SUPPLEMENTARY INFORMATION:

A. Background

DFARS Transformation is a major DoD initiative to dramatically change

the purpose and content of the DFARS. The objective is to improve the efficiency and effectiveness of the acquisition process, while allowing the acquisition workforce the flexibility to innovate. The transformed DFARS will contain only requirements of law, DoD-wide policies, delegations of FAR authorities, deviations from FAR requirements, and policies/procedures that have a significant effect beyond the internal operating procedures of DoD or a significant cost or administrative impact on contractors or offerors. Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dars/dfars/transformation/index.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed DFARS changes—

- Increase the dollar thresholds for preparation of written acquisition plans;
- Update acquisition planning requirements for consistency with changes to the DoD 5000 series publications;
- Delete unnecessary text relating to contract administration and class justifications for other than full and open competition;
- Clarify requirements for funding of leases; and
- Delete text addressing the contents of written acquisition plans. Text on this subject will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI). Additional information on PGI is available at <http://www.acq.osd.mil/dpap/dars/pgi>.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule addresses internal DoD requirements for acquisition planning. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003-D044.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection

requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

This exception does not apply to a multiyear contract or a contract with options or phases.

(e) Prepare written acquisition plans for acquisition programs meeting the thresholds of paragraphs (d)(i)(A) and (B) of this section on a program basis. Other acquisition plans may be written on either a program or an individual contract basis.

(g) The program manager, or other official responsible for the program, has overall responsibility for acquisition planning.

(h) For procurement of conventional ammunition, as defined in DoDD 5160.65, the Single Manager for Conventional Ammunition (SMCA) will review the acquisition plan to determine if it is consistent with retaining national technology and industrial base capabilities in accordance with 10 U.S.C. 2304(c)(3) and section 806 of

Public Law 105–261. The department or agency—

(i) Shall submit the acquisition plan to the address in PGI 207.103(h); and

(ii) Shall not proceed with the procurement until the SMCA provides written concurrence with the acquisition plan. In the case of a non-concurrence, the SCMA will resolve issues with the Army Office of the Executive Director for Conventional Ammunition.

4. Section 207.104 is removed.

5. Section 207.105 is revised to read as follows:

6. Section 207.471 is amended by revising paragraphs (b) and (c) to read as follows:

207.471 Funding requirements.

* * * * *

(b) DoD leases are either capital leases or operating leases. See FMR 7000.14–R, Volume 4, Chapter 7, Section 070207.

(c) Capital leases are essentially installment purchases of property. Use procurement funds for capital leases, as these are essentially installment purchases of property.

Additional information on the DFARS Transformation initiative is available at <http://www.acq.osd.mil/dpap/dars/dfars/transformation/index.htm>.

This proposed rule is a result of the DFARS Transformation initiative. The proposed DFARS changes—

○ Streamline text on the use of economic price adjustment clauses;

○ Increase, from 3 to 5 years, the standard maximum ordering period under basic ordering agreements;

○ Delete obsolete text on the use of cost-plus-fixed-fee contracts for environmental restoration;

○ Delete unnecessary text on design stability and use of incentive provisions; and

○ Delete procedures for selecting contract type and for use of special economic price adjustment clauses,

incentive contracts, and basic ordering agreements. Text on these subjects will be relocated to the new DFARS companion resource, Procedures, Guidance, and Information (PGI). Additional information on PGI is available at <http://www.acq.osd.mil/dpap/dars/pgi>.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule updates and streamlines DFARS text on the use of various contract types, but makes no significant change to DoD contracting policy. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003–D078.
