Trade Adjustment Assistance for Farmers

AGENCY: Foreign Agricultural Service, USDA.

ACTION: Notice.

The Administrator, Foreign Agricultural Service (FAS), approved a petition for trade adjustment assistance (TAA) that was filed on February 11, 2005, by the Potato Growers of Idaho, Blackfoot, Idaho. The certification date is March 28, 2005. Beginning on this date, Idaho potato producers who produce fresh market potatoes will be eligible to apply for fiscal year 2005 benefits during an application period ending June 27, 2005.

SUPPLEMENTARY INFORMATION: Upon investigation, the Administrator determined that increased imports of french fries contributed importantly to a decline in producer prices of fresh potatoes in Idaho by 21 percent during January 2003 through December 2003, when compared with the previous 5-year average.

Eligible producers must apply to the Farm Service Agency for benefits. After submitting completed applications, producers shall receive technical assistance provided by the Extension Service at no cost and may receive an adjustment assistance payment, if certain program criteria are satisfied. Applicants must obtain the technical assistance from the Extension Service by September 26, 2005, in order to be eligible for financial payments.

Producers of raw agricultural commodities wishing to learn more about TAA and how they may apply should contact the Department of Agriculture at the addresses provided below for General Information.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969; the Council on Environmental Quality Guidelines (40 CFR, part 1500); and the Natural Resources Conservation Service (formerly the Soil Conservation Service) Guidelines (7 CFR, part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environmental impact statement is not being prepared for the Tanana River Floodplain Acquisition Project at Salcha, Alaska.

FOR FURTHER INFORMATION CONTACT: Ms. Febe Ortiz, Acting State Conservationist, Natural Resources Conservation Service, Alaska State Office, 800 West Evergreen Avenue, Suite 100, Palmer, AK 99645-6539; Phone: 907-761-7760; Fax: 907-761-7790.

SUPPLEMENTARY INFORMATION: The environmental assessment of this federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings, Febe Ortiz, Acting State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The planned works of improvement include the voluntary acquisition of residential, commercial and other property; the removal and decommissioning of buildings and other facilities; and the re-vegetation and restoration of acquired sites. Restored land will be maintained, in perpetuity, for floodplain use and function.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and other interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Febe Ortiz.

I. Funding Opportunity

The provision of broadband transmission service is vital to the economic development, education, health, and safety of rural Americans. The purpose of the Community Connect Grant Program is to provide financial assistance in the form of grants to eligible applicants that will provide currently unserved areas, on a "community-oriented connectivity" basis, with broadband transmission service that fosters economic growth and delivers enhanced educational, health care, and public safety services. RUS will give priority to rural areas that it believes have the greatest need for broadband transmission services, based on the criteria contained herein.

Grant authority will be used for the deployment of broadband transmission service to extremely rural, lower-income communities on a "community-oriented connectivity" basis. The "community-oriented connectivity" concept will stimulate practical, everyday uses and applications of broadband by cultivating the deployment of new broadband transmission services that improve economic development and provide enhanced educational and health care opportunities in rural areas. Such an approach will also give rural communities the opportunity to benefit from the advanced technologies that are necessary to achieve these goals. Please see 7 CFR 1739, subpart A for specifics.

This notice has been formatted to conform to a policy directive issued by the Office of Federal Financial Management (OFFM) of the Office of Management and Budget (OMB), published in the **Federal Register** on June 23, 2003. This Notice does not change the Community Connect Grant

Program regulation (7 CFR 1739, subpart A).

II. Award Information

A. Available Funds

1. *General.* The Administrator has determined that the following amounts are available for grants in FY 2005 under 7 CFR 1739.2(a).

2. *Grants*

a. \$8.9 million is available for grants. Under 7 CFR 1739.2, the Administrator has established a minimum grant amount of \$50,000. There is no maximum grant amount for FY 2005.

b. Assistance instrument: RUS will execute grant documents appropriate to the project prior to any advance of funds with successful applicants.

c. Community Connect grants cannot be renewed. Award documents specify the term of each award. Applications to extend existing projects are welcomed (grant applications must be submitted during the application window) and will be evaluated as new applications.

