

Maine, requested that the Department initiate a changed circumstances review for the purposes of revoking the AD order on the subject merchandise. On May 2 and 7, 2003, L. R. Enterprises and Trumpet Island Salmon Farm Inc., respectively, submitted their requests to the Department for the initiation of a changed circumstances review for the purpose of revoking the AD order. All parties request that the Department grant revocation of the AD order retroactive to July 1, 2001, the first day of the period of review covered by the on-going fourth administrative review.

In accordance with 19 CFR 351.222(g), due to the lack of the domestic industry's interest, the Department finds that changed circumstances sufficient to warrant revocation may exist. Therefore, the Department is initiating a changed circumstances review under 19 CFR 351.216. This initiation will enable the Department to solicit comments from all interested parties to determine whether substantially all of the domestic producers support revocation of the order with respect to the subject merchandise. *See Certain Tin Mill Products from Japan: Final Results of Changed Circumstances Review, 66 FR 52109 (October 12, 2001).*

Scope of the Order

The product covered by this order is fresh, farmed Atlantic salmon, whether imported "dressed" or cut. Atlantic salmon is the species *Salmo salar*, in the genus *Salmo* of the family *salmoninae*. "Dressed" Atlantic salmon refers to salmon that has been bled, gutted, and cleaned. Dressed Atlantic salmon may be imported with the head on or off; with the tail on or off; and with the gills in or out. All cuts of fresh Atlantic salmon are included in the scope of the order. Examples of cuts include, but are not limited to: crosswise cuts (steaks), lengthwise cuts (fillets), lengthwise cuts attached by skin (butterfly cuts), combinations of crosswise and lengthwise cuts (combination packages), and Atlantic salmon that is minced, shredded, or ground. Cuts may be subjected to various degrees of trimming, and imported with the skin on or off and with the "pin bones" in or out.

Excluded from the scope are (1) fresh Atlantic salmon that is "not farmed" (*i.e.*, wild Atlantic salmon); (2) live Atlantic salmon; and (3) Atlantic salmon that has been subject to further processing, such as frozen, canned, dried, and smoked Atlantic salmon, or processed into forms such as sausages, hot dogs, and burgers.

The merchandise subject to this order is classifiable as item numbers 0302.12.0003 and 0304.10.4093 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS statistical reporting numbers are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Initiation of Changed Circumstances Antidumping Duty Administrative Review

Pursuant to sections 751(d)(1) and 782(h)(2) of the Act, the Department may revoke an antidumping or countervailing duty order, in whole or in part, based on a review under section 751(b) of the Act (*i.e.*, a changed circumstances review). Section 751(b)(1) of the Act requires a changed circumstances review to be conducted upon receipt of a request which shows changed circumstances sufficient to warrant review of a final affirmative antidumping determination. Section 351.222(g)(2) of the Department's regulations provides that the Department will conduct a changed circumstances review under 19 CFR 351.216 if the Secretary concludes from the available information that changed circumstances sufficient to warrant revocation or termination may exist. The Department may revoke an order (in whole or in part), if the Secretary determines that: (i) producers accounting for substantially all of the production of the domestic like product to which the order (or the part of the order to be revoked) pertains have expressed a lack of interest in the relief provided by the order, in whole or in part, or (ii) if other changed circumstances sufficient to warrant revocation exist. In this context, the Department has interpreted "substantially all" production normally to mean at least 85 percent of domestic production of the like product. *See Certain Tin Mill Products From Japan: Final Results of Changed Circumstances Review, 66 FR 52109 (October 12, 2001); see also, 19 CFR 351.208(c).* According to the record of this case the following are U.S. producers of fresh Atlantic salmon: L.R. Enterprises, Heritage Salmon Inc., Maine Nordic Salmon, Stolt Sea Farms Inc., Cypress Island Inc., Atlantic Salmon of Maine, and Trumpet Island Salmon Farm Inc. Based upon the statement of no interest by the U.S. producers referenced above, the Department determines that changed circumstances sufficient to warrant revocation may exist. Therefore, the Department is initiating this changed circumstances review.

We will publish in the **Federal Register** a notice of preliminary results of the AD changed circumstances review, in accordance with 19 CFR 351.221(b)(4) and 351.221(c)(3)(i), which will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed based on those results. As per 19 CFR 351.221(b)(4), interested parties will have an opportunity to comment. Interested parties may submit comments for consideration in the Department's preliminary results not later than 20 days after publication of this notice. Rebuttals to those comments may be submitted not later than 10 days following submission of the comments. All written comments must be submitted to the Department and served on all interested parties on the Department's service list in accordance with 19 CFR 351.303. The Department will issue its final results of review no later than 270 days after publication of this notice of initiation. During the course of this changed circumstances review, the current requirement for a cash deposit of estimated antidumping duties on all subject merchandise, including the merchandise subject to this changed circumstances review, will continue unless and until it is modified pursuant to the final results of this changed circumstances review or other administrative review.

This notice is in accordance with sections 751(b)(1) and 777(I)(1) of the Act and 19 CFR 351.216, 351.221(b), and 351.222(g)(3)(I).

Dated: May 16, 2003.

Jeffrey May,

Acting Assistant Secretary for Import Administration.

North Carolina State University; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 a.m. and 5 p.m. in Suite 4100W, U.S. Department of Commerce, Franklin Court Building, 1099 14th Street, NW., Washington, DC.

Docket Number: 03-015. Applicant: North Carolina State University,

Raleigh, NC 27695-7212. *Instrument:* Electron Beam Melting Machine, Model EBM S12. *Manufacturer:* Arcam AB, Sweden. *Intended Use:* See notice at 68 FR 16472, April 4, 2003.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. *Reasons:* The foreign instrument provides: (1) Melting or sintering of powdered materials with an electromagnetically controlled energy source, (2) maintaining the heat of a part during construction sufficiently to avoid thermally induced stress concentrations in the part and (3) fabrication in a vacuum to minimize porosities and impurities. Sandia National Laboratories advised May 13, 2003 that (1) these capabilities are pertinent to the applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value to the foreign instrument for the applicant's intended use.

We know of no other instrument or apparatus of equivalent scientific value to the foreign instrument which is being manufactured in the United States.

CONSUMER PRODUCT SAFETY COMMISSION

Proposed Collection; Comment Request; Clothing Textiles, Vinyl Plastic Film

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval of a collection of information from manufacturers and importers of clothing, and textiles and related materials intended for use in clothing. This collection of information is required in regulations implementing the Standard for the Flammability of Clothing Textiles (16 CFR part 1610) and the Standard for the Flammability of Vinyl Plastic Film (16 CFR part 1611). These regulations establish requirements for testing and recordkeeping for manufacturers and importers who furnish guarantees for products subject to the flammability standards for clothing textiles and vinyl plastic film. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from the Office of Management and Budget.

DATES: Written comments must be received by the Office of the Secretary not later than July 22, 2003.

ADDRESSES: Written comments should be captioned "Clothing Textiles and Film, Collection of Information" and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland, 20814. Written comments may also be sent to the Office of the Secretary by facsimile at (301) 504-0127 or by e-mail at cpssc-os@cpssc.gov.

FOR FURTHER INFORMATION CONTACT: For information about the proposed extension of the collection of information, or to obtain a copy of 16 CFR parts 1610 and 1611, call or write Linda L. Glatz, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, DC 20207;
