#### Information Collections Open for Comment

**Title:** 46 CFR Part 540—Application for Certificate of Financial Responsibility/Form FMC-131.

**OMB Approval Number:** 3072-0012 (Expires August 31, 2005).

**Abstract:** Sections 2 and 3 of Public Law 89-777 (46 U.S.C. app. 817(d) and (e)) require owners or charterers of passenger vessels with 50 or more passenger berths or stateroom accommodations and embarking passengers at United States ports and territories to establish their financial responsibility to meet liability incurred for death or injury to passengers and other persons, and to indemnify passengers in the event of nonperformance of transportation. The Commission's Rules at 46 CFR part 540 implement Public Law 89-777 and specify financial responsibility coverage requirements for such owners and charterers.

**Current Actions:** There are no changes to this information collection, and it is being submitted for extension purposes only.

**Type of Review:** Extension.

**Needs and Uses:** The information will be used by the Commission's staff to ensure that passenger vessel owners and charterers have evidenced financial responsibility to indemnify passengers and others in the event of nonperformance or casualty.

**Frequency:** This information is collected when applicants apply for a certificate or when existing certificants change any information in their application forms.

**Type of Respondents:** The types of respondents are owners, charterers and operators of passenger vessels with 50 or more passenger berths that embark passengers from U.S. ports or territories.

**Number of Annual Respondents:** The Commission estimates an annual respondent universe of 50.

**Estimated Time Per Response:** The time per response ranges from .5 to 6 person-hours for reporting and recordkeeping requirements contained in the rules, and 8 person-hours for completing Application Form FMC-131. The total average time for both requirements for each respondent is 31.47 person-hours.

**Total Annual Burden:** The Commission estimates the total person-hour burden at 1,574 person-hours.

**Title:** 46 CFR Part 565—Controlled Carriers.

**OMB Approval Number:** 3072-0060 (Expires August 31, 2005).

**Abstract:** Section 9 of the Shipping Act of 1984 requires that the Federal Maritime Commission monitor the practices of controlled carriers to ensure that they do not maintain rates or charges in their tariffs and service contracts that are below a level that is just and reasonable; nor establish, maintain or enforce unjust or unreasonable classifications, rules or

regulations in those tariffs or service contracts which result or are likely to result in the carriage or handling of cargo at rates or charges that are below a just and reasonable level. 46 CFR part 565 establishes the method by which the Commission determines whether a particular ocean common carrier is a controlled carrier subject to section 9 of the Shipping Act of 1984. When a government acquires a controlling interest in an ocean common carrier, or when a controlled carrier newly enters a United States trade, the Commission's rules require that such a carrier notify the Commission of these events.

*Current Actions:* There are no changes to this information collection, and it is being submitted for extension purposes only.

*Type of Review:* Extension.

*Needs and Uses:* The Commission uses these notifications in order to effectively discharge its statutory duty to determine whether a particular ocean common carrier is a controlled carrier and therefore subject to the requirements of section 9 of the Shipping Act of 1984.

*Frequency:* The submission of notifications from controlled carriers is not assigned to a specific time frame by the Commission; they are submitted as circumstances warrant. The Commission only requires notification when a majority portion of an ocean common carrier becomes owned or controlled by a government, or when a controlled carrier newly begins operation in any United States trade.

*Type of Respondents:* Controlled carriers are ocean common carriers which are owned or controlled by a government.

*Number of Annual Respondents:* Although it is estimated that only 5 of the 8 currently classified controlled carriers may respond in any given year, because this is a rule of general applicability, the Commission considers the number of annual respondents to be 8. The Federal Maritime Commission cannot anticipate when a new carrier may enter the trade; therefore, the number of annual respondents could increase to 10 or more at any time.

*Estimated Time Per Response:* The estimated time for compliance is 7 person-hours per year.

*Total Annual Burden:* The Commission estimates the person-hour burden required to make such notifications at 56 person-hours per year.

*Title:* 46 CFR Part 525—Marine Terminal Operator Schedules and Related Form FMC-1.

*OMB Approval Number:* 3072-0061 (Expires August 31, 2005).