III. Eligibility Information

A. Who Is Eligible for Grants? (See 7 CFR 1739.10.)

1. Only entities legally organized as one of the following are eligible for Community Connect Grant Program financial assistance:

- a. An incorporated organization,
- b. An Indian tribe or tribal organization, as defined in 25 U.S.C. 450b(b) and (c),
- c. A State or local unit of government,
- d. A cooperative, private corporation or limited liability company organized on a for-profit or not-for-profit basis.

2. Individuals are not eligible for Community Connect Grant Program financial assistance directly.

3. Applicants must have the legal capacity and authority to own and operate the broadband facilities as proposed in its application, to enter into contracts and to otherwise comply with applicable federal statutes and regulations.

B. What Are the Basic Eligibility Requirements for a Project?

1. Required matching contributions. Please see 7 CFR 1739.14 for the requirement. Grant applicants must demonstrate a matching contribution, in cash or in kind (new, non-depreciated items), of at least fifteen (15) percent of the total amount of RUS financial assistance requested. Matching contributions must be used for eligible purposes of Community Connect grant assistance (see 7 CFR 1739.14).

2. To be eligible for a grant, the Project must (see 7 CFR 1739.11):

a. Serve a Rural Area throughout which Broadband Transmission Service does not currently exist, to be verified by RUS prior to the award of the grant;

b. Serve one and only one Community recognized in the latest U.S. Census. For FY 2005, RUS will accept communities added to the Census through the Count Question Resolution Process, and considers a Census Designated Place to be an unincorporated town, village, or borough, and thus a "community" as defined in 7 CFR 1739. Additional communities located in the contiguous areas outside the Community's boundaries that are not recognized (due to size) in the U.S. Census, can be included in the applicant's proposed Service Area, but must be supported by documentation, acceptable to RUS, as to their existence. Communities made eligible through the Count Question Resolution Process may lack corresponding Per Capita Income (PCI) data, so for scoring purposes, applicants claiming eligibility through the Count Question Resolution Process should propose a substitute PCI which is available for a geographical area which includes and most nearly replicates the applicant's proposed service area, subject to RUS acceptance;

c. Deploy Basic Broadband Transmission Service, free of all charges for at least 2 years, to all Critical Community Facilities located within the proposed Service Area;

d. Offer Basic Broadband Transmission Service to residential and business customers within the proposed Service Area; and

e. Provide a Community Center with at least ten (10) Computer Access Points within the proposed Service Area, and make Broadband Transmission Service available therein, free of all charges to users for at least 2 years.

C. See paragraph IV.B of this notice for a discussion of the items that make up a completed application. You may also refer to 7 CFR 1739.15 for completed grant application items.

Submission for OMB Review; Comment Request

DOC has submitted to the Office for Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104-13.

Agency: International Trade Administration.

Title: Advocacy Questionnaire.

OMB Number: 0625-0220.

Agency Form Number: ITA-4133P.

Type of Request: Regular Submission.

Burden: 205 hours.

Number of Respondents: 200.

Avg. Hours Per Response: 30 minutes.

Needs and Uses: The International Trade Administration's (ITA) Advocacy Center marshals federal resources to assist U.S. firms competing for foreign government procurements worldwide. The Advocacy Center works closely with the Trade Promotion Coordination Committee which is chaired by the Secretary of Commerce and includes 19 Federal agencies involved in export promotion.

Advocacy assistance is wide and varied, but most often is employed to assist U.S. commercial interests that must deal with foreign governments or government-owned corporations to win or maintain business transactions in foreign markets. The Advocacy Center is at the core of the President's National Export Strategy and its goal to ensure opportunities for American companies in the international marketplace.

The purpose of the Advocacy Questionnaire is to collect the necessary information to evaluate whether a firm qualifies for USG advocacy assistance. The Advocacy Center, appropriate ITA officials, officers at U.S. Embassies/Consulates worldwide, and other federal government agencies that provide advocacy support (the Advocacy Network) to U.S. firms, will request firm(s) seeking USG advocacy support to complete the questionnaire. Without

this information, we would be unable to determine if a firm is eligible for U.S. government advocacy.

Affected Public: Business community.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit, voluntary.

OMB Desk Officer: David Rostker, (202) 395-7340.

Copies of the above information collection proposal can be obtained by writing Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th & Constitution Avenue, NW., Washington, DC 20230; e-mail: dHynek@doc.gov.
