

Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission's proceedings. It is available for viewing on the FERC Internet Web site (<http://www.ferc.gov>).

### Public Participation

You can make a difference by providing us with your specific comments or concerns about the project. Please focus your comments on the potential environmental effects, reasonable alternatives (including alternative locations), and measures to avoid or lessen environmental impact. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please mail your comments so they will be received in Washington, DC on or before November 24, 2003, and carefully follow these instructions:

- Send an original and two copies of your letter to: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426;
- Label one copy of the comments for the attention of Gas Branch 1, DG2E; and
- Reference Docket No. PF03-3-000 on the original and both copies.

The Commission strongly encourages you to file your comments electronically via the Internet, in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov> under the "e-Filing" link and the link to the User's Guide. Before you can file comments you will need to create a free account by clicking on "Login to File" and then "New User Account." You will be asked to select the type of filing you are making. This filing is considered a "Comment on Filing."

### Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance with eLibrary, the eLibrary helpline can be reached at 1-866-208-3676, TTY (202) 502-8659, or at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov). The eLibrary link on the FERC Internet website also provides access to the texts

of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to the documents. Go to [www.ferc.gov/esubscribenow.htm](http://www.ferc.gov/esubscribenow.htm).

Williston Basin has initiated public participation to provide a means of communication with participating stakeholders and has held three open houses near the proposed compressor station locations. To facilitate the communication effort, it has provided a single point of contact for the Grasslands Expansion Project in Mr. Keith Tiggelaar, Director of Regulatory Affairs, at 1-701-530-1560, e-mail [keith.tiggelaar@wbip.com](mailto:keith.tiggelaar@wbip.com). Additionally, Williston Basin will update its Grasslands Pipeline Web site ([www.grasslandspipeline.com](http://www.grasslandspipeline.com)) to include information on the Grasslands Expansion Project. If you have any further questions for Williston Basin regarding its planned project, we encourage you to contact their representatives to answer your questions and address your concerns.

Finally, any public meetings or site visits will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

October 8, 2003.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Preliminary Permit.
- b. *Project No.:* 12453-000.
- c. *Date filed:* March 18, 2003.
- d. *Applicant:* Deadwood Hydro LLC.
- e. *Name of Project:* Deadwood Dam Project.

f. *Location:* On the Deadwood River, in Valley County, Idaho, utilizing the Deadwood Dam which is administered by the U.S. Bureau of Reclamation.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Mr. Brent Smith, Deadwood Hydro LLC., P.O. Box 535, Rigby, ID 83442, (208) 745-0834.

i. *FERC Contact:* Robert Bell, (202) 502-6062.

j. *Deadline for filing comments, protests, and motions to intervene:* 60 days from the issuance date of this notice.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Project:* The proposed project utilizing the U. S. Bureau of Reclamation's Deadwood Dam and would consist of: (1) A proposed 300-foot-long, 120-inch-diameter steel penstock, (2) a proposed powerhouse containing generating unit having an installed capacity of 2.6 MW, (3) a proposed 10-mile-long, 15 kV transmission line, and (4) appurtenant facilities.

Applicant estimates that the average annual generation would be 25 GWh and would be sold to a local utility.

l. *Locations of Applications:* A copy of the application is available for inspection and reproduction at the Commission in the Public Reference Room, located at 888 First Street, NE., Room 2A, Washington DC 20426, or by calling (202) 502-8371. For assistance, call toll-free 1-866-208-3676 or e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov). For TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h. above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Competing Preliminary Permit:* Anyone desiring to file a competing application for preliminary permit for a proposed project must submit the competing application itself, or a notice

of intent to file such an application, to the Commission on or before the specified comment date for the particular application (*see* 18 CFR 4.36). Submission of a timely notice of intent allows an interested person to file the competing preliminary permit application no later than 30 days after the specified comment date for the particular application. A competing preliminary permit application must conform with 18 CFR 4.30(b) and 4.36.

*o. Competing Development Application:* Any qualified development applicant desiring to file a competing development application must submit to the Commission, on or before a specified comment date for the particular application, either a competing development application or a notice of intent to file such an application. Submission of a timely notice of intent to file a development application allows an interested person to file the competing application no later than 120 days after the specified comment date for the particular application. A competing license application must conform with 18 CFR 4.30(b) and 4.36.

*p. Notice of Intent:* A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be served on the applicant(s) named in this public notice.

*q. Proposed Scope of Studies under Permit:* A preliminary permit, if issued, does not authorize construction. The term of the proposed preliminary permit would be 36 months. The work proposed under the preliminary permit would include economic analysis, preparation of preliminary engineering plans, and a study of environmental impacts. Based on the results of these studies, the Applicant would decide whether to proceed with the preparation of a development application to construct and operate the project.

*r. Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, 385.214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments,

protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper; *See* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site under "e-filing" link. The Commission strongly encourages electronic filing.

*s. Filing and Service of Responsive Documents:* Any filings must bear in all capital letters the title "COMMENTS", "RECOMMENDATIONS FOR TERMS AND CONDITIONS", "PROTEST", OR "MOTION TO INTERVENE", as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

*t. Agency Comments:* Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

#### Notice of Application for Non-Project Use of Project Lands and Waters and Soliciting Comments, Motions To Intervene, and Protests

October 8, 2003.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Non-Project Use of Project Lands and Waters.
- b. *Project No.:* 199-203.
- c. *Date Filed:* August 11, 2003.
- d. *Applicant:* South Carolina Public Service Authority.

e. *Name of Project:* Santee-Cooper Project.

f. *Location:* Santee and Cooper Rivers (Lake Marion and Lake Moultrie) in Berkeley, Calhoun, Clarendon, Orangeburg, and Sumter Counties, South Carolina. The project occupies federal lands in the Francis Marion National Forest. The proposed action would involve project lands and waters located at Lake Marion.

g. *Filed pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r) and 799 and 801.

h. *Applicant Contact:* Mr. G. Denton Lindsay, Jr., Santee Cooper Property Management Division, One Riverwood Drive, P.O. Box 2946101, Moncks Corner, SC 29461-4003, (843) 761-8000.

i. *FERC Contact:* Any questions on this notice should be addressed to Diana Shannon, (202) 502-8887, or e-mail address: [diana.shannon@ferc.gov](mailto:diana.shannon@ferc.gov).

j. *Deadline for filing motions to intervene, protests, comments:* November 10, 2003.

The Commission's Rules of Practice and Procedure require all interveners filing a document with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the documents on that resource agency.

k. *Description of Proposed Action:* The Applicant seeks approval to use project lands and waters at Lake Marion for the Lake Marion Regional Water System Water Supply Project (Water Project). The applicant proposes to construct an intake structure and pump station in Orangeburg County, South Carolina. Raw water would be withdrawn from Lake Marion and delivered to a proposed water treatment plant, to be located on non-project lands approximately 1,000 feet from the intake. The treatment plant will have an initial capacity of 8 million gallons/day (MGD) and a maximum of up to 12 MGD. The licensee states that lake inflow is considered adequate to withstand the demand of the water treatment facility. The proposed structures (both on project and non-project lands) will remain the applicant's, therefore, no conveyance of project property rights is necessary. The applicant intends to sell the potable water to the Lake Marion Water Agency, which includes the City of Santee, the Town of Elloree, the City of Manning, the Town of St. George, and the Town of Holly Hill. The Water Project is divided into 5 smaller, independent
