

section 351.212(b) of the Department's regulations, the Department calculates an assessment rate for each importer of the subject merchandise for each respondent. The Department will issue appropriate assessment instructions directly to CBP within 15 days of publication of the final results of review.

Cash Deposit Requirements

The following cash deposit rates will be effective with respect to all shipments of LEU from France entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results, as provided for by section 751(a)(1) of the Act: (1) For Eurodif/COGEMA, the cash deposit rate will be the rate established in the final results of this review; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered by this review, a prior review, or the LTFV investigation, the cash deposit rate shall be the all other rate established in the LTFV investigation, which is 19.95 percent. *See Notice of Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Low Enriched Uranium from France*, 67 FR 6680 (February 13, 2002). These deposit rates, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under section 351.402(f) of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 28, 2005.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Oil Country Tubular Goods From Korea: Extension of Time Limit for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: March 7, 2005.

FOR FURTHER INFORMATION CONTACT: Jeff Boord or Nicholas Czajkowski, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-6345 or (202) 482-1395, respectively.

Background

On August 31, 2004, the Department of Commerce (the Department) received timely requests to conduct an administrative review of the antidumping duty order on oil country tubular goods from Korea. On September 22, 2004, the Department published a notice of initiation of this administrative review, covering the period of August 1, 2003, through July 31, 2004 (69 FR 56745). The preliminary results are currently due no later than May 3, 2005.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to complete the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. However, if it is not practicable to complete the review within these time periods, section 751(a)(3)(A) of the Act allows the Department to extend the time limit for the preliminary results to a maximum of 365 days after the last day of the anniversary month of an order for which a review is requested.

We are currently analyzing a number of complex issues with respect to the basis for normal value which must be addressed prior to the issuance of the preliminary results. Specifically, our

analysis of input cost issues and comparison market issues requires additional time and makes it impracticable to complete the preliminary results of this review within the originally anticipated time limit. Accordingly, the Department is extending the time limit for completion of the preliminary results of this administrative review until no later than August 31, 2005, which is 365 days from the last day of the anniversary month. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

Barbara E. Tillman,

Acting Deputy Assistant Secretary for Import Administration.
