

## VOLUME 2B: SOUTH FLORIDA

CONTENTS

Preface .....	III
Introduction .....	1
Cooperation .....	2
Summary of Hydrologic Conditions .....	3
Explanation of the Records .....	16
Station Identification Numbers .....	16
Downstream Order System .....	16
Numbering System for Wells and Miscellaneous Surface-Water Sites .....	16
Records of Stage and Water Discharge .....	17
Data Collection and Computation .....	17
Data Presentation .....	18
Station Manuscript .....	19
Daily Table of Daily Mean Values .....	20
Statistics of Monthly Mean Values .....	20
Summary Statistics .....	20
Identifying Estimated Daily Discharge .....	22
Accuracy of the Records .....	22
Other Records Available .....	23
Records of Surface-Water Quality .....	23
Classification of Records .....	23
Arrangement of Records .....	23
On-site Measurements and Sample Collection .....	23
Water Temperature .....	24
Sediment .....	24
Laboratory Measurements .....	24
Data Presentation .....	25
Remark Codes .....	26
Quality Control Data .....	27
Blank Samples .....	27
Reference Samples .....	28
Replicate Samples .....	28
Spike Samples .....	28
Records of Ground-Water Level Data .....	28
Data Collection and Computation .....	28
Accuracy of Ground-Water Level Data .....	29
Method-Independent Factors .....	29
Data Presentation .....	30
Records of Bulk Electrical Conductivity .....	31
Data Collection and Computation .....	31
Accuracy of Bulk Conductivity .....	32
Data Presentation .....	32
Records of Ground-Water Quality .....	33
Data Collection and Computation .....	33
Data Presentation .....	33
Access to USGS Water Data .....	33

## VOLUME 2B: SOUTH FLORIDA

CONTENTS (continued)

Definition of Terms.....	34
Techniques of Water-Resources Investigations.....	46
Selected References.....	51
Broward County.....	53
Well Descriptions and water level measurements .....	56
Charlotte County.....	147
Well Descriptions and water level measurements .....	150
Collier County.....	151
Well Descriptions and water level measurements .....	154
Miscellaneous water level measurements .....	246
Glades County.....	247
Well Descriptions and water level measurements .....	250
Hendry County.....	253
Well Descriptions and water level measurements .....	256
Lee County .....	261
Well Descriptions and water level measurements .....	264
Miscellaneous water level measurements .....	384
Martin County.....	385
Well Descriptions and water level measurements .....	388
Miami-Dade County.....	395
Well Descriptions and water level measurements .....	398
Miscellaneous water level measurements .....	546
Palm Beach County.....	547
Well Descriptions and water level measurements .....	550
St. Lucie County.....	587
Well Descriptions and water level measurements .....	590
Index to Introductory Text.....	601

VOLUME 2B: SOUTH FLORIDA

ILLUSTRATIONS

Figure 1. Geographic area covered by this report. .... V

Figure 2. South Florida areas of hydrologic significance ..... 3

Figure 3. Generalized geology and hydrogeology of Palm Beach County ..... 5

Figure 4. Generalized geology and hydrogeology of southwestern Florida ..... 5

Figure 5. Historical water-level summary curves and annual mean of  
maximum daily water levels at well S-196A penetrating the  
Biscayne aquifer ..... 9

Figure 6. Historical water-level summary curves and annual mean of  
maximum daily water levels at well PB-561 penetrating the  
surficial aquifer system ..... 10

Figure 7. Historical water-level summary curves and annual mean of  
maximum daily water levels at well C-496 penetrating the  
surficial aquifer system (water-table aquifer) ..... 11

Figure 8. Historical water-level summary curves and annual mean of  
maximum daily water levels at well C-492 penetrating the  
Tamiami aquifer ..... 12

Figure 9. Historical water-level summary curves and annual mean of  
maximum daily water levels at well L-729 penetrating the  
sandstone aquifer ..... 13

Figure 10. Historical water-level summary curves and annual mean of  
maximum daily water levels at well L-1993 penetrating the  
mid-Hawthorn aquifer ..... 14

Figure 11. Historical water-level summary curves and annual mean of  
maximum daily water levels at well L-2434 penetrating the  
lower-Hawthorn producing zone ..... 15

Figure 12. System for numbering wells and miscellaneous sites ..... 17

Figure 13. Location of wells in Broward County ..... 55

Figure 14. Location of wells in Charlotte County ..... 149

Figure 15. Location of wells in Collier County ..... 153

Figure 16. Location of wells in Glades County ..... 249

Figure 17. Location of wells in Hendry County ..... 255

Figure 18. Location of wells in Lee County ..... 263

Figure 19. Location of wells in Martin County ..... 387

Figure 20. Location of wells in Miami-Dade County ..... 397

Figure 21. Location of wells in Palm Beach County ..... 549

Figure 22. Location of wells in St. Lucie County ..... 589
