

and in accordance with 776(c) of the Act, we consider the margins in the petition to be corroborated to the extent practicable for purposes of this preliminary determination.

Accordingly, in selecting AFA with respect to Kiswire and Dong-Il, we have applied the margin rate of 54.19 percent, which is the highest estimated dumping margin set forth in the notice of initiation. See *Initiation Notice*, 68 FR at 9053.

D. All Others Rate

Section 735(c)(5)(B) of the Act provides that, where the estimated weighted-averaged dumping margins established for all exporters and producers individually investigated are zero, *de minimis*, or are determined entirely under section 776 of the Act, the Department may use any reasonable method to establish the estimated all-others rate for exporters and producers not individually investigated. This provision contemplates that we weight-average margins other than zero, *de minimis*, and facts available margins to establish that "All Others" rate. Where the data do not permit weight-averaging such rates, the SAA provides that we use other reasonable methods. See SAA at 873. Because the petition contained four estimated dumping margins which we subsequently adjusted in our pre-initiation analysis, we have used these adjusted dumping margins to create an "All Others" rate based on a simple average. See, e.g., *Notice of Preliminary Determination of Sales at Less Than Fair Value: Polyvinyl Alcohol from Germany*, 68 FR 7980, 7983 (February 19, 2003). Specifically, in this case we have used the simple average of both the price-to-price margins and the price-to-CV margins from the initiation notice, which takes into account the Department's pre-initiation adjustments to the labor and utility values alleged in the petition. Therefore, we have calculated a margin of 35.64 percent as the "All Others" rate.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we are directing the BCBP to suspend liquidation of all entries of PC strand from Korea, that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We are also instructing the BCBP to require a cash deposit or the posting of a bond equal to the dumping margin as indicated in the chart below. These instructions suspending liquidation will remain in effect until further notice.

The dumping margins are as follows:

| Producer/exporter | Margin (percentage) |
|---------------------------------|---------------------|
| Kiswire Ltd | 54.19 |
| Dong-Il Steel Mfg. Co. Ltd | 54.19 |
| All Others | 35.64 |

International Trade Commission Notification

If the final determination in this proceeding is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of PC strand from Korea are materially injuring, or threaten material injury, to the U.S. industry.
