33 CFR Part 117

[CGD08-03-011]

RIN 1625-AA09

Drawbridge Operation Regulation; Mississippi River, Iowa and Illinois

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to change the regulation governing the Rock Island Railroad & Highway Drawbridge, across the Upper Mississippi River at Mile 482.9, at Rock Island, Illinois. The drawbridge need not open for river traffic and may remain in the closed-to-navigation position from 7:30 a.m. to 11:30 a.m. on September 28, 2003. This proposed rule would allow the annually scheduled running of a foot race as part of a local community event.

DATES: Comments and related material must reach the Coast Guard on or before August 28, 2003.

ADDRESSES: You may mail comments and related material to Commander, Eighth Coast Guard District, Bridge Branch, 1222 Spruce Street, St. Louis, MO 63103-2832. Commander (obr) maintains the public docket for this rulemaking. Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, will become part of this docket and will be available for inspection or copying at room 2.107f in the Robert A. Young Federal Building at Eighth Coast Guard District, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Mr. Roger K. Wiebusch, Bridge Administrator, (314) 539-3900, extension 2378.

SUPPLEMENTARY INFORMATION:

Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related material. If you

do so, please include your name and address, identify the docket number for this rulemaking (CGD08-03-011), indicate the specific section of this document to which each comment applies, and give the reason for each comment. Please submit all comments and related material in an unbound format, no larger than 8½ by 11 inches, suitable for copying. If you would like to know they reached us, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period. We may change this proposed rule in view of them.

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for a meeting by writing to the Eighth Coast Guard District, Bridge Branch, at the address under **ADDRESSES** explaining why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

Background and Purpose

On February 19, 2003, the Department of the Army Rock Island Arsenal requested a temporary change to the operation of the Rock Island Railroad & Highway Drawbridge across the Upper Mississippi River, Mile 482.9 at Rock Island, Illinois to allow the drawbridge to remain in the closed to navigation position for a four hour period while a foot race is run across the drawbridge. Navigation on the waterway consists primarily of commercial tows and recreational watercraft that will be minimally impacted by the limited closure period of four hours. Presently, the draw opens on signal for passage of river traffic. The Rock Island Arsenal requested the drawbridge be permitted to remain closed-to-navigation from 7:30 a.m. until 11:30 a.m. on Sunday, September 28, 2003.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866, Regulatory Planning and Review, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

The Coast Guard expects that this temporary change to operation of the Rock Island Railroad & Highway

Drawbridge will have minimal economic impact on commercial traffic operating on the Upper Mississippi River. This temporary change has been written in such a manner as to allow for minimal interruption of the drawbridge's regular operation.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities. This proposed rule will be in effect for only 4 hours early on a Sunday morning, and the Coast Guard expects the impact of this action to be minimal.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (*see ADDRESSES*) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Mr. Roger K. Wiebusch, Bridge Administrator, Eighth Coast Guard District, Bridge Branch, at (314) 539-3900, extension 2378.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of

compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this proposed rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule will not affect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because

it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Environment

We have considered the environmental impact of this proposed rule and concluded that under figure 2–1, paragraph (32)(e), of Commandant Instruction M16475.1D, this rule is categorically excluded from further environmental documentation. Paragraph 32(e) excludes the promulgation of operating regulations or procedures for drawbridges from the environmental documentation requirements of the National Environmental Policy Act (NEPA). Since this proposed regulation would alter the normal operating conditions of the drawbridge, it falls within this exclusion. A “Categorical Exclusion Determination” is available in the docket for inspection or copying where indicated under **ADDRESSES**.

Regulations

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; Department of Homeland Security Delegation No. 0170.1; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

2. Effective 7:30 a.m. to 11:30 a.m. on September 28, 2003, § 117.T395 is added to read as follows:

§ 117.T395 Upper Mississippi River.

Rock Island Railroad and Highway Drawbridge, Mile 482.9, Upper Mississippi River.

From 7:30 a.m. to 11:30 a.m. on September 28, 2003 the drawspan need not open for river traffic and may be maintained in the closed-to-navigation position.

Dated: July 10, 2003.

R.F. Duncan,

Rear Admiral, Coast Guard, Commander, Eighth Coast Guard District.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Part 17

RIN 2900–AK94

Payment for Non-VA Physician Services Associated With Either Outpatient or Inpatient Care Provided at Non-VA Facilities

AGENCY: Department of Veterans Affairs.

ACTION: Proposed rule.

SUMMARY: This document proposes to amend Department of Veterans Affairs (VA) medical regulations concerning payment for non-VA physician services that are associated with either outpatient or inpatient care provided to eligible VA beneficiaries at non-VA facilities. Currently, the medical regulations require all VA facilities to reimburse for non-VA physician services based upon the Centers for Medicare and Medicaid Services (CMS) physician fee schedule in effect at the time the services are provided. However, it appears that special circumstances exist in the state of Alaska. If the standard payment methodology is implemented in Alaska, VA payments will be significantly less than the usual and customary charges for the state. This, in turn, may potentially limit VA patient access to non-VA health care. Since a large portion of VA health care provided in Alaska is obtained from non-VA sources, this could negatively impact the quality of care provided veterans living in that state. Therefore, to ensure that amounts paid to physicians better represent the local cost to furnish a service, while continuing to achieve program cost reductions, we propose to establish an Alaska-specific payment methodology for inpatient and outpatient non-VA physician services within that state.

DATES: Comments must be received by VA on or before September 29, 2003.
