

the U.S. Territories, the Commonwealth of Puerto Rico, and the District of Columbia; Members of the 109th Congress, and the National Congress of American Indians. These officials received a letter sent on January 31, 2005 from the Honorable Dorcas R. Hardy, Policy Committee Chairman of the 2005 WHCoA informing them of their ability to select delegates and delegate alternates no later than April 15, 2005.

The balance of the delegates (At-Large delegates) will be selected by the Policy Committee for the 2005 White House Conference on Aging and will represent national aging and other allied organizations, baby boomers, academic institutions, business and industry, non-profit, disability and veterans organizations, and others with a stake in the aging of America. Because of the tremendous opportunity that the WHCoA presents for the future of aging policies in our nation, the 2005 WHCoA is seeking visionary and thoughtful delegates who will make significant and tangible contributions to this historic event. The WHCoA wishes to ensure that the delegates represent a broad cross section of the U.S. population so that the concerns and issues of current as well as future seniors receive appropriate attention.

The Policy Committee, a 17-member bipartisan Committee appointed by the President and Congress to implement the 2005 WHCoA, will review and evaluate each individual who has applied or been nominated to be considered as a delegate according to established criteria. The Policy Committee will seek to achieve an appropriate balance by selecting delegates to fill gaps that may exist after gubernatorial, congressional and Native American delegate selections are made. Delegates should anticipate that their time spent in Washington, DC will be extremely busy, and that their individual and collective efforts will result in a significant contribution to help shape U.S. aging policies for the next decade and beyond.

To be considered as an At-Large delegate by the Policy Committee, please visit the WHCoA Web site at [<http://www.whcoa.gov>], fill out and submit the designated application form for At-Large Delegates. You may also nominate another individual to be considered. You may request an At-Large Delegate Application Form by calling the WHCoA at (301) 443-9462 or by e-mail at [Info@whcoa.gov]. You may submit your form by mail at WHCoA, 4350 East-West Highway, Suite 300, Bethesda, MD 20814 (please mark envelope At Large Delegate Application)

or by fax to (301) 443-2902. All applications must be received by the WHCoA for consideration on or before June 1, 2005.

The information requested will be used to select persons to serve as delegates to the 2005 WHCoA. Furnishing of this information is voluntary. Failure to do so, however, may result in the denial of delegate status. Access to the submitted information is limited to the Policy Committee of the WHCoA. The legal authority for the collection of this information is Pub. L. 106-501, Title II, November 13, 2000 (Older Americans Act Amendments of 2000) and 5 U.S.C. 4. Intergovernmental Review

State Single Point of Contact (SPOC)

This program is covered under Executive Order 12372, "Intergovernmental Review of Federal Programs," and 45 CFR part 100, "Intergovernmental Review of Department of Health and Human Services Programs and Activities." Under the Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs.

As of October 1, 2004, the following jurisdictions have elected to participate in the Executive Order process: Arkansas, California, Delaware, District of Columbia, Florida, Georgia, Illinois, Iowa, Kentucky, Maine, Maryland, Michigan, Mississippi, Missouri, Nevada, New Hampshire, New Mexico, New York, North Dakota, Rhode Island, South Carolina, Texas, Utah, West Virginia, Wisconsin, American Samoa, Guam, North Mariana Islands, Puerto Rico, and Virgin Islands. As these jurisdictions have elected to participate in the Executive Order process, they have established SPOCs. Applicants from participating jurisdictions should contact their SPOC, as soon as possible, to alert them of prospective applications and receive instructions. Applicants

must submit all required materials, if any, to the SPOC and indicate the date of this submittal (or the date of contact if no submittal is required) on the Standard Form 424, item 16a. Under 45 CFR 100.8(a)(2).

A SPOC has 60 days from the application deadline to comment on proposed new or competing continuation awards. SPOCs are encouraged to eliminate the submission of routine endorsements as official recommendations. Additionally, SPOCs are requested to clearly differentiate between mere advisory comments and those official State process recommendations which may trigger the "accommodate or explain" rule.

