

Gulf Coast: Delete the data collection elements for Texas Gulf Refugio and Louisiana South Mix crude streams and begin collection on the following six (6) new streams: Louisiana Light Sweet, Heavy Louisiana Sweet, Mars Blend, Eugene Island, HOOPS blend, and High Island.

Oklahoma: Delete the data collection elements for Oklahoma Cement and Oklahoma Garber and begin collection of the Oklahoma Sweet crude stream.

Texas: Delete the data collection elements for Texas Hawkins crude stream and begin collection of the following four (4) crude streams: Panhandle, North Texas Sweet, and South Texas Sweet, and West Central Texas.

Form EIA-782C collects data on the sales of various refined petroleum products into states where the product is ultimately used. EIA proposes to delete naphtha-type jet fuel as a data element to Form EIA-782C based on the declining sales for this product over the past 10 years.

III. Request for Comments

Prospective respondents and other interested parties should comment on the actions discussed in item II. Please indicate to which form(s) your comments apply. Your comments should address your use of data and how the proposed changes impact your data needs.

General Issues

A. Is the proposed collection of information necessary for the proper performance of the functions of the agency and does the information have practical utility? Practical utility is defined as the actual usefulness of information to or for an agency, taking into account its accuracy, adequacy, reliability, timeliness, and the agency's ability to process the information it collects.

B. What enhancements can be made to the quality, utility, and clarity of the information to be collected?

As a Potential Respondent to the Request for Information

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information to be collected?

B. Are the instructions and definitions clear and sufficient? If not, which instructions need clarification?

C. Can the information be submitted by the due date?

D. Public reporting burden for this collection is estimated to average:

EIA-14, "Refiners" Monthly Cost Report" (1.6 hours per response);

EIA-182, "Domestic Crude Oil First Purchase Report" (4.3 hours per response);

EIA-782A, "Refiners'/Gas Plant Operators' Monthly Petroleum Product Sales Report" (15 hours per response);

EIA-782B, "Resellers'/Retailers' Monthly Petroleum Product Sales Report" (2.5 hours per response);

EIA-782C, "Monthly Report of Petroleum Products Sold Into States for Consumption" (2.1 hours per response);

EIA-821, "Annual Fuel Oil and Kerosene Sales Report" (3.2 hours per response);

EIA-856, "Monthly Foreign Crude Oil Acquisition Report" (6.1 hours per response);

EIA-863, "Petroleum Product Sales Identification survey" (1 hour per response);

EIA-877, "Winter Heating Fuels Telephone Survey" (.1 hour per response);

EIA-878, "Motor Gasoline Price Survey" (.05 hours per response);

EIA-888, "On-Highway Diesel Fuel Price Survey" (.05 hours per response).

The estimated burden includes the total time necessary to provide the requested information. In your opinion, how accurate is this estimate?

E. The agency estimates that the only cost to a respondent is for the time it will take to complete the collection. Will a respondent incur any start-up costs for reporting, or any recurring annual costs for operation, maintenance, and purchase of services associated with the information collection?

F. What additional actions could be taken to minimize the burden of this collection of information? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

G. Does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

As a Potential User of the Information to be Collected

A. What actions could be taken to help ensure and maximize the quality, objectivity, utility, and integrity of the information disseminated?

B. Is the information useful at the levels of detail to be collected?

C. For what purpose(s) would the information be used? Be specific.

D. Are there alternate sources for the information and are they useful? If so,

what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.
