Defense Federal Acquisition Regulation Supplement; Central Contractor Registration

AGENCY: Department of Defense (DoD).

ACTION: Interim rule with request for comments.

SUMMARY: DoD has issued an interim rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to remove policy on Central Contractor Registration (CCR) that duplicates policy added to the Federal Acquisition Regulation (FAR) on October 1, 2003. This rule also addresses requirements for use of Commercial and Government Entity (CAGE) codes to accommodate DoD payment systems.

DATES: *Effective date:* November 14, 2003.

Comment date: Comments on the interim rule should be submitted to the address shown below on or before January 13, 2004, to be considered in the formation of the final rule.

ADDRESSES: Respondents may submit comments directly on the World Wide Web at <http://emissary.acq.osd.mil/dar/dfars.nsf/pubcomm>. As an alternative, respondents may e-mail comments to: dfars@osd.mil. Please cite DFARS Case 2003-D040 in the subject line of e-mailed comments.

Respondents that cannot submit comments using either of the above methods may submit comments to: Defense Acquisition Regulations Council, Attn: Ms. Angelena Moy, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062; facsimile (703) 602-0350. Please cite DFARS Case 2003-D040.

SUPPLEMENTARY INFORMATION:

A. Background

This interim rule supplements the final FAR rule published at 68 FR 56669 on October 1, 2003 (FAC 2001-16; Item I). The FAR rule contained requirements for contractors to register in the CCR database prior to award of any contract or agreement. Similar policy had been in the DFARS since March 31, 1998 (63 FR 15316). Since the DFARS policy has been superseded by the FAR policy, this interim rule removes most DFARS policy pertaining to CCR. However, there is still a need to address requirements for CAGE code information to accommodate DoD payment systems. Therefore, this interim rule retains DoD requirements for inclusion of CAGE codes on contracts and in the CCR database.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule adds no new requirements for DoD contractors. The rule removes DFARS text that has become obsolete as a result of policy that has been added to the FAR, and retains existing DoD requirements for use of CAGE codes. Therefore, DoD has not performed an initial regulatory flexibility analysis. DoD invites comments from small businesses and other interested parties. DoD also will consider comments from small entities concerning the affected DFARS subparts in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 2003-D040.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

D. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense

that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule removes DFARS text that has become obsolete as a result of policy on Central Contractor Registration that was added to the FAR on October 1, 2003. In addition, this rule addresses DoD requirements for inclusion of CAGE codes on contracts and in the CCR database. The FAR does not address CAGE code requirements, and DoD payment offices cannot match to CCR without CAGE code information. Comments received in response to this interim rule will be considered in the formation of the final rule.

(a) *Definitions.* As used in this clause—
“Central Contractor Registration (CCR) database” means the primary Government repository for contractor information required for the conduct of business with the Government.

“Commercial and Government Entity (CAGE) code” means—

(1) A code assigned by the Defense Logistics Information Service (DLIS) to identify a commercial or Government entity; or

(2) A code assigned by a member of the North Atlantic Treaty Organization that DLIS records and maintains in the CAGE master file. This type of code is known as an “NCAGE code.”

“Data Universal Numbering System (DUNS) number” means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

“Data Universal Numbering System +4 (DUNS+4) number” means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see Subpart 32.11 of the Federal Acquisition Regulation) for the same parent concern.

“Registered in the CCR database” means that—

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database;

(2) The Contractor's CAGE code is in the CCR database; and

(3) The Government has validated all mandatory data fields and has marked the records "Active."

[DFARS Case 2002-D003]

Defense Federal Acquisition Regulation Supplement; Competition Requirements for Purchases From a Required Source

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement section 811 of the National Defense Authorization Act for Fiscal Year 2002 and section 819 of the National Defense Authorization Act for Fiscal Year 2003. Sections 811 and 819 address requirements for conducting market research before purchasing a product listed in the Federal Prison Industries (FPI) catalog, and for use of competitive procedures if an FPI product is found to be noncomparable to products available from the private sector. Section 819 also addresses limitations on an inmate worker's access to information and on use of FPI as a subcontractor.

EFFECTIVE DATE: December 15, 2003.

FOR FURTHER INFORMATION CONTACT: Ms. Michele Peterson, Defense Acquisition Regulations Council, OUSD(AT&L)DPAP(DAR), IMD 3C132, 3062 Defense Pentagon, Washington, DC 20301-3062. Telephone (703) 602-0311; facsimile (703) 602-0350. Please cite DFARS Case 2002-D003.

