70 FR 22381 (April 29, 2005) (SR-Phlx-2005-19); 51657 (May 5, 2005), 70 FR 24851 (May 11, 2005) (SR-Phlx-2005-22); 51787 (June 6, 2005), 70 FR 34174 (June 13, 2005) (SR-PCX-2005-65); and 51828 (June 13, 2005), 70 FR 35475 (June 20, 2005) (SR-CBOE-2005-42). However, one proposal to make the fee cap applicable to short stock interest spread transactions retroactive to January 1, 2005 was filed with and approved by the Commission pursuant to Section 19(b)(2) of the Act. See Securities Exchange Act Release No. 52083 (July 20, 2005), 70 FR 43733 (July 28, 2005) (SR-PCX-2005-67).