When comments are submitted directly to ACF, they should be addressed to the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Grants Management, Division of Discretionary Grants, 370 L'Enfant Promenade, SW., 4th floor, Washington, DC 20447.

Although the remaining jurisdictions have chosen not to participate in the process, entities that meet the eligibility requirements of the program are still eligible to apply for a grant even if a State, Territory, Commonwealth, etc. does not have a SPOC. Therefore,

applicants from these jurisdictions, or for projects administered by federally-recognized Indian Tribes, need take no action in regard to E.O. 12372.

The official list, including addresses, of the jurisdictions that have elected to participate in E.O. 12372 can be found on the following URL: <http://www.whitehouse.gov/omb/grants/spoc.html>.

V. Application Review Information

The Paperwork Reduction Act of 1995 (Pub. L. 104-13)

Public reporting burden for this collection of information is estimated to average 50 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed and reviewing the collection information.

The project description is approved under OMB control number 0970-0139 which expires 4/30/2007.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

1. Criteria

The following are instructions and guidelines on how to prepare the "project summary/abstract" and "full project description" sections of the application. Under the evaluation criteria section, note that each criterion is preceded by the generic evaluation requirement under the ACF Uniform Project Description (UPD).

Part I The Project Description Overview Purpose

The project description provides a major means by which an application is evaluated and ranked to compete with other applications for available assistance. The project description should be concise and complete and should address the activity for which Federal funds are being requested. Supporting documents should be included where they can present information clearly and succinctly. In preparing your project description,

information responsive to each of the requested evaluation criteria must be provided. Awarding offices use this and other information in making their funding recommendations. It is important, therefore, that this information be included in the application in a manner that is clear and complete.

Project Summary/Abstract

Provide a summary of the project description (a page or less) with reference to the funding request.

Objectives and Need for Assistance

Clearly identify the physical, economic, social, financial, institutional, and/or other problem(s) requiring a solution. The need for assistance must be demonstrated and the principal and subordinate objectives of the project must be clearly stated; supporting documentation, such as letters of support and testimonials from concerned interests other than the applicant, may be included. Any relevant data based on planning studies should be included or referred to in the endnotes/footnotes. Incorporate demographic data and participant/beneficiary information, as needed. In developing the project description, the applicant may volunteer or be requested to provide information on the total range of projects currently being conducted and supported (or to be initiated), some of which may be outside the scope of the program announcement.

Results or Benefits Expected

Identify the results and benefits to be derived.

For example, describe how the activities that your organization undertakes will promote the full participation in the electoral process for individuals with the full range of disabilities, including registering to vote, casting a vote, and accessing polling places.

Approach

Outline a plan of action that describes the scope and detail of how the proposed work will be accomplished. Account for all functions or activities identified in the application. Cite factors that might accelerate or decelerate the work and state your reason for taking the proposed approach rather than others. Describe any unusual features of the project such as design or technological innovations, reductions in cost or time, or extraordinary social and community involvement.

Provide quantitative monthly or quarterly projections of the

accomplishments to be achieved for each function or activity in such terms as the number of people to be served and the number of activities accomplished.

Evaluation

Provide a narrative addressing how the conduct of the project and the results of the project will be evaluated. In addressing the evaluation of results, state how you will determine the extent to which the project has achieved its stated objectives and the extent to which the accomplishment of objectives can be attributed to the project. Discuss the criteria to be used to evaluate results, and explain the methodology that will be used to determine if the needs identified and discussed are being met and if the project results and benefits are being achieved. With respect to the conduct of the project, define the procedures to be employed to determine whether the project is being conducted in a manner consistent with the work plan presented and discuss the impact of the project's various activities on the project's effectiveness.

