

This, in turn, should provide investors with greater certainty in the routing of their complex orders. The Exchange believes that the development of a complex order trading engine will provide deeper and more liquid markets for complex orders and will provide order entry firms with a trading platform the Exchange believes is more conducive to satisfying their best execution and due diligence obligations with respect to these types of orders.

## 2. Statutory Basis

For the above reasons, the Exchange believes that the proposed rule change would enhance competition. The Exchange believes that the proposed rule change is consistent with Section 6(b)<sup>4</sup> of the Act, in general, and furthers the objectives of Section 6(b)(5),<sup>5</sup> in particular, in that it is designed to facilitate transactions in securities, to promote just and equitable principles of trade, and to protect investors and the public interest.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments on the proposed rule change were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the PCX consents, the Commission will:

### High Density Airports; Notice of Extension of the Lottery Allocation and Amended Policy for Reallocation Procedures for Slot Exemptions at LaGuardia Airport

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice of extension of the lottery allocation for takeoff and landing times at LaGuardia Airport and amended policy for the allocation procedures at LaGuardia Airport.

**SUMMARY:** The FAA is extending by fourteen months the current allocation of slot exemptions at LaGuardia Airport (LaGuardia) through December 31, 2006. This action maintains the current limit on scheduled operations at LaGuardia pending the adoption of a long-term solution for congestion management and the expiration of the High Density Traffic Airports Rule (High Density Rule) at LaGuardia on January 1, 2007. We also are amending the lottery reallocation procedures at LaGuardia in response to a petition submitted by Northwest Airlines, Inc. (Northwest). Air carriers that do not currently serve small hub/non-hub airports from LaGuardia can now participate in any reallocation of AIR-21 slot exemptions that are returned to the FAA or become available through non-use.

**DATES:** Effective June 27, 2005.
