

(*Myotis volans*), red-legged frog (*Rana aurora*), western pond turtle (*Clemmys marmorata*), sharp-tail snake (*Contia tenuis*), southern seep salamander (*Rhyacotriton variegates*), and tailed frog (*Ascaphus truei*). The NMFS application will address the potential take of Southern Oregon Northern California coho salmon, which is listed as threatened under the ESA and Oregon Coast coho salmon, which is proposed to be listed as threatened. Unlisted species under NMFS jurisdiction that ODF is expected to include in their application include Chinook salmon (*Oncorhynchus tshawytscha*), chum salmon (*Oncorhynchus keta*), and steelhead trout (*Oncorhynchus mykiss*).

Activities that ODF is currently considering for ITP coverage, and for which minimization and mitigation measure are being developed, include the following:

1. Mechanized timber harvest;
2. Forest product transportation;
3. Road and landing construction, use, maintenance, and abandonment;
4. Harvest-site preparation (excluding use of herbicides);
5. Tree planting;
6. Certain types of vegetation management (excluding use of herbicides);
7. Fertilizer application;
8. Silvicultural thinning and other silvicultural activities;
9. Fire suppression;
10. Aquatic habitat restoration and other forest management activities;
11. Energy and minerals activities; and
12. Monitoring activities and scientific work

The draft HCP to be prepared by ODF in support of the ITP applications will describe the impacts of take on proposed covered species, and will propose a conservation strategy to minimize and mitigate those impacts on each covered species to the maximum extent practicable. This conservation strategy is expected to include maintenance of a diverse range of forest stand structures; designation of conservation areas to protect special resources, including sites used by owls and murrelets; a landscape design that provides functional habitat for native species; maintenance of structural habitat components throughout the forest; stream protection buffers; a forest road program; a monitoring and adaptive management program; and aquatic habitat restoration measures. The draft HCP will identify HCP alternatives considered by ODF and will explain why those alternatives were not selected. The Services are responsible for determining whether the HCP

satisfies the ESA section 10 permit issuance criteria.

Request for Comments

The primary purpose of the scoping process is to identify important issues and alternatives raised by the public, related to the proposed action. Each scoping workshop will allocate time for informal discussion and questions with presentations by the Services and ODF.

Written comments from interested parties are welcome to ensure that the full range of issues related to the permit requests are identified. All comments and materials received, including names and addresses, will become part of the administrative record and may be released to the public.

Comments and materials received will be available for public inspection, by appointment, during normal business hours at the offices listed in the **ADDRESSES** section.

The Services request that comments be specific. In particular, we request information regarding: the direct, indirect, and cumulative impacts that implementation of the proposed HCP could have on endangered and threatened and other covered species, and their communities and habitats; other possible alternatives that meet the purpose and need; potential adaptive management and/or monitoring provisions; funding issues; existing environmental conditions in the plan area; other plans or projects that might be relevant to this proposed project; and minimization and mitigation efforts. NMFS and FWS estimate that the draft EIS will be available for public review in the fall of 2005.

The environmental review of this project will be conducted in accordance with the requirements of the NEPA of 1969 as amended (42 U.S.C. 4321 *et seq.*), Council on the Environmental Quality Regulations (40 CFR 1500 1508), other applicable Federal laws and regulations, and policies and procedures of the Services for compliance with those regulations. This notice is being furnished in accordance with 40 CFR 1501.7 of NEPA to obtain suggestions and information from other agencies and the public on the scope of issues and alternatives to be addressed in the EIS.

Dated: April 28, 2005.

Phil Williams,

Chief, Endangered Species Division, Office of Protected Resources, National Marine Fisheries Service.

April 28, 2005.

David J. Wesley,

Deputy Regional Director, Fish and Wildlife Service, Region 1, Portland, Oregon

Bureau of Land Management

[AZ-933-05, 5410-EU-A503; AZA-32845]

Notice of Receipt of Conveyance of Mineral Interest Application

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The reserved Federally-owned mineral interest, in the private lands described in this notice, aggregating approximately 40.10 acres, are segregated and made unavailable for filings under the general mining laws and the mineral leasing laws. The segregation is in response to an application for mineral conveyance under section 209 of the Federal Land Policy and Management Act of October 21, 1976 (43 U.S.C. 1719).

FOR FURTHER INFORMATION CONTACT:

Allyson Johnson, Lead Land Law Examiner, Arizona State Office, 222 N. Central Avenue, Phoenix, Arizona 85004, (602) 417-9353.

SUPPLEMENTARY INFORMATION:

Gila and Salt River Base and Meridian, Pima County, Arizona

T. 15 S., R. 17 E.,
Sec. 18, Lot 3.

The reserved Federal mineral interests will be conveyed in whole or in part upon completion of a mineral examination. The purpose is to allow consolidation of surface and subsurface minerals ownership where there are no known mineral values or in those instances where the Federal mineral interest reservation interferes with or precludes appropriate non-mineral development and such development is a more beneficial use of the land than the mineral development. Upon publication of this Notice of Segregation in the **Federal Register** as provided in 43 CFR 2720.1-1(b), the mineral interests owned by the United States in the lands covered by the mineral conveyance application are segregated to the extent that they will not be subject to

appropriation under the public land laws, including the mining and mineral leasing laws. The segregative effect shall terminate upon: issuance of a patent or deed of such mineral interest; upon final rejection of the mineral conveyance application; or May 9, 2007, whichever occurs first.