Organizational Profiles

Provide information on the applicant organization(s) and cooperating partners, such as organizational charts, financial statements, audit reports or statements from CPAs/Licensed Public Accountants, Employer Identification Numbers, names of bond carriers, contact persons and telephone numbers, child care licenses and other documentation of professional accreditation, information on compliance with Federal/State/local government standards, documentation of experience in the program area, and other pertinent information. If the applicant is a non-profit organization, submit proof of non-profit status in its application.

The non-profit agency can accomplish this by providing: (a) A reference to the applicant organization's listing in the Internal Revenue Service's (IRS) most recent list of tax-exempt organizations described in the IRS Code; (b) a copy of a currently valid IRS tax exemption certificate; (c) a statement from a State taxing body, State attorney general, or other appropriate State official certifying that the applicant organization has a non-profit status and that none of the net earnings accrue to any private shareholders or individuals; (d) a certified copy of the organization's certificate of incorporation or similar document that clearly establishes non-profit status; (e) any of the items immediately above for a State or national parent organization and a

statement signed by the parent organization that the applicant organization is a local non-profit affiliate.

Budget and Budget Justification

Provide a budget with line item detail and detailed calculations for each budget object class identified on the Budget Information form. Detailed calculations must include estimation methods, quantities, unit costs, and other similar quantitative detail sufficient for the calculation to be duplicated. Also include a breakout by the funding sources identified in Block 15 of the SF-424.

Provide a narrative budget justification that describes how the categorical costs are derived. Discuss the necessity, reasonableness, and allocability of the proposed costs.

General

Use the following guidelines for preparing the budget and budget justification. Both Federal and non-Federal resources shall be detailed and justified in the budget and narrative justification. "Federal resources" refers only to the ACF grant for which you are applying. "Non Federal resources" are all other Federal and non-Federal resources. It is suggested that budget amounts and computations be presented in a columnar format: first column, object class categories; second column, Federal budget; next column(s), non-Federal budget(s), and last column, total budget. The budget justification should be a narrative.

Personnel

Description: Costs of employee salaries and wages.

Justification: Identify the project director or principal investigator, if known. For each staff person, provide the title, time commitment to the project (in months), time commitment to the project (as a percentage or full-time equivalent), annual salary, grant salary, wage rates, etc. Do not include the costs of consultants or personnel costs of delegate agencies or of specific project(s) or businesses to be financed by the applicant.

Fringe Benefits

Description: Costs of employee fringe benefits unless treated as part of an approved indirect cost rate.

Justification: Provide a breakdown of the amounts and percentages that comprise fringe benefit costs such as health insurance, FICA, retirement insurance, taxes, etc.

Travel

Description: Costs of project-related travel by employees of the applicant organization (does not include costs of consultant travel).

Justification: For each trip, show the total number of traveler(s), travel destination, duration of trip, per diem, mileage allowances, if privately owned vehicles will be used, and other transportation costs and subsistence allowances. Travel costs for key staff to attend ACF-sponsored workshops should be detailed in the budget.

Equipment

Description: "Equipment" means an article of nonexpendable, tangible personal property having a useful life of more than one year and an acquisition cost which equals or exceeds the lesser of (a) the capitalization level established by the organization for the financial statement purposes, or (b) \$5,000. (**Note:** Acquisition cost means the net invoice unit price of an item of equipment, including the cost of any modifications, attachments, accessories, or auxiliary apparatus necessary to make it usable for the purpose for which it is acquired. Ancillary charges, such as taxes, duty, protective in-transit insurance, freight, and installation shall be included in or excluded from acquisition cost in accordance with the organization's regular written accounting practices.)

Justification: For each type of equipment requested, provide a description of the equipment, the cost per unit, the number of units, the total cost, and a plan for use on the project, as well as use or disposal of the equipment after the project ends. An applicant organization that uses its own definition for equipment should provide a copy of its policy or section of its policy which includes the equipment definition.

Supplies

Description: Costs of all tangible personal property other than that included under the Equipment category.

Justification: Specify general categories of supplies and their costs. Show computations and provide other information which supports the amount requested.

