17 A. DETAILED COST OF MATERIALS, PARTS, AND SUPPLIES

Report:

Delivered cost of individual items listed below. Delivered cost is the amount paid or payable after discounts and including freight and other direct charges incurred by the establishment in acquiring the materials. The figures reported should represent the total purchase cost of supplies, minerals received for preparation, machinery installed, etc., actually used or processed during 2007. Include purchases, interplant transfers, and withdrawals from inventories. If the data are not available from your records, reasonable estimates are acceptable.

Quantities in the unit of measure specified.

Estimated cost of minerals received for custom processing, as if purchased.

Minerals mined and also processed at this establishment in **©**B only.

Include:

Minerals received from other establishments for preparation which were used during 2007.

Items listed below whether charged to current or capital accounts.

Cost of items for which less than \$25,000 worth was used in "All other supplies," line 5.

Supplies purchased by this establishment for use by companies performing contract work at this establishment.

Exclude:

Associated labor costs of the kind reported in 2 and 6, line A5.

Payments made for contract services performed, including payments for supplies and equipment furnished by the contractor incidental to this work.

DETAIL OF SALES, SHIPMENTS, RECEIPTS, OR REVENUE

The U.S. Geological Survey, U.S. Department of the Interior, generally collects detailed figures on the mineral products listed here. This item provides only Summary figures which will serve to relate the statistics compiled from the Economic Census of Mineral Industries to the statistics compiled by the U.S. Geological Survey.

Report:

Net total values f.o.b. quarry or plant after discounts and allowances, and exclusive of freight charges and excise taxes. Short tons equal to 2,000 pounds.

Include:

All products produced or physically shipped from this establishment in 2007.

Material withdrawn from stockpiles.

Products shipped on consignment.

Prepared minerals from crude materials mined at this establishment, purchased, or received from other establishments of your company.

Estimated value of products treated on a custom or toll basis.

Products transferred for preparation, milling, or other use to other establishments of your company.

Bonuses or other credits for minerals contained, as well as royalties.

Exclude:

Penalties for impurities.
