

SUPPLEMENTARY INFORMATION: NOSAC is a Federal advisory committee under 5 U.S.C. App. 2 (Pub. L. 92-463, 86 Stat. 770, as amended). It consists of 14 regular members who have particular knowledge and experience regarding offshore technology, equipment, safety and training and environmental expertise in the exploration or recovery of offshore mineral resources. It provides advice and makes recommendations to the Assistant Commandant for Marine Safety, Security and Environmental Protection on safety, security and rulemaking matters relating to the offshore mineral and energy industries. This advice assists us in formulating the positions of the United States in advance of meetings of the International Maritime Organization.

NOSAC meets twice a year, with one of these meetings being held at Coast Guard Headquarters in Washington, DC. It may also meet for extraordinary purposes. Its subcommittees and working groups may meet to consider specific problems as required.

We will consider applications received in response to this notice for three positions that expire or become vacant in January 2004. Applications should reach us by September 30, 2003, but we will consider applications received later if they arrive before we make our recommendations to the Secretary of Homeland Security.

To be eligible, applicants should have experience in one of the following categories: (1) Offshore operations, (2) diving services, or (3) pipelaying services. Please state on the application form which of the three categories you are applying for. Each member normally serves a term of 3 years or until a replacement is appointed. A few members may serve consecutive terms. All members serve at their own expense and receive no salary, reimbursement of travel expenses, or other compensation from the Federal Government.

In support of the policy of the Coast Guard on gender and ethnic diversity, we encourage qualified women and members of minority groups to apply.

If you are selected as a member who represents the general public, we will require you to complete a Confidential Financial Disclosure Report (OGE Form 450). We may not release the report or the information in it to the public, except under an order issued by a Federal court or as otherwise provided under the Privacy Act (5 U.S.C. 552a).

Dated: July 14, 2003.

J.G. Lantz,

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS) and associated Resource Management Plans (RMP) for three Bureau of Land Management (BLM) field offices in Northeast California and Northwest Nevada: The Eagle Lake Field Office, the Alturas Field Office, and the Surprise Field Office.

SUMMARY: This document provides notice that the BLM intends to prepare an Environmental Impact Statement and associated Resource Management Plans for three BLM Field Offices located in Northeast California and Northwest Nevada: The Eagle Lake Field Office, the Alturas Field Office, and the Surprise Field Office. The three field offices encompass approximately 3 million acres of public lands, with the Eagle Lake Field Office headquartered in Susanville, California, the Alturas Field Office in Alturas, California, and the Surprise Field Office in Cedarville, California. New Resource Management Plans (RMPs) are needed because current management direction for the three million acres of public land managed by the Alturas, Eagle Lake, and Surprise Field Offices is contained in 18 separate land use plans and subsequent amendments. These plans, while providing a broad overview of goals, objectives, and needs associated with public lands, would benefit from updating. The RMPs will fulfill the needs and obligations set forth by the National Environmental Policy Act (NEPA), the Federal Land Policy and Management Act (FLPMA), and BLM management policies. The BLM will work collaboratively with interested