Contractual

Description: Costs of all contracts for services and goods except for those that belong under other categories such as equipment, supplies, construction, etc. Include third party evaluation contracts (if applicable) and contracts with secondary recipient organizations, including delegate agencies and specific

project(s) or businesses to be financed by the applicant.

Justification: Demonstrate that all procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open and free competition. Recipients and subrecipients, other than States that are required to use Part 92 procedures, must justify any anticipated procurement action that is expected to be awarded without competition and exceed the simplified acquisition threshold fixed at 41 U.S.C. 403(11) (currently set at \$100,000).

Recipients might be required to make available to ACF pre-award review and procurement documents, such as request for proposals or invitations for bids, independent cost estimates, etc.

Note: Whenever the applicant intends to delegate part of the project to another agency, the applicant must provide a detailed budget and budget narrative for each delegate agency, by agency title, along with the required supporting information referred to in these instructions.

Other

Enter the total of all other costs. Such costs, where applicable and appropriate, may include but are not limited to insurance, food, medical and dental costs (noncontractual), professional services costs, space and equipment rentals, printing and publication, computer use, training costs, such as tuition and stipends, staff development costs, and administrative costs.

Justification: Provide computations, a narrative description and a justification for each cost under this category.

Indirect Charges

Description: Total amount of indirect costs. This category should be used only when the applicant currently has an indirect cost rate approved by the Department of Health and Human Services (HHS) or another cognizant Federal agency.

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, upon notification that an award will be made, it should immediately develop a tentative indirect cost rate proposal based on its most recently completed fiscal year, in accordance with the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. When an indirect cost rate is requested, those costs included in the indirect cost pool

should not also be charged as direct costs to the grant. Also, if the applicant is requesting a rate which is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

Program Income

Description: The estimated amount of income, if any, expected to be generated from this project.

Justification: Describe the nature, source and anticipated use of program income in the budget or refer to the pages in the application which contain this information.

Evaluation Criteria

The following evaluation criteria appear in weighted descending order. The corresponding score values indicate the relative importance that ACF places on each evaluation criterion; however, applicants need not develop their applications precisely according to the order presented. Application components may be organized such that a reviewer will be able to follow a seamless and logical flow of information (i.e., from a broad overview of the project to more detailed information about how it will be conducted).

In considering how applicants will carry out the responsibilities addressed under this announcement, competing applications for financial assistance will be reviewed and evaluated against the following criteria:

Approach—35 Points

Applications will be evaluated based on the extent to which they discuss the criteria to be used to evaluate the results, explain the methodology that will be used to determine if the needs identified and discussed are being met, and the results and benefits identified are being achieved. Applicants will be evaluated based on the extent to which they present a plan that (1) clearly reflects an understanding of the characteristics, needs and services currently available to the targeted population; (2) provides appropriate services that directly address the needs of the target population; (3) is evidence-based and grounded in theory and practice; (4) is appropriate and feasible; and (5) can be reliably evaluated.

Applications will be evaluated based on the extent to which they outline a plan of action pertaining to the scope and detail on how the proposed work will be accomplished for each project, and include a definition of the goals and

specific measurable objectives for the project. (8 points)

(4 points)

Applications will be evaluated based on the extent to which they describe the products to be developed during the implementation of the proposed project, such as questionnaires, interview guides, data collection instruments, software, internet applications, reports, article outcomes, evaluation results, and a dissemination plan for conveying the information. (4 points)

Applications will be evaluated based on the extent to which they cite factors which might accelerate or decelerate the work and provide reasons for taking this approach as opposed to others. (3 points)

Applications will be evaluated based on the extent to which they list each organization, operator, consultant, or other key individual who will work on the project along with a short description of the nature of their effort of contribution. (3 points)

Objectives and Need for Assistance—25 Points

Applications will be evaluated based on the extent to which the applicant describes the context of the proposed demonstration project, including the geographic location, environment, magnitude and severity of the problem(s) to be solved and the needs to be addressed.