Dated: March 17, 2005.

Elaine Y. Zielinski,

State Director.

Meeting Notice

AGENCY: Bureau of Land Management, Interior.

ACTION: Meeting notice for the Salem, Oregon, Bureau of Land Management (BLM) Resource Advisory Committee under Section 205 of the Secure Rural Schools and Community Self Determination Act of 2000 (Pub. L. 106-393).

SUMMARY: This notice is published in accordance with section 10(a)(2) of the Federal Advisory Committee Act. Meeting notice is hereby given for the Salem Oregon BLM Resource Advisory Committee pursuant to section 205 of the Secure Rural Schools and Community Self Determination Act of 2000, Public Law 106-393 (the Act). Topics to be discussed by the Salem BLM Resource Advisory Committee include: reviewing 2005 project applications, developing funding recommendations for 2005 projects, monitoring progress of previously approved projects, and scheduling field reviews of projects.

DATES: The Salem Resource Advisory Committee will meet at the BLM Salem District Office, 1717 Fabry Road, Salem, Oregon 97306, from 8:30 a.m. to 4 p.m. on June 30, 2005 and August 11, 2005. If an additional meeting is needed for the RAC to develop funding recommendations, it will be held on August 18, 2005.

SUPPLEMENTARY INFORMATION: Pursuant to the Act, five Resource Advisory Committees have been formed for western Oregon BLM districts that contain Oregon & California (O&C) Grant Lands and Coos Bay Wagon Road lands. The Act establishes a six-year payment schedule to local counties in lieu of funds derived from the harvest of timber on Federal lands, which have

dropped dramatically over the past 10 years.

The Act creates a new mechanism for local community collaboration with Federal land management activities in the selection of projects to be conducted on Federal lands or that will benefit resources on Federal lands using funds under Title II of the Act. The BLM Resource Advisory Committees consist of 15 local citizens (plus 6 alternates) representing a wide array of interests.

FOR FURTHER INFORMATION CONTACT: Additional information concerning the Salem BLM Resource Advisory Committee may be obtained from Paul Jeske, Salem District Designated Federal Official (503) 375-5644 or Trish Hogervorst, Salem BLM Public Affairs Officer, (503) 375-5657 at 1717 Fabry Rd. SE., Salem, OR 97306.

Dated: May 3, 2005.

Denis Williamson,

District Manager.

BILLING CODE 4310-33-P

DEPARTMENT OF THE INTERIOR

Office of Surface Mining Reclamation and Enforcement

Notice of Proposed Information Collection

AGENCY: Office of Surface Mining Reclamation and Enforcement.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, the Office of Surface Mining Reclamation and Enforcement (OSM) is announcing its intention to renew the approval for the collection of information under 30 CFR Part 842 which allows the collection and processing of citizen complaints and requests for inspection. The collection described below has been forwarded to the Office of Management and Budget (OMB) for review and approval. The information collection request describes the nature of the information collection and the expected burden and cost.

DATES: OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, public comments should be submitted to OMB by June 8, 2005, in order to be assured of consideration.

ADDRESSES: Submit comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Department of

Interior Desk Officer, by telefax at (202) 395-6566 or via e-mail to OIRA_DOCKET@omb.eop.gov. Also, please send a copy of your comments to John A. Trelease, Office of Surface Mining Reclamation and Enforcement, 1951 Constitution Ave., NW., Room 202—SIB, Washington, DC 20240, or electronically to jtreleas@osmre.gov.

FOR FURTHER INFORMATION CONTACT: To request a copy of the information collection request, explanatory information and related form, contact John A. Trelease at (202) 208-2783, or electronically to jtrelease@osmre.gov.

SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-133), require that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities [see 5 CFR 1320.8(d)]. OSM has submitted a request to OMB to approve the collection of information in 30 CFR Part 842, Federal inspections and monitoring. OSM is requesting a 3-year term of approval for this information collection activity.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection of information, 1029-0118, has been placed on the electronic citizen complaint form that may be found on OSM's home page at <http://www.osmre.gov/citizen.htm>.

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on this collection of information was published on January 21, 2005 (70 FR 3224). No comments were received. This notice provides the public with an additional 30 days in which to comment on the following information collection activity:

Title: Federal inspections and monitoring—30 CFR Part 842.

OMB Control Number: 1029-0118.

Summary: For purposes of information collection, this part establishes the procedures for any person to notify the Office of Surface Mining in writing of any violation that may exist at a surface coal mining operation. The information will be used to investigate potential violations of the Act or applicable State regulations.

Bureau Form Number: None.

Frequency of Collection: Once.

Description of Respondents: Citizens, public interest groups, State governments.

Total Annual Responses: 119.
