**Pentair Pump, Pentair South (Hydromatic), 1840 Baney Road, Ashland, OH; Notice of Termination of Investigation**

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on September 6, 2005 in response to a worker petition filed by the United Auto Workers Local 1932 on behalf of workers at Pentair South (Hydromatic) at 1840 Baney Road, Ashland, Ohio.

A certification covering all workers at the aforementioned facility was issued on April 28, 2003, and remained valid until April 28, 2005 (TA-W-51,215). All employment at the plant ceased in December, 2004. Thus the entire workforce is covered by that certification. This investigation is therefore without purpose and is hereby terminated.

Signed at Washington, DC, this 13th day of September, 2005.

**United Machine Works, Inc., Bethel, NC and Greenville, NC; Notice of Revised Determination on Reconsideration**

By letter dated August 1, 2005 a company official requested administrative reconsideration regarding the Department's Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to the workers of the subject firm.

The initial investigation resulted in a negative determination signed on July 12, 2005 was based on the finding that imports of automotive parts did not contribute importantly to worker separations at the subject plant and no shift of production to a foreign source occurred. The denial notice was published in the **Federal Register** on August 26, 2005 (70 FR 50411).

To support the request for reconsideration, the company official

supplied additional information. Upon further review and contact with the subject firm's major customer, it was revealed that the customer significantly increased its imports of products like or directly competitive with automotive parts purchased from the subject firm and decreased its purchases from the subject firm during the relevant period. The imports accounted for a meaningful portion of the subject plant's lost sales and production. The investigation further revealed that production and employment at the subject firm declined during the relevant time period.

In accordance with section 246 the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers.

In order for the Department to issue a certification of eligibility to apply for ATAA, the group eligibility requirements of Section 246 of the Trade Act must be met. The Department has determined in this case that the requirements of Section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

### Conclusion

After careful review of the additional facts obtained on reconsideration, I conclude that increased imports of articles like or directly competitive with those produced at United Machine Works, Inc., Bethel, North Carolina and United Machine Works, Inc., Greenville, North Carolina, contributed importantly to the declines in sales or production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Act, I make the following certification:

"All workers of United Machine Works, Inc., Bethel, North Carolina (TA-W-57,336) and United Machine Works, Inc., Greenville, North Carolina (TA-W-57,336A) who became totally or partially separated from employment on or after June 3, 2004 through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974."

Signed in Washington, DC, this 14th day of September, 2005.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The Fair Labor Standards Act (FLSA), 29 U.S.C. 201 *et seq.*, section (3)(l) establishes a minimum age of 16 years for most nonagricultural employment but allows the employment of 14- and 15 year olds in occupations other than manufacturing and mining, if the

Secretary of Labor determines such employment is confined to (1) periods that will not interfere with the minor's schooling and (2) conditions that will not interfere with the minor's health and well-being. FLSA section 11(c) requires all employers covered by the FLSA to make, keep and preserve records of their employees' wages, hours and other conditions and practices of employment. Regulations issued by the Secretary of Labor prescribe the recordkeeping and reporting requirements for these records. Subpart C of Regulations, 29 CFR part 570, Child Labor Regulations, Orders and Statements of Interpretation, sets forth the employment standards for 14- and 15-year olds (CL Reg. 3). Regulations 29 CFR 570.35a contains the requirements describing the criteria for use, occupations permitted and conditions of employment that allow employment of 14- and 15-year olds-pursuant to a school-supervised and school-administered Work Experience and Career Exploration Program (WECEP)—under the conditions CL Reg. 3 otherwise prohibits. In order to utilize the CL Reg. 3 WECEP provisions, regulations 29 CFR 570.35(b)(2) requires a state educational agency to file an application for approval of a state WECEP program as one not interfering with schooling or with the health and well-being of the minors involved. Regulations 29 CFR 570.35a(b)(3)(vi) requires preparation of a written training agreement for each student participating in a WECEP and that such agreement be signed by the teacher-coordinator, employer and student. The regulation also requires the student's parent or guardian to sign or otherwise consent to the agreement, in order for it to be valid. Regulations 29 CFR 570.35a(b)(4)(ii) requires state education agencies to keep a record of the names and addresses of each school enrolling WECEP students and the number of enrollees in each unit. The state or local educational agency office must keep a copy of the written training agreement for each student participating in the program and maintain these records for 3 years from the date of enrollment in the program. This information collection is currently approved for use through March 31, 2006.