Applications will be evaluated based on the extent to which they identify the results and benefits to be derived and the anticipated contribution to policy, practice, theory, and research.

Applications will be evaluated based on the extent to which they clearly describe the project benefits and results as they relate to the objectives of the project. (10 points)

Applications will be evaluated based on the extent to which they provide information regarding how the project will build on current theory, research, evaluation and best practices to contribute to increased knowledge and understanding of the problems, issues, or effective strategies and practices in training and technical assistance. (10 points)

Organizational Profiles—15 Points

Applications will be evaluated based on the extent to which they identify how the applicant organization (or the unit within the organization that will have responsibility for the project) is structured, the types and quantity of services, and the research and management capabilities it possesses. Applications will be evaluated based on the extent to which the applicant demonstrates a capacity to implement the proposed project including (1) experience with similar projects; (2) experience with the target population; (3) qualifications and experience of the project leadership; (4) commitment to developing and sustaining work among key stakeholders; (5) experience and commitment of any proposed consultants and subcontractors; and (6) appropriateness of the organizational

Applications will be evaluated based on the extent to which they identify the background of the project director/principal investigator and key project staff (such as the inclusion of name, address, training, educational background, and other qualifying experience) and the extent to which they demonstrate that the experience of the organization is such that the applicant may effectively and efficiently administer this project, for example, this can include providing brief resumes of key project staff. (4 points)

Applications will be evaluated based on the extent to which they provide a brief background description of how the applicant organization is organized, the types and quantity of services it provides, and the research and management capabilities it possesses. (4 points)

Applications will be evaluated based on the extent to which they demonstrate the direct relationship of the project to the applicant organization such as an organizational chart that illustrates the relationship of the project to the current organization. (3 points)

Budget and Budget Justification—5 Points

Applications will be evaluated based on the extent to which the applicant presents a budget with reasonable project costs, appropriately allocated across component areas and sufficient to accomplish the objectives, such as the inclusion of a justification for and documentation of the dollar amount requested.

Applications will be evaluated based upon the extent to which they include a narrative budget justification that describes how the categorical costs are derived and a discussion of the reasonableness and appropriateness of the proposed costs. Line item allocations and justifications are required for Federal funds.

Applications will be evaluated based on the extent to which they discuss and justify the costs of the proposed project as being reasonable and programmatically justified in view of the activities to be conducted and the anticipated results and benefits. (3 points)

Applications will be evaluated based on the extent to which they describe the

fiscal controls and accounting procedures that will be used to ensure prudent use, proper disbursement, and accurate accounting of funds received under this program announcement. (2 points)

Note: Applicants have the option of omitting the Social Security Numbers and specific salary rates of the proposed project personnel from the two copies submitted with the original applications to ACF. For purposes of the outside review process, applicants may elect to summarize salary information on the copies of their application. All necessary salary information must, however, appear on the signed original application for ACF.

2. Review and Selection Process: No grant award will be made under this announcement on the basis of an incomplete application.

Each application submitted under this program announcement will undergo a pre-review to determine that (1) the application was received by the closing date (*see* Section IV.3.) and (2) that the amount requested does not exceed the stated ceiling (*see* Section II.). It is necessary that applicants state specifically which funding announcement they are applying for.

Applications will be evaluated and rated by an independent review panel on the basis of specific evaluation criteria. The results of these reviews will assist the Commissioner and ADD program staff in considering competing applications. Reviewers' scores will weigh heavily in funding decisions but will not be the only factors considered. Applications generally will be considered in order of the average scores assigned by reviewers. The evaluation criteria were designed to assess the quality of a proposed project, and to determine the likelihood of its success. The evaluation criteria are closely related and are considered as a whole in judging the overall quality of an application. Points are awarded only to applications which are responsive to the evaluation criteria within the context of this program announcement. Non-Federal reviewers will be used for the review process.