SUPPLEMENTARY INFORMATION:

A. Background

Section 811 of the National Defense Authorization Act for Fiscal Year 2002 (Pub. L. 107-107) added 10 U.S.C. 2410n, providing that (1) before purchasing a product listed in the FPI catalog, DoD must conduct market research to determine whether the FPI product is comparable in price, quality, and time of delivery to products available from the private sector; (2) if the FPI product is not comparable in price, quality, and time of delivery, DoD must use competitive procedures to acquire the product; and (3) in conducting such a competition, DoD must consider a timely offer from FPI for award in accordance with the

specifications and evaluation factors in the solicitation.

DoD published an interim rule at 67 FR 20687 on April 26, 2002, to implement section 811 of Public Law 107-107. On December 2, 2002, section 819 of the National Defense Authorization Act for Fiscal Year 2003 (Pub. L. 107-314) amended 10 U.S.C. 2410n to (1) clarify requirements for conducting market research before purchasing a product listed in the FPI catalog; (2) specify requirements for use of competitive procedures or for making a purchase under a multiple award contract if an FPI product is found to be noncomparable to products available from the private sector; (3) specify that a contracting officer's determination, regarding the comparability of an FPI product to products available from the private sector, is not subject to the arbitration provisions of 18 U.S.C. 4124(b); (4) specify that a DoD contractor may not be required to use FPI as a subcontractor; and (5) prohibit the award of a contract to FPI that would allow an inmate worker access to classified or sensitive information.

DoD published a proposed rule at 68 FR 26265 on May 15, 2003, to further implement the requirements of section 811 of Public Law 107-107, to implement section 819 of Public Law 107-314, and to address public comments received in response to the interim rule published on April 26, 2002. A discussion of the comments received in response to the proposed rule published on May 15, 2003, is provided below. DoD has adopted the proposed rule as a final rule without change.

1. *Comment:* FPI is not a small business concern and should not be permitted to participate in small business set-asides.

DoD Response: Concur that FPI is not a small business concern. The small business set-aside procedures in the rule apply only when an FPI product is found to be noncomparable to private sector products. In these situations, competitive procedures *must* be used and FPI *must* be given an opportunity to compete. Because the definition of competitive procedures in 10 U.S.C. 2410n includes procurements conducted in furtherance of the Small Business Act, the DFARS rule permits restriction of the competition to FPI and small business concerns.

2. *Comment:* The rule should prohibit a Federal contractor from being required to specify FPI products in the designs, specifications, or standards it develops for DoD.

DoD Response: Concur. Section 208.670 of the rule prohibits such an action.

3. *Comment:* The rule should clarify that DoD contracts, particularly architect-engineer contracts, should specify that FPI goods must be used to supply DoD unless excepted by 208.602. For example, DoD would not be permitted by law to procure office furniture as part of a consolidated or prime contract for the construction or renovation of a building if such a contracting method is used to preclude the necessity for a comparability determination or competitive procedures under sections 811 and 819.

DoD Response: Concur that consolidation of requirements merely to avoid a comparability determination or competitive procedures would be improper, as would any other action taken to circumvent statutory or regulatory requirements. However, consolidation where appropriate appears to be consistent with 10 U.S.C. 2410(e), which addresses the issue of subcontracting and specifically prohibits DoD from requiring a contractor to use FPI as a subcontractor or supplier. The provisions of 10 U.S.C. 2410(e) are reflected in the rule at 208.670.

4. *Comment:* A paragraph should be added to 208.670 to state that nothing in that section prohibits FPI from voluntarily entering into a subcontract with, or from being accepted as a subcontractor by, any prime contractor doing business with a DoD component.

DoD Response: Nothing in the rule precludes FPI from acting as a subcontractor. Specific mention of this subject in the rule is unnecessary.

5. *Comment:* The rule should clarify that use of multiple award schedule contracts is a legitimate competitive procedure.

DoD Response: This point is clear from the definition of "competitive procedures" at 208.601-70, which permits use of the procedures in FAR 6.102, to include the use of multiple award schedule contracts.

6. *Comment:* The first sentence of 208.602(a)(i) should make it clear that it is mandatory for contracting officers to conduct market research before purchasing a product listed in the FPI Schedule.

DoD Response: The first sentence of 208.602(a)(i) is an imperative statement and is clearly mandatory.

7. *Comment:* The way the rule is written, if FPI's product is found to be noncomparable in price, quality, and delivery time, FPI is given a second chance to meet these criteria through the competition phase. The rule should
