

888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "FERRIS" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll-free at (866) 208-3676, or TTY, contact (202) 502-8659. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

*Protest Date:* March 12, 2003.

[Docket No. CP03-51-000]

#### Natural Gas Pipeline Company of America; Errata Notice

March 6, 2003.

In the Commission's Notice of Application issued February 24, 2003, in the above proceeding, on page 1, paragraph 3 of the notice, in the last sentence, change "requests" to "does not request". The sentence should read: "Natural states that the cost of the project is approximately \$2.8 million and Natural does not request rolled-in rate treatment for the new facilities".

[Project No. 2852]

#### New York State Electric & Gas Corporation; Notice of Authorization for Continued Project Operation

March 6, 2003.

On February 27, 2001, New York Electric & Gas Corporation, licensee for the Keuka Project No. 2852, filed an application for a nonpower license pursuant to the Federal Power Act (FPA) and the Commission's regulations thereunder. Project No. 2852 is located between Waneta Lake and Lamoka Lake impoundments, and Keuka Lake in Steuben and Schuyler Counties, New York.

The license for Project No. 2852 was issued for a period ending February 28, 2003. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year to year an annual license to the then licensee under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2852 is issued to New York State Electric & Gas Corporation for a period effective March 1, 2003, through February 29, 2004, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before March 1, 2004, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed

automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that New York State Electric & Gas Corporation is authorized to continue operation of the Keuka Project No. 2852 until such time as the Commission acts on its application for subsequent license.