Since ACF will be using non-Federal reviewers in the process, applicants have the option of omitting from the application copies (not the original) specific salary rates or amounts for individuals specified in the application budget and Social Security Numbers, if otherwise required for individuals. The copies may include summary salary information.

Approved But Unfunded Applications

Applications that are approved but unfunded may be held over for funding

in the next funding cycle, pending the availability of funds, for a period not to exceed one year.

VI. Award Administration Information

1. Award Notices

The successful applicants will be notified through the issuance of a Financial Assistance Award document which sets forth the amount of funds granted, the terms and conditions of the grant, the effective date of the grant, the budget period for which initial support will be given, the non-Federal share to be provided (if applicable), and the total project period for which support is contemplated. Executive Summary: The Administration on Developmental Disabilities (ADD) in the Administration for Children and Families (ACF), U.S. Department of Health and Human Services (DHHS) announces the availability of fiscal year 2005 funds to award grants to support the expansion of the National Network of University Centers for Excellence in Developmental Disabilities Education, Research, and Service (UCEDDs). The Developmental Disabilities Assistance and Bill of Rights Act of 2000 (Pub. L. 106-402) section 152(d) (42 U.S.C. 15062) authorizes the expansion of the National Network of UCEDDs, “* * * for States or populations that are unserved or underserved by Centers due to such factors as (1) population; (2) a high concentration of rural or urban areas; or (3) a high concentration of unserved or underserved populations.”

Applicants should have expertise in addressing the health disparities and education issues of ethnic and racial minority groups. This funding opportunity will support the administration and operation of up to three new UCEDDs that are interdisciplinary education, research, and public service units of universities, or public or not-for-profit entities associated with universities that engage in core functions (e.g., provision of interdisciplinary pre-service preparation and continuing education of students and fellows; provision of community services, including training and/or technical assistance; conduct of research; and dissemination of information) addressing, directly or indirectly, one or more of the areas of emphasis (e.g., quality assurance, education and early intervention, child care, health, employment, housing, transportation, recreation, and other services available or offered to individuals in a community, including formal and informal community supports, that affect their quality of life). This program announcement contains instructions for the submission of the fiscal year 2005 grant applications for core funding.

I. Funding Opportunity Description

Legislative Authority

The Administration on Developmental Disabilities (ADD) in the Administration for Children and Families (ACF), Department of Health and Human Services (DHHS) shares common goals with other ACF programs

that promote the economic and social well-being of families, children, individuals, and communities. ACF and ADD envision:

- Families and individuals empowered to increase their own economic independence and productivity;
- Strong, healthy, supportive communities having a positive impact on the quality of life and the development of children;
- Partnerships with individuals, front-line service providers, communities, States, and Congress that enable solutions that transcend traditional agency boundaries;
- Services planned and integrated to improve access to programs and supports for individuals and families;
- A community-based approach that recognizes and expands on the resources and benefits of diversity; and
- A recognition of the power and effectiveness of public-private partnerships, including collaboration among a variety of community groups and government agencies, such as a coalition of faith-based organizations, grassroots groups, families, and public agencies to address a community need.

The vision, listed above, will enable more individuals, including people with developmental disabilities, to live productive and independent lives integrated into their communities. The University Centers for Excellence in Developmental Disabilities Education, Research, and Service are a means by which ADD promotes the achievement of this vision.

ADD is the lead agency in ACF, DHHS, for administering the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (DD Act of 2000) (42 U.S.C. 15001, *et seq.*). The DD Act of 2000 authorizes support and assistance to States, public agencies, and private, non-profit organizations, including faith-based and community organizations, to assure that individuals with developmental disabilities and their families participate in the design of and have access to culturally competent services, supports, and other assistance and opportunities that promote independence, productivity, integration, and inclusion into the community.

As defined in the DD Act of 2000, the term “developmental disabilities” means a severe, chronic disability of an individual that is attributable to a mental or physical impairment or combination of mental and physical impairments that are manifested before the individual attains age 22 and are likely to continue indefinitely. Developmental disabilities result in
