FEDERAL COMMUNICATIONS COMMISSION

[IB Docket No. 03-38; DA 03-390]

Petitions for Protection From Whipsawing on the U.S.-Philippines Route**AGENCY:** Federal Communications Commission.**ACTION:** Notice; soliciting comments.

SUMMARY: AT&T and WorldCom filed petitions requesting that the FCC take action to protect U.S. international

carriers and U.S. consumers from alleged "whipsawing" behavior occurring on the U.S.-Philippines route. The Commission issued a public notice soliciting comments on this issue.

DATES: Comments or oppositions are due on or before February 20, 2003 and reply comments are due on or before February 27, 2003.

ADDRESSES: Federal Communications Commission, Office of the Secretary, 445 12th Street, SW., Washington, DC 20554. See *Supplementary Information for filing instructions.*

SUPPLEMENTARY INFORMATION: AT&T Corp. (AT&T) and WorldCom Inc. (WorldCom) filed petitions on February 7, 2003 requesting that the Commission take action to protect U.S.-international carriers and U.S. consumers from alleged "whipsawing" behavior occurring on the U.S.-Philippines route. "Whipsawing" is a form of anticompetitive behavior that involves the ability of foreign carriers to obtain unduly favorable terms and conditions from U.S.-international service providers by setting competing U.S. carriers against one another.

According to AT&T's petition, several carriers in the Philippines, including the Philippines Long Distance Telephone Company (PLDT), Globe Telecom, Inc., Digitel Telecommunications Philippines, Inc., Bayan Telecommunications Company, Smart Communications, Inc., and Subic Telecom, collectively referred to as "Philippine carriers," are engaged in disrupting AT&T's network. AT&T states that each of these carriers has demanded a unilateral increase in the rate for termination services in the Philippines for U.S.-outbound traffic. Similarly, WorldCom's petition states that PLDT has blocked WorldCom's traffic in retaliation for WorldCom's refusal to agree to a similar rate increase for traffic terminating on PLDT's network in the Philippines.

AT&T and WorldCom have requested that the Commission take action to protect U.S. carriers in their negotiations on the U.S.-Philippines route from "whipsawing" and prevent further network disruptions and harm to U.S. consumers. Specifically, AT&T has requested that the Commission take urgent action to prevent further "whipsawing," including interim relief. AT&T and WorldCom request that the Commission prohibit U.S. carriers from making payments to the Philippine

carriers and PLDT, respectively, until international service is fully restored.
