

Reciprocity History and Employment History. These topical modules were previously conducted in the SIPP 2001 Panel Wave 1 instrument. The 2004 Panel Wave 1 interviews will be conducted beginning February 1, 2004 and concluding on May 31, 2004.

Data provided by the SIPP are being used by economic policymakers, the Congress, state and local governments, and Federal agencies that administer social welfare or transfer payment programs, such as the Department of Health and Human Services and the Department of Agriculture. The SIPP represents a source of information for a wide variety of topics and allows information for separate topics to be integrated to form a single and unified database so that the interaction between tax, transfer, and other government and private policies can be examined. Government domestic policy formulators depend heavily upon the SIPP information concerning the distribution of income received directly as money or indirectly as in-kind benefits and the effect of tax and transfer programs on this distribution. They also need improved and expanded data on the income and general economic and financial situation of the U.S. population. The SIPP has provided these kinds of data on a continuing basis since 1983, permitting levels of economic well-being and changes in these levels to be measured over time. Monetary incentives to encourage non-respondents to participate is planned for all waves of the 2004 SIPP Panel.

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

AGENCY: Census Bureau.

Title: Current Population Survey, Annual Social and Economic Supplement—2004.

Form Number(s): CPS-580, CPS-580(L)SP, CPS-676, CPS-676(SP).

Agency Approval Number: 0607-0354.

Type of Request: Revision of a currently approved collection.

Burden: 32,500 hours.

Number of Respondents: 78,000.

Avg Hours Per Response: 25 minutes.

Needs and Uses: The purpose of this request for review is to obtain clearance for the Annual Social and Economic Supplement (ASEC), formerly known as the Annual Demographic Survey (ADS), which we will conduct in conjunction with the February, March, and April 2004 Current Population Survey (CPS). Congressional passage of the State Children's Health Insurance Program, or Title XXI, led to a mandate from Congress, in 1999, that the sample size for the CPS, and specifically the Annual Social and Economic Supplement (ASEC), be increased to a level whereby more reliable estimates can be derived for the number of individuals participating in this program at the state level. By administrating the ASEC in February, March, and April, rather than only in March as in the past, we have been able to achieve this goal. The Census Bureau, the Bureau of Labor Statistics (BLS), and the Department of Health and Human Services (HHS) sponsor this supplement.

The ASEC can be divided into five logical series of questions as follows: Work Experience; Personal Income and Noncash Benefits; Household Noncash Benefits; Welfare Reform Items; and Migration.

ASEC data are used by social planners, economists, Government officials, and market researchers to gauge the social and economic well-being of the Nation as a whole, and selected population groups of interest.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 U.S.C., Section 182 and Title 29 U.S.C., Sections 1-9.

OMB Desk Officer: Susan Schechter, (202) 395-5103.
