

version should contact the Commission's Consumer & Governmental Affairs Bureau. Anyone that believes a domain name has been omitted or added in error should contact the Bureau as well.

On December 17, 2004, the Commission issued a *public notice* announcing that Commercial Mobile Radio Service (CMRS) carriers were required to submit their wireless domain names used for the applicable wireless messaging services to the Commission for inclusion in a wireless domain names database. The deadline for initial submissions was January 21, 2005. (We note that it was recently brought to our attention that this earlier public notice, 69 FR 77141, December 27, 2004, contained a typographical error in that it listed the January 21, 2005 deadline as January 21, 2004. While we do not believe that it caused any confusion for carriers, we ask that any carrier that experienced difficulty complying with the rules because of the error contact the Policy Division immediately). Further, CMRS carriers are responsible for the continuing accuracy and completeness of information furnished for the wireless domain names list.

As provided in 47 CFR 64.3100, no person or entity may initiate any mobile service commercial message unless:

(1) That person or entity has the express prior authorization of the addressee as described in 47 CFR 64.3100(d); or

(2) That person or entity is forwarding that message to its own address; or

(3) That person or entity is forwarding to an address provided that (i) the original sender has not provided any payment, consideration or other inducement to that person or entity and (ii) that message does not advertise or promote a product, service, or Internet Web site of the person or entity forwarding the message; or

(4) The address to which that message is sent or directed does not include a reference to a domain name that has been posted on the FCC's wireless domain names list for a period of at least 30 days before that message was initiated, provided that the person or entity does not knowingly initiate a mobile service commercial message.

Atlantic Highly Migratory Species; Atlantic Bluefin Tuna Quota Specifications, General Category Effort Controls, and Catch-and-Release Provision

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: NMFS announces the final initial 2004 fishing year specifications for the Atlantic bluefin tuna (BFT) fishery to set BFT quotas for each of the established domestic fishing categories, to set General category effort controls, and to establish a catch-and-release provision for recreational and commercial BFT handgear vessels during a respective quota category closure. This action is necessary to implement recommendations of the International Commission for the Conservation of Atlantic Tunas (ICCAT), as required by the Atlantic Tunas Convention Act (ATCA), and to achieve domestic management objectives under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act).

DATES: The final rule is effective from April 4, 2005.

ADDRESSES: Copies of the supporting documents including the Environmental Assessment/Regulatory Impact Review/Final Regulatory Flexibility Analysis (EA/RIR/FRFA) and the 1999 Atlantic Tunas, Swordfish, and Sharks Fishery Management Plan (1999 FMP) may be obtained from Brad McHale, Highly Migratory Species Management Division, NMFS, Northeast Regional Office, One Blackburn Drive, Gloucester, MA 01930. These documents are also available from the Highly Migratory Species Division website at www.nmfs.noaa.gov/sfa/hmspg.html or at the Federal e-Rulemaking Portal: www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Brad McHale at (978) 281-9260.

SUPPLEMENTARY INFORMATION: Atlantic tunas are managed under the dual authority of the Magnuson-Stevens Act and ATCA. ATCA authorizes the Secretary of Commerce (Secretary) to promulgate regulations, as may be necessary and appropriate, to implement ICCAT recommendations. The authority to issue regulations under the Magnuson-Stevens Act and ATCA has been delegated from the Secretary to the Assistant Administrator for Fisheries, NOAA (AA).
