

to test a Nasdaq service that the subscriber has not used previously.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁵ including section 15A(b)(5) of the Act,⁶ which requires that the rules of the NASD provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. By adopting a pricing structure that is responsive to subscriber needs and market demands, the proposed rule supports efficient use of existing systems and ensures that the charges associated with such use are allocated equitably.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW.,

Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to File No. SR-NASD-2003-54 and should be submitted by April 29, 2003.

V. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association, and, in particular, the requirements of section 15A(b)(5) of the Act,⁷ which requires that the rules of the NASD provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the NASD operates or controls. The Commission believes that the proposed new pricing structure should provide users with more flexible and economically efficient access to the NTF. Additionally, the Commission notes that the proposed pricing structure is identical to that proposed to be applied to NASD members.⁸ The Commission further finds good cause for approving the proposed rule change prior to the 30th day after the date of publication of notice thereof in the **Federal Register**. Accelerated approval is appropriate in that it will ensure that persons who are not NASD members receive the benefits of a more flexible pricing structure for use of the NTF as soon as possible.

VI. Conclusion

It is therefore ordered, pursuant to section 19(b)(2) of the Act,⁹ that the proposed rule change (SR-NASD-2003-54) is hereby approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁰

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-47603; File No. SR-NSCC-2003-02]

Self-Regulatory Organizations; National Securities Clearing Corporation; Notice of Filing and Order Granting Accelerated Approval of a Proposed Rule Change Relating to Creating New Cost Basis Reporting Service

March 31, 2003.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934,¹ notice is hereby given that on January 24, 2003, the National Securities Clearing Corporation ("NSCC") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared primarily by NSCC. The Commission is publishing this notice and order to solicit comments on the proposed rule change from interested persons and to grant accelerated approval.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The proposed rule change creates a new Cost Basis Reporting Service ("CBRS") that will facilitate the automated exchange of cost basis information regarding a customer account transfer.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NSCC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. NSCC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.²

⁹ 15 U.S.C. 78s(b)(2).

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is add a new Rule 30 to NSCC's Rules and Procedures ("Rules") in order to create a new CBRS that will facilitate the automated exchange of cost basis information related to a customer account transfer.

NSCC has developed a cost basis reporting service to augment its current Automated Customer Account Transfer Service ("ACATS") processing. Cost basis reporting is useful to customers for tax reporting purposes. Cost basis information is currently captured and entered into many firm's portfolio systems manually. NSCC was requested to centralize and standardize the transmission of cost basis information.

CBRS will be available to NSCC members and qualified securities depositories acting on behalf of their participants and will permit them to transmit between themselves on an automated basis cost basis information with respect to accounts that have previously been transferred via ACATS. Participants may send cost basis data to NSCC multiple times during the day up to a predetermined cutoff.

NSCC believes that the proposed rule change is consistent with the requirements of Section 17A of the Act³ and the rules and regulations thereunder because it will facilitate the prompt and accurate clearance and settlement of securities transactions.

B. Self-Regulatory Organization's Statement on Burden on Competition

NSCC does not believe that the proposed rule change will have an impact on or impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments relating to the proposed rule change have been solicited or received. NSCC has notified its member of the terms of the proposed service by an Important Notice on November 4, 2002. NSCC will notify the Commission of any written comments it receives.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Commission finds that NSCC's proposed rule change is consistent with the requirements of the Act and the

rules and regulations thereunder and particularly with the requirements of Section 17A(b)(3)(F)⁴ of the Act. Section 17A(b)(3)(F) requires that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions. Providing an automated and standardized method of transmitting cost basis information related to securities accounts that are transferred from one broker-dealer to another through ACATS should reduce NSCC's members' administrative burdens and as such should promote the prompt and accurate clearance and settlement of securities transactions.

NSCC has requested that the Commission find good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of filing. The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice of filing because such approval will allow NSCC to implement this new service in time for it to provide benefits for brokers, dealers, and investors for the current tax filing period and will also enable NSCC to implement CBRS in accordance with its systems implementation schedule.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 5th Street NW., Washington, DC 20549-0069. Comments may also be submitted electronically at the following e-mail address: rule-comments@sec.gov. All comment letters should refer to File No. SR-NSCC-2003-02. This file number should be included on the subject line if e-mail is used. To help us process and review comments more efficiently, comments should be sent in hardcopy or by e-mail but not by both methods. Copies of the submission, all subsequent amendments, all written statements with respect to the rule filing that are filed with the Commission, and all written communications relating to the rule filing between the Commission and any person, other than those that may be withheld from the public in accordance with provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room in Washington, DC. Copies of

such filing will also be available for inspection and copying at NSCC's principal office. All submissions should refer to File No. SR-NSCC-2003-02 and should be submitted by April 29, 2003.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-NSCC-2003-02) be, and hereby is, approved on an accelerated basis.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.⁵