*Abstract:* Section 8(f) of the Shipping Act of 1984, 46 U.S.C. app. 1707(f), provides that a marine terminal operator (MTO) may make available to the public a schedule of its rates, regulations, and practices, including limitations of liability for cargo loss or damage, pertaining to receiving, delivering, handling, or storing property at its marine terminal, subject to section 10(d)(1), 46 U.S.C. app. 1709(d)(1) of the Act. The Commission's rules governing MTO schedules are set forth at 46 CFR part 525.

*Current Actions:* There are no changes to this information collection, and it is being submitted for extension purposes only.

*Type of Review:* Extension.

*Needs and Uses:* The Commission uses information obtained from Form FMC-1 to determine the organization name, organization number, home office address, name and telephone number of the firm's representatives and the location of MTO schedules of rates, regulations and practices, and publisher, should the MTOs determine to make their schedules available to the public, as set forth in section 8(f) of the Shipping Act.

*Frequency:* This information is collected prior to an MTO's commencement of its marine terminal operations.

*Type of Respondents:* Persons operating as MTOs.

*Number of Annual Respondents:* The Commission estimates the respondent universe at 247, of which 168 opt to make their schedules available to the public.

*Estimated Time Per Response:* The time per response for completing Form FMC-1 averages .5 person hours, and approximately 5 person-hours for related MTO schedules.

*Total Annual Burden:* The Commission estimates the total person-hour burden at 964 person-hours.

*Title:* 46 CFR Part 520—Carrier Automated Tariff Systems and Related Form FMC-1.

*OMB Approval Number:* 3072-0064 (Expires August 31, 2005).

*Abstract:* Except with respect to certain specified commodities, section 8(a) of the Shipping Act of 1984, 46 U.S.C. app. 1707(a), requires that each common carrier and conference shall keep open to public inspection, in an automated tariff system, tariffs showing its rates, charges, classifications, rules, and practices between all ports and points on its own route and on any through transportation route that has been established. In addition, individual carriers or agreements among carriers are required to make available in tariff

format certain enumerated essential terms of their service contracts. 46 U.S.C. app. 1707(c). The Commission is responsible for reviewing the accessibility and accuracy of automated tariff systems, in accordance with its regulations set forth at 46 CFR part 520.

*Current Actions:* There are no changes to this information collection, and it is being submitted for extension purposes only.

*Type of Review:* Extension.

*Needs and Uses:* The Commission uses information obtained from Form FMC-1 to ascertain the location of common carrier and conference tariff publications, and to access their provisions regarding rules, rates, charges and practices.

*Frequency:* This information is collected when common carriers or conferences publish tariffs.

*Type of Respondents:* Persons desiring to operate as common carriers or conferences.

*Number of Annual Respondents:* The Commission estimates an annual respondent universe of 3,500.

*Estimated Time Per Response:* The time per response for completing Form FMC-1 averages .5 person hours, and approximately 5.6 person-hours for related tariff filings.

*Total Annual Burden:* The Commission estimates the total person-hour burden at 364,200 person-hours.

*Title:* 46 CFR Part 530—Service Contracts and Related Form FMC-83.

*OMB Approval Number:* 3072-0065 (Expires August 31, 2005).

*Abstract:* The Shipping Act of 1984, 46 U.S.C. app. 1707, requires service contracts, except those dealing with bulk cargo, forest products, recycled metal scrap, new assembled motor vehicles, waste paper or paper waste, and their related amendments and notices to be filed confidentially with the Commission.

*Current Actions:* There are no changes to this information collection, and it is being submitted for extension purposes only.

*Type of Review:* Extension.

*Needs and Uses:* The Commission monitors service contract filings for acts prohibited by the Shipping Act of 1984.

*Frequency:* The Commission has no control over how frequently service contracts are entered into; this is solely a matter between the negotiating parties. When parties enter into a service contract, it must be filed with the Commission.

*Type of Respondents:* Parties that enter into service contracts are ocean common carriers and agreements among ocean common carriers on the one hand, and shippers or shipper's associations on the other.

*Number of Annual Respondents:* The Commission estimates an annual respondent universe of 140.

*Estimated Time Per Response:* The time per response for completing Form FMC-83 averages .5 person hours, and approximately 27 person-hours for reporting and recordkeeping requirements contained in the rules.

*Total Annual Burden:* The Commission estimates the total person-hour burden at 528,770 person-hours.
